

TAILORED SOLUTIONS FOR ENERGY EXCELLENCE

EMPOWERING COMMUNITIES

POWERING COMMUNITY TRANSFORMATION THROUGH

Collaboration with stakeholders

Optimal Utilization of Resources

Improving access & creating opportunities

Institutionalization & Standardization

Impact on Community and Co-ownership

Technology Enablement

In a free enterprise, the community is not just another stakeholder, but is in fact the very purpose of its existence.

Jamsetji Tata

TATA Power strongly believes in resource conservation, energy efficiency, habitat protection and the enrichment and development of local communities in and around our areas of operations. TATA Power understands that it must function in tandem with its stakeholders to make

significant progress on sustainability. Our track record - a century of innovation and leadership in the energy industry - gives us the confidence to find ways that address sustainability issues in a manner that will deliver benefits to our customers, our shareholders and to society.

Sustainability being our core philosophy, TATA Power leads the way in generation of non-emitting sources of energy that provide low-cost electricity and help reduce carbon emissions. With more than 1/3rd of clean energy portfolio and a target to continue active annual sourcing of 100% RE through FY30, TATA Power comprises the entire gamut of alternate sources to power the nation.

TATA POWER TRADING COMPANY LIMITED

INDIA'S LARGEST INTEGRATED POWER COMPANY
