DEFICIENT MONSOON RAINFALL

Rice sowing remains 13% below year-ago level

SANDIP DAS
New Delhi, July 29

RICE SOWING in the ongoing kharif season remained 13% below the year-ago level on Friday, mainly because of deficient monsoon rainfall in the key growing areas of Uttar Pradesh, West Bengal, Bihar and Jharkhand.

According to the agriculture ministry, rice has been sown in 23.15 million hectare (MH) against 26.7 MH reported a year ago. A ministry official told FE that the window of rice sowing will be open for the next few days and sowing of key crops is likely to increase.

Lower areas under paddy has been reported from states including West Bengal (1.6 MH), Uttar Pradesh (0.6 MH), Bihar (0.5 MH) and Jharkhand (0.4 MH). The food ministry has recently said rice stocks with the Food Corporation of India could dip below the buffer by April 2023, if the free ration scheme is extended to the second half of the current fiscal year. Rice exports are seen to rise to a record high in the current year, given the robust global demand and dip in output in competing countries like Thailand and Vietnam. However, officials say even in that scenario, the country may not face any shortage of

the staple grain.

Overall summer crops including paddy, pulses, oilseeds, coarse cereals, sugarcane and cotton have been sown in 82.34 MH so far, about 2% higher than corresponding period last year.

Kharif crops are sown in 108 MH and planting activities are expected to continue till middle of August.

The rainfall deficiency in the east and northeast region has been 16% so far, while the cumulative rainfall received in all the four regions during June 1-July 29 was 465 mm, which was 9% more than the normal benchmark of 428 mm for the same period.

Since the beginning of July, the country has received close to 19% more rainfall over the benchmark so far. While in June, cumulative rainfall was 8% less

than the benchmark. Sowing of most other crops has been more than last year.

Central India, the south peninsula and northwest regions have received 21%, 28% and 4% more rainfall respectively than the normal range so far has been given boost to sowing of pulses, oilseeds and coarse cereals, sugar and cotton.

According to the official, oilseeds such as soyabean, groundnut and sesamum have

been higher than a year ago.

While oilseeds have been sown in 16.4 MH which is marginally higher than last year. Soybean has been sown in 11.46 MH so far which is an increase of more than 2.5% than previous year.

However, Soybean Processors Association of India stated that oilseed variety has been sown in 11.75 MH so far.

"In some districts of Maharashtra and Madhya Pradesh, soybean fields are facing water logging due to continuous rains and this may result in partial crop damage or even total loss in some areas," according to a statement by SOPA. Pulses have been sown in 2.8% more area than last year. Arhar, which constitutes the higher share in India's import basket, planting has been lagging behind by more than 13% so far. The cotton sowing has been up by more than 5% so far.

HDFC to fully acquire VC arm HVCL by buying shares from SBI

PRESS TRUST OF INDIA
New Delhi, July 29

HDFC ON FRIDAY said it will acquire its venture capital subsidiary HDFC Venture Capital (HVCL) by buying out State Bank of India's 19.5% stake in the company. The Housing Development Finance Corporation (HDFC) holds an 80.50% equity share capital in HVCL and the remaining shares are held by State Bank of India (SBI).

"The Corporation on July 29, 2022 entered into a share purchase agreement (SPA) with SBI for acquisition of 97,500 equity shares of HVCL, representing 19.50% of its paid-up share equity capital, at a consideration of ₹10 per share," HDFC said in a regulatory filing. The acquisition is expected to be completed within 14 days from the date of execution of the SPA on August 12, 2022.

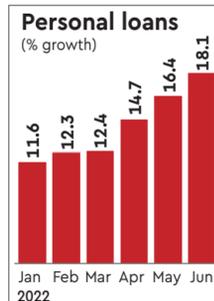

HVCL is an investment manager to HDFC Property Fund, and it was incorporated in October 2004.

Personal loans drive credit growth

SHASHANK DIDMISHE
Mumbai, July 29

PERSONAL LOANS CONTINUE to remain the key driver for banks' non-food credit growth, with the segment consistently showing more than double-digit growth so far this year. Credit to the services sector and corporate loans also continue to show growth offshoots.

Banks' personal loan outstanding stood at ₹35.2 trillion as of June 17, higher by 18% YoY, RBI data show. The segment has witnessed a clockwork growth of close to 2 percentage points on a month-on-month basis between April and June.

Analysts and bankers have said that personal loan growth will continue to improve in the current financial year. A clutch

of private sector banks and select public sector banks have witnessed significant improvement in personal loans during Q1.

HDFC Bank and ICICI Bank have posted personal loan growth of 22% and 38%, respectively.

The personal loans constitute close to 30% of the total non-food credit outstanding as of June 17.

In comparison, banks' loans outstanding to the services sector marginally moderated to 12.8% in June, compared with 12.9% in May. As on June 17, total outstanding to the services sector stood at ₹30.7 trillion.

Sebi slaps ₹3-lakh penalty on BSE for SECC violations

FE BUREAU
Mumbai, July 29

SEBI ON FRIDAY levied a penalty of ₹3 lakh on the BSE for violation of Stock Exchanges and Clearing Corporations (SECC) Regulation, 2018. The order pertains to the exchange's acquisition of stake in various subsidiaries — BSE Technologies (BTPL), MarketPlace EBIX Technology (METSPL), BSE Tech Infra Services (BTISPL), BIL Keyson Futures and Indus Water Institute — without taking the necessary approvals from Sebi.

A show cause notice was issued to the BSE in January in this regard.

Sebi conducted its investigations to ascertain if BSE's investments were unrelated or not incidental to its activity as a stock exchange.

It was alleged that BSE, through its wholly owned subsidiary BTPL, in 2009 continued to carry out its activities without the approval of Sebi and had indirectly carried out unrelated/non-incidental activities through BTISPL and METSPL, which were subsidiaries of BTPL.

Trading, demat accounts to be deactivated if KYC not updated

SEBI HAS released a framework for automated deactivation of trading and demat accounts in cases of inadequate know-your-customer (KYC) norms. Sebi said often notices issued by it during the course of any enforcement proceedings remain unserved, which showed that intermediaries were not maintaining accurate or updated addresses of clients. Market infrastructure institutions, through their registered intermediaries, have to ensure that the KYC records linked to all accounts held by the entity are updated and accurate and confirm new KYC details to the concerned KYC Registration Agency. — FE BUREAU

Lenders extend deadline for Srei resolution plans

MITHUN DASGUPTA
Kolkata, July 29

LENDERS TO THE two insolvent Srei firms, which have been undergoing the corporate insolvency resolution process (CIRP), have further extended the deadline for submitting resolution plans by 10 days to August 10 after three of the prospective bidders requested them for the extension of the timeline.

The deadline earlier was July 30. The deadline has been extended for the third time.

Three potential investors requested the

committee of creditors (CoC) to extend the deadline for submitting resolution plans based on their deliberations with it. After that, the CoC has considered an extension for 10 days for final submission of the resolution plans to the administrator, sources close to the matter told FE. The CoC held its meeting on Thursday.

However, the September 4 deadline will be fixed for submitting the proposed resolution plan of the highest bidder (H1) to the Kolkata bench of the National Company Law Tribunal.

Based on severity, BMC categorises swine flu patients into 3 groups

RUPSA CHAKRABORTY
MUMBAI, JULY 27

WITH THE rise in swine flu (H1N1) cases across Mumbai, the Brihanmumbai Municipal Corporation (BMC) has issued treatment protocols. Depending on the severity of the infection, patients will be divided into A, B and C category. Only patients under C category with severe symptoms will be admitted to the civic-run Kasturba Hospital.

According to the BMC's data, only 21 swine flu cases were recorded in the city in July last year whereas the number has climbed to 64 as on July 24 this year. This has become a cause of concern for the civic body.

As a precautionary measure for bed management in case of any swine flu outbreak, the BMC has divided patients into three categories. Patients under A category with mild fever (body temperature below 38 degrees Celsius), cough, throat irritation, body ache, headache, diarrhoea and vomiting will not require swab flu test. Also, there is no requirement to take Oseltamivir — a recommended drug both for prophylaxis and treatment of influenza. These patients will only require home isolation.

Moderately symptomatic patients with fever higher than 38 degrees Celsius, severe sore throat and running nose will be categorised under B category. As per treatment protocol, swabs will be collected for testing and doctors can recommend Oseltamivir with home isolation. C category is for patients who need hospitalisation.

According to a circular issued on July 27, in the third category in addition to other symptoms mentioned in A and B, if the pa-

RECOMMENDATIONS FOR PATIENTS WHO TEST POSITIVE FOR INFLUENZA OR H1N1

- Self-isolate
- Wear mask
- Follow respiratory hygiene and precautions similar to Covid-19 infection
- Ensure adequate hydration and fluid intake
- Monitor oxygen levels and temperature
- In case of any warning symptoms or worsening health, consult doctor immediately

tient has complaints of breathlessness, chest pain, hemoptysis, hypotension, bluish discoloration of nails, then they must be admitted to the hospital and swabs must be collected for testing.

Patients under C category will be admitted to the civic-run Kasturba Gandhi Hospital. "As Kasturba Hospital is a special hospital for infectious diseases, all confirmed H1N1 cases shall be admitted there. Other health facilities will be granted permission for admitting the H1N1 confirmed cases if H1N1 caseload increases," reads the circular. The civic body has also cautioned high-risk groups — pregnant women, children below five years of age, people above 65 years of age and those with comorbidities — to be more cautious.

Since the 2009 swine flu pandemic, the influenza virus has remained highly infectious and the present strain is as, if not more, infectious, causing severe outcomes as compared to other influenza

subtypes. Each year, a different strain emerges as the dominant one due to the presence of multiple influenza strains. These changes in strain types and subtypes are taken into consideration during vaccine research to offer maximum efficacy.

In response to speculation that this year's strain is far more infectious, Dr Nilesh Shah, president and chief of science and innovation at Metropolis Healthcare, said, "That any strain of influenza and swine flu is infectious or not can be determined only by objective evidence like molecular test (RNA sequencing) and epidemiological surveillance, linkage studies and contact tracing. So, it is yet to be determined as studies are ongoing to look for the genetic shifts and drifts."

The disease is not only restricted to Mumbai but has spread across the state and has claimed seven lives — three in Kolhapur and two each in Pune and Thane as on July 21. In the same period, the state recorded 142 swine flu cases.

"Though the prevalence of influenza is equal among patients of all age groups, the most hospitalisations are observed in elderly patients. The most common symptoms are high-grade fever (102-103), malaise and exhaustion, which are identified as classic influenza symptoms," said Dr Hemlata Arora, senior consultant, Internal Medicine and Infectious Diseases, Nanavati Hospital.

Doctors also said symptoms often overlap with Covid-19 or other mosquito-borne diseases, which adds to the confusion in diagnosis. "But the severity of symptoms and involvement of upper respiratory infections with malaise helps us accurately diagnose the condition," Dr Arora added.

INTERNATIONAL LOAN APP FRAUD RACKET Police: 10 Chinese nationals involved in scam running into several hundred crores

JAYPRAKASH SNAIDU
MUMBAI, JULY 29

CYBER POLICE officials of the Mumbai Crime Branch, who busted an international loan app fraud racket, said at least ten Chinese nationals are involved in the crime and are beneficiaries of the money siphoned off from India using cryptocurrency.

The cyber police, which has arrested 14 accused from across India, said the accused were running the fraud since 2018, the number of victims could be more than 1,000 and the total money stolen could run into several hundred crore of rupees.

Addressing a press conference on Friday, Suhas Warke, Joint Commissioner (Crime), Mumbai Police, said, "The accused had opened over 360 bank accounts and more than 200 shell companies to siphon the ill-gotten money. Over 50 crypto currency wallet accounts have been used to transfer the money."

"We have frozen several bank accounts and recovered Rs 14 crore. Another 2.17 lakh USD was found in cryptocurrency wallets. We have seized 39 phones, 211 SIM cards, 19 laptops and other electronic items that were used to commit the crime," said Hemraj Singh Rajput, Deputy Commissioner of Police (cyber).

The police said the accused uploaded the digital loan apps on Google Playstore or sent them directly to victims by text or WhatsApp messages. They were

using at least 37 fraudulent loan apps and another 200 loan apps are under scanner.

The accused used to take access to personal details like images, contact list of the victim while lending few thousand rupees and later extorted much more money than the loan amount by morphing their photos with pomographic images and sending it to everyone in their contact list. They also called up the loanees as well as their family and friends and abused them.

The Crime Branch's cyber police started investigating the case after a loanee died by suicide in Malad in May 2022 after harassment by "loan recovery agents". After investigations, which lasted for two months, the police learned that the masterminds, who are said to be Chinese nationals, had floated shell companies with Indians as directors of these companies. The accused also hired youths who were in need of jobs.

"Every person had a different role. A particular group made phone calls and offered loans. Another group ensured the loans are given out and a third group would call the loanees to remind them about repayment. A fourth group then sexually harassed the victims and extorted money..." said a cyber police officer, who is part of a team of 22 officers and 12 constables from the five cyber police stations in Mumbai.

Job racket busted, 3 held for duping 22 people of Rs 20 lakh

Mumbai: The Mumbai crime branch Tuesday arrested three persons for allegedly duping 22 people of Rs 20 lakh by promising them jobs in foreign countries. According to police, the three accused, identified as Manish Pandey, Sai Ameen and Hrishikesh Nalawade, were co-ordinating with the complainant who is a job recruitment agent. The trio had promised the complainant that they would get jobs in foreign countries for 22 persons and took Rs 20.5 lakh from her. However, they kept delaying the process on various pretexts till the complainant realised that they were cheating her. The complainant then approached the Mumbai Police. A police team tracked them to Vashi where two of the accused were staying. After their alleged role was confirmed in the case, they were placed under arrest, an officer said.
