During the quarter and half year ended on September 30, 2025, the Company incurred a loss of Rs. 743.96 Lakhs and 1201.15 Lakhs respectively. The accumulated losses of the Company as at September 30, 2025 are Rs. 17,592.81 Lakhs resulting into erosion of Net Worth. There is no production of LED 749 from April 2015 and other conditions since June 2015 onwards in the absence of any orders. Despite the cessation of operations, the Company has continued to receive financial and operational support from Sharp Corporation, Japan, its majority shareholder and holding company. Sharp Corporation has provided a letter of support, reaffirming its commitment to extend such support until at least September 30, 2026.

The Management has reassessed the Company's financial position and performance in accordance with applicable accounting standards. While efforts are being made to explore alternate revenue streams, there is uncertainty regarding the time required to successfully identify and establish such streams. As a result, Management has concluded that for the purpose of accounting and financial statements, it would be prudent to consider the Company as not a going concern presently.

Therefore, the financial statements have been prepared on the basis of 'not a going concern'. The Company has measured all its assets at lower of their estimated realizable value and carrying amount, and liabilities at their settlement amount, in accordance with the applicable Accounting Standards. Therefore, with respect to reinstatement of borrowings from related parties, there is an additional charge amounting to Rs. 218.87 Lakhs to the profit and loss account for the quarter and half year ended September 30, 2025. This additional charge has been disclosed under the exceptional items with corresponding increase in the current and accumulated losses.

The figures for the previous period included in the accompanying statement of unaudited financial results are not comparable with those of the current period, as the previous period's financial results were prepared on a 'going concern' basis, whereas the financial results of current period have been prepared on a 'not a going concern' basis.

Note: The above is an extract of the detailed format of Quarterly Unaudited Financial Results filed with the Stock Exchange under Regulation 33 of the SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015 (the "Listing Regulations"). The full format of the quarterly financial results are available on the Stock Exchange website www.sebi.gov.in and website of the company www.sharpindia.com.

Six Maoists killed in encounter in Bijapur

Jayprakash S Naidu
Bijapur, November 11

SIX MAOISTS have been gunned down in an encounter with security forces in Indravati National Park in Chhattisgarh's Bijapur district on Tuesday.

"So far, the bodies of six Maoists, along with weapons, have been recovered," said Superintendent of Police for Bastar Range.

The National Park is spread across 3,790 square km and is located in north Bijapur. A portion of it remains one of the few

hideouts left for Maoists in the Bastar region, which had once been a stronghold of the rebels. At least 50 Maoists, including the six killed on Tuesday, have been gunned down by security forces inside Indravati National Park in a series of encounters since January this year.

The national park is connected to Abujhmad, an unsurveyed area larger than Goa, which had been a safe haven for Maoists for four decades. Since 2024, over 100 Maoists from Abujhmad have been killed, and nearly 300 surrendered.

HC restrains construction beyond allowed plan at Mumbai highrise

Omkar Gokhale
Mumbai, November 11

TEMPORARY relief to 48 flat owners of The Imperial twin towers in Tardoo—one of South Mumbai's "most luxurious residential skyscrapers"—the Bombay High Court on Tuesday restrained the developer from carrying out construction contrary to the sanctioned and "best disclosed" layout plan of December 2009 in any part of lay-

out as well as in Towers A and B. The existing home owners of the twin towers had approached the court alleging that the developer had overreached project regulations by proposing additional towers within the layout and additional flats in existing structures.

Passing a verdict on an interim application in a suit filed by Rajkumar Gulati and others, a single-judge bench of Justice Sandeep V. Marne observed that "apart from notably crowned

with eaves and obelisk eaves as key architectural feature. The Imperial also wore the crown of being India's tallest building for years in the past."

"Ironically, however, the ultra-luxurious twin towers of 'The Imperial', which are home to affluent residents, as a product of incentive offered to the developer for rehabilitation of poor slum dwellers on the sanctioned land," Justice Marne noted.

The court said that the developer of The Imperial had received such incentives in the form of permission to sell some flats to recover the expenditure incurred while constructing additional towers within the layout and additional flats in existing structures of "The Imperial".

Justice Marne in a 170-page judgment, recorded that the project was initially envisaged as a three-tower layout and while simultaneously rehabilitating slum dwellers, the developer built only two towers 'A' and 'B', which were completed by 2014. However, the judge observed that "the developer has kept the slum scheme incomplete for over 25 years and has constructed a fourth unplanned tower 'Imperial Edge', while

keeping under wraps, the special plan for construction of the third planned tower." The order said the developer was now planning construction of a fifth building called 'Town House' and "has also branched out to construct other areas of the existing twin towers with Floor Space Index (FSI) by constructing additional flats therein." Justice Marne held that the "plaintiffs made out strong prima facie case."
