Dear Sirs,

Sub: Award of Letter of Intent (LOI) to the Company by The Odisha Electricity Regulatory Commission (OERC) to own the licence for the distribution and retail supply of electricity in CESU

This is to inform you that, vide Letter of Intent (LOI) issued by The Odisha Electricity Regulatory Commission (OERC), the Company has been selected as the successful bidder to own the licence for the distribution and retail supply of electricity in Odisha's five circles, together constituting Central Electricity Supply Utility of Odisha (CESU).

The five electrical circles constituting CESU are the areas of Bhubaneswar (Electrical Circle - I and II), Cuttack, Paradip and Dhenkanal. The license is being offered for 25 years initially.

The proposed sale of CESU to the Company will be through the formation of a Special Purpose Vehicle (SPV) entity in which the Government of Odisha will own 49% in the equity share capital and the Company will hold balance 51% with their management.

The details, as required under Regulation 30 read with Schedule III to the Securities and Exchange Board of India (Listing Obligations and Disclosures Requirements) Regulations, 2015 and SEBI Circular dated 9th September 2015, are mentioned hereunder:

Tata Power gets Letter of Intent for the acquisition of CESU Power Distribution in Odisha

~With the acquisition of CESU, Tata Power's consumer base would double and increase to 50 lakhs~

Mumbai, 20th December 2019: The Odisha Electricity Regulatory Commission (OERC) today awarded the Letter of Intent (LOI) to The Tata Power Company Limited informing the Company's selection as the successful bidder to own the licence for the distribution and retail supply of electricity in Odisha's five circles, together constituting Central Electricity Supply Utility of Odisha (CESU).

The five electrical circles constituting CESU are the areas of Bhubaneswar (Electrical Circle - I and II), Cuttack, Paradip and Dhenkanal. The license is being offered for 25 years initially.

CESU is spread over 30000 Sq km with population of over 1.4 Crore and consumer base of 2.5 million. The average demand of CESU is around 1,300MW with the annual input energy of 8,400MUs (FY 2018). Presently, Tata Power has total consumer base of 2.5 million across Mumbai, Delhi and Ajmer and with acquisition of CESU, its consumer base would double and touch 5 million consumers.

The proposed sale of CESU to Tata Power will be through the formation of a special purpose vehicle entity. Tata Power has been informed that Government of Odisha will own 49% equity stake in the proposed SPV and Tata Power will hold 51% equity with their management.

"Tata Power has several successful public-private partnerships in generation, transmission & distribution in the country. Recently, our focus has been on increasing the Company's existing footprint in distribution of electricity through Public-Private-Partnerships (PPP) with discoms. This tie up with CESU is the latest such partnership in the distribution business," said **Mr Praveer Sinha, CEO & MD, Tata Power.**

"We hope to transform Orissa distribution system with 24 x7 reliable power and unmatched customer services with extensive social engagement using our existing experience in distribution of electricity in Delhi, Mumbai and Ajmer." said **Mr. Sanjay Banga-President-T &D, Tata Power.**

Tata Power has vast experience in power distribution sector with its presence in Mumbai, Delhi and Ajmer. Tata Power has been a benchmark performer in Delhi, wherein similar PPP model was formed after privatisation of Delhi Vidut Board in 2002. AT & C losses have been brought down from a high of 53% in 2002 to around 8%.

About Tata Power:

Tata Power is India's largest integrated power company and, together with its subsidiaries & jointly controlled entities, has an installed capacity of 10,763 MW. A pioneer in the field, it has a presence across the entire power value chain:

Generation of renewable as well as conventional power including hydro and thermal energy; transmission & distribution, trading and coal & freight logistics. With renewable energy assets in solar and wind accounting for 30% of the company's portfolio, Tata Power is a leader in clean energy generation. In line with the company's view on sustainable and clean energy development, Tata Power is steering the transformation of utilities to integrated solutions by looking at new business growth in EV charging & storage, distributed generation & rooftops, microgrids and home automation & smart meters. It has successful public-private partnerships in generation, transmission & distribution in India namely: 'Tata Power Delhi Distribution Ltd.' with Delhi Vidyut Board for distribution in North Delhi; 'Tata Power Ajmer Distribution Ltd.' with Ajmer Vidyut Vitran Nigam Ltd. for distribution in Ajmer; 'Powerlinks Transmission Ltd.' with Power Grid Corporation of India Ltd. for evacuation of Power from Tala hydro plant in Bhutan to Delhi; 'Maithon Power Ltd.' with Damodar Valley Corporation for a 1050 MW Mega Power Project at Jharkhand. Tata Power is serving more than 2.6 million distribution consumers in India and has developed the country's first 4000 MW Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology.

With growing international focus, Tata Power's global presence includes strategic investments in Indonesia through a 30% stake in the coal company PT Kaltim Prima Coal (KPC); 26% stake in mines at PT Baramulti Suksessarana Tbk (BSSR); in Singapore through Trust Energy Resources; in South Africa through a joint venture called 'Cennergı' to develop projects in sub-Sahara Africa; in Zambia through a 50:50 joint venture with ZESCO for 120 MW Hydro project; in Georgia through AGL which is a joint venture with Clean Energy, Norway & IFC for development of 187 MW hydro project; in Bhutan through a hydro project in partnership with The Royal Government of Bhutan.

With its 103 years track record of technology leadership, project execution excellence, world-class safety processes, customer care and driving green initiatives, Tata Power is poised for multi-fold growth and committed to 'lighting up lives' for generations to come. Visit us at: www.tatapower.com
