The following statement sets out all the material facts relating the Resolution Nos. 1 to 11 to be passed as mentioned in the accompanying Notice:

In terms of Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') as amended, any transaction with a related party shall be considered material, if the transaction(s) entered into/to be entered into individually or taken together with the previous transactions during a financial year, exceeds ₹ 1,000 crore or 10% of the annual consolidated turnover of the Company as per the last audited financial statements of the Company, whichever is lower, and shall require prior approval of Members by means of an ordinary resolution. The said limits are applicable even if the transactions are in the ordinary course of business of the concerned company and at an arm's length basis.

Further, as per Regulation 2(1)(zc) of the Listing Regulations, the definition of Related Party Transaction ('RPT') includes a transaction involving a transfer of resources, services or obligations between a listed entity or any of its subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand, regardless of whether a price is charged or not.

Accordingly, Resolution Nos. 1 to 11 are placed for approval of the Members of the Company.

Item No.1:

Background, details and benefits of the transaction

PT Kaltim Prima Coal ('KPC') is a joint venture between The Tata Power Company Limited ('TPCL'/'the Company') and PT Sitrade Coal, PT Bhumi Resources Tbk and Mountain Netherlands Investments B.V. KPC was established in the Republic of Indonesia based on Deed of Establishment No. 28, dated March 9, 1982, drawn up before Warda Sungkar Alurmei, S.H., Notary in Jakarta, approved by the Ministry of Justice in Decree No. Y.A.5/208/25 dated March 16, 1982 PT. TPCL holds 30% interest in KPC. The scope of its activities comprises the exploration, development, mining and marketing of coal. Tata Power International Pte Limited ('TPIPL'), an investment company, is a wholly owned subsidiary of the Company which is exploring to enter into business of coal supply.

Coastal Gujarat Power Limited (a wholly owned subsidiary of TPCL, which has merged with TPCL) entered into Coal Sales Agreement with KPC dated October 31, 2008 for a long term coal supply. The Initial Coal Sales Agreement had been amended and modified several times, the latest by Twelfth Amendment dated April 26, 2022 ('Twelfth Amendment'). The term 'Coal Sales Agreement' hereinafter, will mean to include all twelve amendments for sourcing coal from KPC on Free on Board ('FoB') basis price linked to HBA (Government of Indonesia notified monthly benchmark pricing). HBA was reconstructed in February 2023 and again further reconstructed in July 2023 by the Minister of Energy and Mineral Resources, Indonesia. Pricing of Melawan 5000 GAR coal linked to HBA index was found higher due to unprecedented escalation of various geopolitical turbulences, supply demand mismatch, etc. To have a cost-effective procurement solution for Mundra, the Company and/or TPIPL or both may enter into a term contract with KPC to source coal under Indonesian Coal Index ('ICI') index-based pricing and shall evaluate sourcing of coal from KPC with market based relevant cost-effective approach from time to time.

The transactions by the Company and/or TPIPL or both with KPC not only helps smoothen business operations for both the companies, but also ensures consistent flow of desired quality and quantity of goods and services without interruption and generation of revenue and business for both the companies to cater to their business requirements.

Item No. 11:

Background, details and benefits of the transaction

TP Northern Odisha Distribution Limited ('TPNODL') is an unlisted subsidiary of The Tata Power Company Limited ('TPCL'/'the Company'). TPNODL is a joint venture between TPCL, which holds 51% of its equity share capital and GRIDCO Limited ('GRIDCO'), which holds 49% of its equity share capital. Consequently, TPNODL an unlisted subsidiary of the Company and GRIDCO being a related party of TPNODL, both are related parties.

TPNODL is primarily engaged in the business to carry out the function of distribution and retail supply of electricity covering the distribution circles in the Northern part of the State of Odisha for a period of 25 years effective April 1, 2021. Hon'ble Odisha Electricity Regulatory Commission (OERC), through its Vesting Order dated March 25, 2021, transferred the license of Northern Electricity Supply Company of Odisha (NESCO) Utility to the Company.

As per the provisions of the vesting order dated March 25, 2021, TPNODL will be obligated to meet the full extent of its power purchase requirement through Power Purchase Agreements ('PPAs') entered into by GRIDCO to fulfil TPNODL power purchase needs, until GRIDCO expresses its inability to meet those requirements.

GRIDCO is involved in the business of bulk purchase and supply of electricity to distribution companies in Odisha ('Discoms') and trading of surplus power through traders and power exchanges. The Government of Odisha has also notified GRIDCO as the "State Designated Entity" ('SDE') for execution of PPAs with the various developers generating energy. GRIDCO's existence as the SDE to procure power on behalf of the State of Odisha for bulk supply to the Discoms for onward retail sale to the end consumers of the State is consistent with the provisions under Sections 14 and 131 of the Electricity Act, 2003.

The management has provided the Audit Committee of Directors ('Audit Committee') with the relevant details of various proposed RPTs including material terms and basis of pricing. All Independent Directors on the Audit Committee, after reviewing all necessary information, have granted approval for entering into the RPTs between TPNODL and GRIDCO for an aggregate value not exceeding ₹ 3,000 crore to be entered into during FY26. The Audit Committee has noted that the transactions to be entered into between TPNODL and GRIDCO will be on an arm's length basis and in the ordinary course of business of both the parties.
