

## Tata Power capitalizes on synergies within Tata group - launches IoT based asset tracking solution enabled by Tata Communications

**National, 9<sup>th</sup> March 2018:** Tata Power, India's largest integrated power company selects Tata Communications to launch its IoT based, asset-tracking, automation solution in Mumbai.

Tata Power worked on a state-of-the-art IoT solution to create process efficiency in monitoring and harnessing insights from the data collected from an internal Geographical Information System (GIS). This solution also allows for various features like asset trace log on a periodic basis and Geo Fence breach alerts. It also allows for information to be converted into actionable insights in real-time which in turn will help drive operational efficiencies.

Speaking on the side-lines of this launch, **Mr Ashok Sethi, COO & ED, Tata Power** said, *"We, at Tata Power, have always ensured that we are the lead adopters of technology. The asset tracking solution would enable Tata Power to improve its operational efficiency through tracking real time movement of assets"*

**VS Shridhar, Sr. Vice President & Head – Internet of Things, Tata Communications**, said, *"The Internet of Things is changing the way we look at everyday life. Access agnostic and interoperable devices, machine to machine communication and an intelligent set of appliances is changing the world order as we know it and we are pleased to be able to lead this from the front. Tata Communications has already lit the network for IoT across 38 cities in India and we plan to touch over 400 million customers in the first phase itself. It's been an honour to work with Tata Power, shoulder-to-shoulder, in lighting up the Asset-tracking solution and adding momentum to this revolution in India."*

### About Tata Power:

Tata Power is India's largest integrated power company with a growing international presence. The Company together with its subsidiaries and jointly controlled entities has an installed gross generation capacity of 10757 MW and a presence in all the segments of the power sector viz. Fuel Security and Logistics, Generation (thermal, hydro, solar and wind), Transmission, Distribution and Trading. It has successful public-private partnerships in Generation, Transmission and Distribution in India namely "Tata Power Delhi Distribution Limited" with Delhi Vidyut Board for distribution in North Delhi, 'Powerlinks Transmission Ltd.' with Power Grid Corporation of India Ltd. for evacuation of Power from Tala hydro plant in Bhutan to Delhi and 'Maithon Power Ltd.' with Damodar Valley Corporation for a 1050 MW Mega Power Project at Jharkhand. Tata Power is serving more than 2.6 million distribution consumers in India and has developed the country's first 4000 MW Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology. It is also one of the largest renewable energy players in India with a clean energy portfolio of 3417 MW. Its international presence includes strategic investments in Indonesia through a 30% stake in the leading coal company PT Kaltim Prima Coal (KPC), 26% stake in mines at PT Baramulti Suksessarana Tbk ("BSSR"); in Singapore through Trust Energy Resources to securitize coal supply and the shipping of coal for its thermal power generation operations; in South Africa through a joint venture called 'Cennergi' to develop projects in sub-Saharan Africa; in Zambia through 50:50 joint venture with ZESCO for 120 MW Hydro which has become operational in 2016; in Georgia through AGL which is a joint venture with Clean Energy, Norway & IFC for development of 187 MW hydro project and in Bhutan through a hydro project in partnership with The Royal Government of Bhutan. With its track record of technology

leadership, project execution excellence, world class safety processes, customer care and driving green initiatives, Tata Power is poised for a multi-fold growth and committed to 'lighting up lives' for generations to come". Visit us at: [www.tatapower.com](http://www.tatapower.com)
