TATA POWER CLUB ENERJI
Lighting up lives!

EXIT

I, a proud member of Tata Power Club Enerji, pledge today to endeavour in spreading the message of Say No To Plastic in my home and neighbourhood, not only by showing and educating everyone I know the importance of banning the use of plastic, but also by demonstrating it through implementing it in my daily life. I promise to continue not using plastics, and in doing so, keep contributing to the welfare and preservation of our fragile planet and everyone living in it; and create a better world for generations to come.
