

Tata Power brings Club Enerji to Ajmer, Rajasthan

Ajmer and Jaipur, 20th February, 2018: Club Enerji, Tata Power's nationwide energy and resources conservation movement, has constantly worked towards spreading the message of responsible citizenship by conservation of energy and natural resources. Taking this commitment forward, Tata Power Ajmer Distribution Limited (TPADL) launched Club Enerji in Ajmer.

Through this initiative, Tata Power wishes to involve school children, the decision makers of tomorrow, to play a vital role in not only propagating efficient usage of energy but also furthering the larger cause of educating the society on resource conservation. TPADL set up its first Energy Club at Rajkiya Balika Sr. Secondary School, Ramnagar, Ajmer. A total of 55 enthusiastic students participated in the session. Club Energy is now working towards extending the campaign to other schools in the city, thereby, attaining the desired target of sensitizing maximum number of citizens.

Speaking on the occasion, **Mr. Anil Sardana, CEO & MD, Tata Power**, said, *"We are overwhelmed by the enthusiastic support shown by the school for this drive. We believe these students will be the ambassadors for energy conservation and spread the message to their family, society and the community at large. We pledge to spread the message of energy conservation to as many citizens as possible"*.

Recognising the immense value that schools and school children can bring to the initiative, Club Enerji was started in 2007 to propagate efficient usage of energy, and to educate the society on climate change issues. Till date, the movement has been successfully implemented in cities like Mumbai, Delhi, Ahmedabad, Pune, Ranchi, Jamshedpur, Belgaum, Lonavala, Bengaluru and Kolkata.

About Tata Power:

Tata Power is India's largest integrated power company with a growing international presence. The Company together with its subsidiaries and jointly controlled entities has an installed gross generation capacity of 10757 MW and a presence in all the segments of the power sector viz. Fuel Security and Logistics, Generation (thermal, hydro, solar and wind), Transmission, Distribution and Trading. It has successful public-private partnerships in Generation, Transmission and Distribution in India namely "Tata Power Delhi Distribution Limited" with Delhi Government for distribution in North Delhi, 'Powerlinks Transmission Ltd.' with Power Grid Corporation of India Ltd. for evacuation of Power from Tala hydro plant in Bhutan to Delhi and 'Maithon Power Ltd.' with Damodar Valley Corporation for a 1050 MW Mega Power Project at Jharkhand. Tata Power is serving more than 2.6 million distribution consumers in India and has developed the country's first 4000 MW Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology. It is also one of the largest renewable energy players in India with a clean energy portfolio of 3417 MW. Its international presence includes strategic investments in Indonesia through a 30% stake in the leading coal company PT Kaltim Prima Coal (KPC), 26% stake in mines at PT Baramulti Suksessarana Tbk ("BSSR"); in Singapore through Trust Energy Resources to securitize coal supply and the shipping of coal for its thermal power generation operations; in South Africa through a joint venture called 'Cennerg' to develop projects in sub-Sahara Africa; in Zambia through 50:50 joint venture with ZESCO for 120 MW Hydro which has become operational in 2016; in Georgia through AGL which is a joint venture with Clean Energy, Norway & IFC for development of 187 MW hydro project and in Bhutan through a hydro project in partnership with The Royal Government of Bhutan. With its track record of technology leadership, project execution excellence, world class safety processes, customer care and driving green initiatives, Tata Power is poised for a multi-fold growth and committed to 'lighting up lives' for generations to come".
