## LIST OF TABLES

- 3.2.1 Details of cyclonic storms along North Gujarat coast (1893-1999).
- 3.3.1 Water quality of the Gulf during premonsoon (1993-2004).
- 3.3.2 Water quality of the Gulf during postmonsoon (1993-2004)
- 3.3.3 Subtidal sediment quality of the Gulf during premonsoon (1994-2005)
- 3.3.4 Subtidal sediment quality of the Gulf during postmonsoon (1993-2004)
- 3.3.5 List of algae recorded along the intertidal zone of the Gulf.
- 3.3.6 Biological characteristics of the Gulf during premonsoon (1981-2005).
- 3.3.7 Biological characteristics of the Gulf during postmonsoon (1984-2004).
- 3.3.8 Mangrove areas and status of occurrence of major species of Gujarat.
- 3.3.9 Distribution of corals in the Gulf
- 3.3.10 List of water birds in the Gulf.
- 4.3.1 Water quality at station 1 off Vandh during December 2008.
- 4.3.2 Water quality at station 2 off Vandh during December 2008.
- 4.3.3 Water quality at station 3 off Vandh during December 2008.
- 4.3.4 Water quality at station 4 off Vandh during December 2008.
- 4.3.5 Water quality at station 5 off Vandh during December 2008.
- 4.3.6 Water quality at station 6 off Vandh during December 2008.
- 4.4.1 Sediment quality off Vandh during December 2008.
- 4.5.1 (a) Mangrove areas and status of occurrence of major species of Gujarat (b) Composition and ecological status of mangroves and obligate halophytes off Mundra.
- 4.5.2 Range and average (parenthesis) at different stations off Vandh during December 2008.
- 4.5.3 Range and average (parenthesis) of phytoplankton population at different stations off Vandh during December 2008.
- 4.5.4 Distribution of phytoplankton population at different stations off Vandh during December 2008.

- 4.5.5 Range and average (parenthesis) of zooplankton production off Vandh during December 2008.
- 4.5.6 Distribution of zooplankton off Vandh during December 2008.
- 4.5.7 Total counts, average (parenthesis) of decapod larvae, fish eggs and fish larvae off Vandh during December 2008.
- 4.5.8 Range and average (parenthesis) of intertidal macrobenthos at different water level off Vandh during December 2008.
- 4.5.9 Composition (%) of intertidal macrobenthic fauna in coastal water off Vandh during December 2008.
- 4.5.10 Range and average (parenthesis) of subtidal macrobenthic fauna off Vandh during December 2008.
- 4.5.11 Composition (%) of subtidal macrobenthos in coastal water off Vandh during December 2008.
- 4.5.12 Marine fish landings ( $t \times 10^3/y$ ) of Gujarat State and districts adjoining the Gulf.
- 4.5.13 Composition of marine fish landings (t/y) of Kachchh District during 1997-98, 1998-99, 2000-01, 2002-03, 2004-05 and 2005-06.
- 4.5.14 Monthwise composition of marine fish landings (t) of Kachchh District during 2002-03.
- 4.5.15 Marine fish landings ( $t \times 10^3/y$ ) of Kachchh District and its comparison with the landing at Mundra.
- 4.5.16 Composition of marine fish landings (t/y) at Mundra during 1994-2006.
- 4.5.17 Monthwise marine fish landings (t) around Mundra during 2005-06.
- 4.5.18 Composition of marine fish landings (t) around Mundra during 2005-06.
- 4.5.19 Districtwise fishing villages, fishermen, boats and fishing gears (2003) of Kachchh District.
- 4.5.20 Village wise fishermen, boats and fishing gears around Mundra.
- 4.5.21 Species composition of fish catch off Tunda-Vamdh during April/May 2007
- 4.5.22 Species composition of fish catch off Tunda-Vandh during October/November 2007.
- 4.5.23 Check list of birds recorded in the study area (Mundra).

## LIST OF FIGURES

- 1.4.1 Gulf and the surrounding region.
- 1.4.2 Sampling locations
- 2.0.1 Satellite imagery of the Gulf segment off Mundra/Vandh.
- 2.2.1 Photograph showing the proposed site for effluent channel (High water mark).
- 2.2.2 Photograph showing the proposed site for effluent channel (Low water mark).
- 2.4.1 Layout of the proposed development.
- 4.2.1 Tide collected at Kotdi Creek during 4 to 12 January 2006.
- 4.2.2 Observed tide at Kotdi Creek 1 to 30 April 2006.
- 4.2.3 Current speed and components at station 2 during January 2006.
- 4.2.4 Current speed and components at station 2 during April 2006.
- 4.2.5 Current speed and direction at station 2 during December 2008.
- 4.2.6 Drogue trajectory at station 2 (Ebb-Flood-Ebb) during January 2006.
- 4.2.7 Drogue trajectory at station 2 (Flood-Ebb-Flood) during January 2006.
- 4.2.8 Drogue trajectory at station 2 (Flood-Ebb) during December 2008.
- 4.2.9 Drogue trajectory at station 2 (Ebb-Flood) during December 2008.
- 4.3.1 Water quality (—●— S) and (—○— B) at station 2 during December 2008.
- 4.5.1 Temporal variation of phytopigments at station 2 during December 2008.
- 4.5.2 Temporal variation of zooplankton at station 2 during December 2008.
- 6.1.1 Comparison of simulation and observed currents at Station 2 (Spring).
- 6.1.2 Comparison of simulation and observed currents at Station 2 (Neap).
- 6.1.3 Modeled temperature distribution during peak flood tide (Spring).
- 6.1.4 Modeled temperature distribution during peak ebb tide (Neap).
- 6.1.5 Modeled temperature distribution during peak lowest low water tide (Spring).
- 6.1.6 Time series of temperature variations in intake channel.
