Tata Power Renewables achieves record 45,500 Rooftop Installations with 220 MW installed capacity in Q1 FY26

- **Q1 FY26 additions propel Rooftop Solar installations to 2 lakh mark, surpassing 3.4 GW installed capacity**
- **A remarkable 416% surge in installations from Q1 FY25**
- **Contributes towards Pradhan Mantri Surya Ghar Muft Bijli Yojana (PMSGY) through its 'Ghar Ghar Solar' Initiative**

National, July 4, 2025: Tata Power Renewable Energy Limited (TPREL), a subsidiary of The Tata Power Company Limited (Tata Power), India's No. 1 Rooftop Solar Company, has delivered a record breaking performance in Q1 FY26, reinforcing its market leadership in rooftop solar. TPREL has achieved an unprecedented 45,589 rooftop solar installations in Q1 FY26, marking a staggering 416% year-on-year growth compared to 8,838 installations in Q1 FY25. This milestone highlights Tata Power's unwavering commitment to driving India's clean energy transition.

The Q1 FY26 installations propelled TPREL to a nationwide total of 2,04,443 rooftop solar installations, with cumulative capacity surpassing 3.4 GW. This milestone not only reflects TPREL's rapid growth but also underscores its pivotal role in accelerating India's renewable energy transformation.

This milestone highlights TPREL role as a key enabler of India's decentralised renewable energy transition and supports the national goal of achieving 500 GW of non-fossil fuel capacity by 2030.

By accelerating rooftop solar installations, TPREL is actively supporting the Government's vision to boost solar adoption under the *Pradhan Mantri Surya Ghar Muft Bijli Yojana* through its flagship *Ghar Ghar Solar* campaign. Delivering tailored solar rooftop solutions across residential, commercial, and industrial sectors, TPREL is playing a vital role in advancing India's energy security and sustainability ambitions.

TPREL's pan-India presence is driven by a robust network of 604 channel partners spanning over 400 cities, complemented by 240 authorized service partners across 560 cities, ensuring seamless service and unmatched support nationwide. With a rapidly expanding customer base of over 2 lakh satisfied clients, including more than 1.8 lakh in the residential segment and TPREL has firmly established itself as the trusted solar partner.

Beyond its leadership in rooftop solar, TPREL is strategically expanding its footprint in solar manufacturing, reinforcing the entire solar value chain. With a robust manufacturing capacity of 4.3 GW for cells and modules in India, coupled with over 3.4 GW of rooftop solar installations, it exemplifies unmatched scale and impact, driving country's accelerated transition to a clean, sustainable energy future.

About Tata Power:

The Tata Power Company Limited, a leading integrated power company and a part of the Tata Group, India's largest multinational business conglomerate, owns a diversified portfolio of 15.7 GW. This portfolio spans the entire power value chain, from renewable and conventional energy generation to transmission, distribution, trading, storage solutions, and solar cell and module manufacturing. As a pioneer in India's clean energy transition, Tata Power has 6.9 GW of clean energy generation, constituting 44% of its total capacity. Committed to achieving carbon neutrality before 2045, Tata Power has successfully partnered with public and private entities across India's generation, transmission, and distribution sectors, serving approximately 12.8 million customers nationwide.
