

JAGUAR LAND ROVER INDIA AND TATA POWER ANNOUNCE PARTNERSHIP FOR ELECTRIC VEHICLE CHARGING INFRASTRUCTURE

- **Jaguar Land Rover India has partnered with Tata Power for end-to-end charging solutions for its range of electrified vehicles to be launched in India**
- **Tata Power will provide full charging solutions to Jaguar Land Rover Retailers and customers, along with the required after-sales support**
- **The partnership will benefit customers of the upcoming Jaguar I-PACE that will arrive in India in the second half of this year as well as future Jaguar Land Rover Battery Electric Vehicles (BEV) and Plug-in Hybrid Electric Vehicles (PHEV)**

05th March 2020, Mumbai: Jaguar Land Rover India has announced today that it has entered into a partnership with Tata Power to offer end-to-end EV charging solutions. Tata Power will provide charging solutions for Jaguar Land Rover in India, across its retail network of 27 outlets in 24 cities and at customer's residence and/or office. India's largest integrated Power Company, Tata Power will be responsible for providing a range of AC and DC chargers, starting from 7 kW to 50 kW capacity. Tata Power will be the preferred partner to facilitate the installation and management of chargers at the designated premises and other after-sales related support services.

Rohit Suri, President & Managing Director, Jaguar Land Rover India said, *"The partnership with Tata Power will be a tremendous value addition for Jaguar Land Rover customers as it provides a one-stop solution to their charging needs and also provides easy accessibility to the wide network of public charging infrastructure being set up by Tata Power across India. This tie-up is one step forward in creating the right ecosystem enabling a simple and hassle free charging experience for owners of our first Electric Vehicle, the Jaguar I-PACE, which makes its debut in India later this year."*

Ramesh Subramanyam, CFO & President - New Business, Tata Power Company Limited said, *"Tata Power is delighted to work with Jaguar Land Rover India as an end-to-end EV charging partner. As India's leading integrated player in the EV charging space, we will provide Jaguar Land Rover India's EV customers with easy, ubiquitous and seamless charging experience at their Homes, Offices and Public places. This partnership is also an endorsement of their faith in us and our ability to deal with the electrified range of vehicles that Jaguar Land Rover will bring into India."*

About Tata Power:

Tata Power is India's largest integrated power company and, together with its subsidiaries & jointly controlled entities, has an installed capacity of 10,763 MW. A pioneer in the field, it has a presence across the entire power value chain: Generation of renewable as well as conventional power including hydro and thermal energy; transmission & distribution, trading and coal & freight logistics. With renewable energy assets in solar and wind accounting for 30% of the company's portfolio, Tata Power is a leader in clean energy generation. In line with the company's view on sustainable and clean energy development, Tata Power is steering the transformation of utilities to integrated solutions by looking at new business growth in EV charging & storage, distributed generation & rooftops, microgrids and home automation & smart meters. It has successful public-private partnerships in generation, transmission & distribution in India namely 'Tata Power Delhi Distribution Ltd.' with Delhi Vidyut Board for distribution in North Delhi; 'Tata Power Ajmer Distribution Ltd.' with Ajmer Vidyut Vitran Nigam Ltd. for distribution in Ajmer; 'Powerlinks Transmission Ltd.' with Power Grid Corporation of India Ltd. for evacuation of Power from Tala hydro plant in Bhutan to Delhi; 'Maithon Power Ltd.' with Damodar Valley Corporation for a 1050 MW Mega Power Project at Jharkhand. Tata Power is serving more than 2.6 million distribution consumers in India and has developed the country's first 4000 MW Ultra Mega Power Project at Mundra (Gujarat) based on super-critical technology.

With growing international focus, Tata Power's global presence includes strategic investments in Indonesia through a 30% stake in the coal company PT Kaltim Prima Coal (KPC); 26% stake in mines at PT Baramulti Suksessarana Tbk (BSSR); in Singapore through Trust Energy Resources; in South Africa through a joint venture called 'Cennergi' to develop projects in sub-Saharan Africa; in Zambia through a 50:50 joint venture with ZESCO for 120 MW Hydro project; in Georgia through AGL which is a joint venture with Clean Energy, Norway & IFC for development of 187 MW hydro project; in Bhutan through a hydro project in partnership with The Royal Government of Bhutan.

With its 103 years track record of technology leadership, project execution excellence, world-class safety processes, customer care and driving green initiatives, Tata Power is poised for multi-fold growth and committed to 'lighting up lives' for generations to come. Visit us at: www.tatapower.com
