1. INTRODUCTION:

The Tata Power Company Limited (TPC) is among the largest private sector Power Utility companies in India with presence in Generation, Transmission and Distribution of Power through conventional and renewable sources.

Coastal Gujarat Power Limited (CGPL), Tata Power's wholly-owned subsidiary, has implemented the 4000 MW (800 x 5 units) UMPP near the port city of Mundra in the state of Gujarat in India. This UMPP is India's first 800 MW unit thermal power plant using supercritical technology. CGPL operates on imported coal on pulverized coal-based boiler technology. The generating plant is in Tunda village of Mundra district in the state of Gujarat, India. CGPL has a complete Fire Fighting Detection, Prevention and Fire Fighting Systems in place to secure its property and personnel and require services of competent parties having expertise in Fire Fighting System Management to manage its

Fire Station, Operation of Fire Fighting vehicle and other fire prevention and fire-fighting related services on round the clock 24x7 basis at CGPL site throughout the year.

The tendering/ procurement activities for this Project are being managed from Tata Power's following Office:

Smart Center of Procurement Excellence (SCOPE),
Corporate Contracts,
The Tata Power Company Limited,
2nd Floor, Sahar Receiving Station, Near Hotel Leela,
Sahar Airport Road, Andheri East, Mumbai – 400 059.
Maharashtra, India.
