After investing ₹4k cr, Udaan eyes 100% growth in FY22

PRESS TRUST OF INDIA
New Delhi, June 15

UDAAN HAS INVESTED over ₹4,000 crore in the past 12-18 months across technology, supply chain, and others areas, and is aiming for 100% year-on-year growth this financial year, according to co-founders of the B2B e-commerce firm.

Udaan co-founders Amod Malviya, Sujat Kumar, and Vaibhav Gupta, in an internal mail on Tuesday, highlighted that the company has completed five years of operations this week. "What started off as an idea to transform the trade ecosystem in the country by solving problems of millions of small businesses across Bharat leveraging

technology, is today a reality. We are well on track to become India's largest e-commerce platform, not just the biggest e-commerce platform," they said.

Over the years, Udaan's business model has continued to evolve as per the market requirements and become sharper, the founders said in their note. "We have invested more than ₹4,000 crore in the past 12-18 months across different pillars. This is already showing in our growth and we continue to aim for 100% y-o-y growth this financial year," they said.

Basmati GI in EU: India says Pak's claim unfounded

FE BUREAU
New Delhi, June 15

INDIA HAS HARDENED its stance on seeking exclusive geographical indication (GI) tag from the European Union (EU) on basmati rice. The country's Permanent Representative to Unesco, Vishal V Sharma, has categorically said Pakistan "cannot use the trademark basmati" even as exporters in the neighbouring country have been clamouring for a joint approval.

"It is a question of intangible cultural legacy of India. The creation of Pakistan was on the basis of rejection of the Indian identity, history and culture. Else, why Partition? Hence, one is free to grow what one wants in Pakistan, but cannot use the trademark basmati," Sharma said in a tweet.

After India filed to register the name 'basmati' under GI in the EU in 2018, the European Commission last year sought public comments that prompted Pakistan to hurriedly pass a GI law and also claim trademark over "basmati".

Reports in Pakistan media suggested that exporters of the aromatic rice varieties in both countries wanted joint claim over the trademark. However, All India Rice Exporters Association (AIREA) has termed such reports mischievous and said the industry body is with the government.

"India's application for registration of basmati rice as GI in EU was placed in public domain for comments. The comments are under evaluation in EU. We have waited and watched for the moment," said Vinod Kaul, executive director of AIREA.

Last week, commerce minister Piyush Goyal had a meeting with civil aviation minister HS Pruthi on increasing India's share in basmati rice exports.

Pakistan cannot claim historic reputation based on 'origin theory' in basmati, said Chandrasekar, a trade policy analyst and author of a book on basmati GI. "Besides, Pakistan had changed its map in August 2020 to include Jammu and Kashmir. When both nations apply for a joint status, Pakistan would be presenting J&K as its integral part where basmati rice is grown. India, too, will include J&K. This will create problems for both, but more importantly, in case of a joint application it would look as if India is endorsing Pakistan's map," Chandrasekar said.

Considering the past instances of attempts to sell aromatic rice of other countries under basmati, registration under GI will help India protect the name legally.

Basmati rice is grown below the foothills of the Himalayas in the Indo-Gangetic plains, which includes some areas in Pakistan. But the application by India doesn't mention Pakistan. The government recognises 34 Indian rice varieties, both traditional and evolved, as basmati, while Pakistan has also a few more. India's basmati exports to EU countries dropped 9% to \$207 million during FY20, but surged by nearly 50% in FY21 to around \$300 million. The EU has a share of about 8% in India's total basmati rice exports of around \$4 billion.
