

Price Waterhouse Chartered Accountants LLP

Independent auditor's report

To the Members of Tatanet Services Limited

Report on the audit of the financial statements

Opinion

1. We have audited the accompanying standalone financial statements of Tatanet Services Limited ("the Company"), which comprise the balance sheet as at March 31, 2020, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

4. We draw your attention to
 - (a) Note 43 to the financial statements regarding composite scheme of arrangement between the Company, Nelco Limited and Nelco Network Products Limited which was approved by the National Company Law Tribunal ("NCLT") vide its order dated November 2, 2018 (the "Scheme"). As per the NCLT Order, the Company intimated the Registrar of the Companies ("RoC") about the approval of the Scheme by NCLT, stating that Department of Telecommunications ("DoT") approval was not yet obtained. The RoC records were, however, updated to reflect the Scheme as effective and the Company as "amalgamated" with Nelco Limited. Based on legal advice, the Company has approached NCLT to direct the RoC to amend their records to reinstate the Company to its earlier status and cancel the effect of the Scheme with immediate effect. The decision of NCLT is awaited. Pending necessary approvals, the Scheme has not been considered effective.

To the Members of Tatanet Services Limited
Report on the audit of the financial statements
Page 2 of 7

- (b) Note 41 to the financial statements regarding the input tax credit balances under the Cenvat/Service tax/Sales tax considered fully recoverable by the management and no provision made against the same in the books based on the legal advice obtained by the Company.
- (c) Note 42 to the financial statements, which describes the management's assessment of the impact of the outbreak of Coronavirus (Covid-19) on the business operations of the Company. The management believes that no adjustments are required in the financial statements as it does not impact the current financial year, however, in view of the various preventive measures taken (such as complete lock-down, travel restrictions etc.) and highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve.
- Our opinion is not modified in respect of these matters.

Key audit matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p>Revenue recognition related to specific pricing arrangements with customers (Refer notes 2.11 and 3(a) to the Financial Statements)</p> <p>The Company recognises revenue from Bandwidth Services over the period of performance of the services. The prices charged are customer specific and the contracts with customers involve multiple performance obligations by the Company and other group companies.</p> <p>In view of involvement of multiple group companies and non-standard prices, the management exercises judgement to determine an appropriate standalone selling price for performance obligation relating to the Company for the purpose of recognition of revenue. The transaction price to each performance obligation is allocated on the basis of the relative standalone selling price of each distinct goods or service promised in the contract.</p>	<p>Our audit procedures in relation to revenue recognition included:</p> <ul style="list-style-type: none">• Understanding and evaluating the design and testing the operating effectiveness of key controls over revenue recognition;• Assessing the appropriateness of the accounting policies applied by the company in accordance with the applicable accounting standards.• Testing of contracts with customers on a sample basis to assess the contractual terms impacting identification of performance obligations and determination of the fair value of consideration relating to the performance obligation;• Testing the timing of fulfilment of performance obligations and recognition of revenue based on agreed pricing;• Performing tests related to non-standard manual journal entries related to revenue. <p>Based on the above procedures performed, we did not note any significant exceptions regarding recognition of revenue in relation to specific pricing arrangements with customers.</p>

Price Waterhouse Chartered Accountants LLP

INDEPENDENT AUDITOR'S REPORT
To the Members of Tatanet Services Limited
Report on the audit of the financial statements
Page 3 of 7

We considered this to be a Key Audit Matter due to involvement of significant management judgement in determination of performance obligations, the customer contracts being complex and the pricing terms being non-standard.

Assessment of Contingent liabilities and provisions for litigations

(Refer notes 2.17 and 3(e) to the Financial Statements)

As at March 31, 2020, the Company disclosed Contingent liabilities (to the extent not provided for) of Rs. 4,004 lakhs in respect of certain tax and other litigations.

The Company faces challenges from tax authorities during tax assessment proceedings and from certain business service providers, during the normal course of business. There is a high level of management judgement required in estimating the probable outflow of economic resources and the level of provisioning and the disclosures required. The management's assessment is supported by advice from independent tax and legal consultants obtained by the management.

We focused on this area as the outcome of the litigations is uncertain and the positions taken by the management are based on the application of material judgement, advice from tax/legal consultants and interpretation of law. The ultimate outcome of the litigations could be different from the positions taken by the management and may significantly impact the Company's financial position.

Our audit procedures included the following:

- Understanding and evaluating processes and controls designed and implemented by the management for assessment of litigations and testing their operating effectiveness;
- Obtaining the list of taxation and other litigation matters, inspecting the supporting evidence and critically assessing management's evaluation through discussions with management on both the probability of outcome and the magnitude of potential outflow of economic resources;
- Reading recent orders received from the tax authorities and other communication from the business service providers, and the Company's responses to such communications to assess the status of the litigations;
- Where relevant, reading most recent advice obtained by management from independent tax/legal consultants and evaluating the grounds presented therein;
- Evaluating independence, objectivity and competence of the management's tax/legal consultants;
- Obtaining direct confirmations from lawyers, where considered relevant;
- Understanding the current status of the tax assessments/ litigations;
- Together with auditors' tax experts, evaluating the management assessment of estimated potential tax exposures considering the applicable provisions of direct and indirect tax laws.

We did not identify any material exceptions as a result of above procedures.

First-time Adoption of Ind AS 116 – Leases

(Refer notes 2.14 and 3(f) to the Financial Statements)

Our audit procedures included the following:

- Understanding of the process followed by the management and testing of the design and

Price Waterhouse Chartered Accountants LLP

INDEPENDENT AUDITOR'S REPORT
To the Members of Tatanet Services Limited
Report on the audit of the financial statements
Page 4 of 7

'Ind AS 116 – Leases' becomes effective from reporting periods beginning April 1, 2019. Ind AS 116 introduces a new lease accounting model, where lessees are required to recognise a right-of-use (ROU) asset and a lease liability arising from a lease on its balance sheet.

The Company applied Ind AS 116 on April 1, 2019 using the modified retrospective approach and comparative information is not restated. The application of the new standard gives rise to a right of use asset of Rs 519 lakhs and a corresponding increase in lease liabilities of Rs 551 lakhs as at March 31, 2020.

We considered the first time application of Ind AS 116 as a key audit matter due to the material nature of those leases and the significance of the management's judgements in determining the consideration of contract excluded/covered under the lease standards, lease term, technical and financial assumptions determined to assess the assets covered under Ind AS 116.

operating effectiveness of key controls around accounting for leases.

- Understanding the Company's process in identifying lease contracts, or contracts which contained leases;
- Reviewing the accounting policy adopted by the Company and the options chosen on transition from Ind AS 17 to Ind AS 116.
- Evaluating a sample of contracts to assess whether leases have been appropriately identified;
- Obtaining the Company's quantification of Right Of Use assets and lease liabilities. For a sample of leases, agreeing the inputs used for determining assets and liabilities related to lease contracts with underlying contractual data;
- Assessing the management assumptions, specifically on the assumptions underlying determination of the discount rates and assessment of renewal options;
- Reperforming the calculation on sample basis to test the accuracy of Ind AS 116 adjustment;
- Assessing the completeness and appropriateness of disclosures given in the financial statements as per the requirement of Ind AS 116;

Based on the above procedures performed, we did not note any significant exceptions in the quantification of impact and the adjustments and disclosures made on first time adoption of Ind AS 116.

Other Information

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Price Waterhouse Chartered Accountants LLP

INDEPENDENT AUDITOR'S REPORT
To the Members of Tatanet Services Limited
Report on the audit of the financial statements
Page 5 of 7

Responsibilities of management and those charged with governance for the financial statements

7. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

Price Waterhouse Chartered Accountants LLP

INDEPENDENT AUDITOR'S REPORT
To the Members of Tatanet Services Limited
Report on the audit of the financial statements
Page 6 of 7

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
12. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

13. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
14. As required by Section 143(3) of the Act, we report that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act;
 - e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act;

Page 7 of 7

- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A";
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 34 to the financial statements;
 - ii. The Company has long-term contracts including derivative contracts as at March 31, 2020 for which there were no material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2020;
 - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2020.
15. The Company does not have any employees and according requirements for managerial remuneration in accordance provisions of Section 197 read with Schedule V to the Act are not applicable to the Company.

Referred to in paragraph 14(f) of the Independent Auditors' Report of even date to the members of Tatanet Services Limited on the financial statements for the year ended March 31, 2020

Page 1 of 2

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of Tatanet Services Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Price Waterhouse Chartered Accountants LLP

Annexure A to Independent Auditors' Report

Referred to in paragraph 14(f) of the Independent Auditors' Report of even date to the members of Tatanet Services Limited on the financial statements for the year ended March 31, 2020

Page 2 of 2

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B to Independent Auditors' Report

Referred to in paragraph 13 of the Independent Auditors' Report of even date to the members of Tatanet Services Limited on the financial statements as of and for the year ended March 31, 2020.

Page 1 of 2

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
 - (b) The fixed assets of the Company have been physically verified by the Management during the year and no material discrepancies have been noticed on such verification. In our opinion, the frequency of verification is reasonable.
 - (c) The Company does not own any immovable properties as disclosed in Note 4(a) on Property, plant and equipment to the financial statements. Therefore, the provisions of Clause 3(i)(c) of the said Order are not applicable to the Company.
- ii. The Company is in the business of rendering services, and consequently, does not hold any inventory. Therefore, the provisions of Clause 3(ii) of the said Order are not applicable to the Company.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. The Company has not granted any loans or made any investments, or provided any guarantees or security to the parties covered under Section 185 and 186. Therefore, the provisions of Clause 3(iv) of the said Order are not applicable to the Company.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of income tax though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including goods and service tax and other material statutory dues, as applicable, with the appropriate authorities.

Further, for the period March 1, 2020 to March 31, 2020, the company is yet to pay Goods and Service Tax and file Form GSTR3B, for which the timeline is June 24, 2020 as per the Notification No. 31/2020 dated April 3, 2020 on fulfillment of conditions specified therein.

- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of income-tax, service-tax, duty of customs, and goods and service tax which have not been deposited on account of any dispute. The particulars of dues of value added tax as at March 31, 2020 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (Rs. In lakhs) *	Period to which the amount relates	Forum where the dispute is pending
The Maharashtra Value Added Tax Act, 2002	Value Added tax including interest	3,319	2006-07, 2007-08, 2009-10, 2010-11	Sales Tax Tribunal
The Maharashtra Value Added Tax Act, 2002	Value Added tax including interest	517	2008-09	High Court

* Net of amounts paid under protest or otherwise.

Price Waterhouse Chartered Accountants LLP

Annexure B to Independent Auditors' Report

Referred to in paragraph 15 of the Independent Auditors' Report of even date to the members of Tatanet Services Limited on the financial statements for the year ended March 31, 2020.

Page 2 of 2

- viii. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank or Government. Further the company has not issued any debentures as at the balance sheet date.
- ix. In our opinion, and according to the information term loans have been applied for the purposes for which they were obtained. The Company has not raised any money by way of initial public offer, further public offer (including debt instruments).
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- xi. The Company does not have any employees and according requirements for managerial remuneration in accordance provisions of Section 197 read with Schedule V to the Act are not applicable to the Company.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act, and accordingly, to this extent, the provisions of Clause 3(xiii) of the Order are not applicable to the Company.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- xv. The Company has not entered into any non cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

1. Corporate Information

Tatanet Services Limited (herein after referred to as "TNSL") is a 100% subsidiary of Nelco Limited (a subsidiary of Tata Power Company Limited)

TNSL is in the business of providing domestic satellite communication services to closed user group (CUG) networks via Satellite System on non-exclusive basis within the territorial boundary of India under the VSAT License granted by Department of Telecommunications (D.O.T.), Government of India.

TNSL provides service through its central hubs located at Mahape & Dehradun. TNSL also provides Internet Services under the PAN India ISP License.

2. Summary of Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of preparation

a. Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (IND AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

b. Historical Cost Convention

The financial statements have been prepared on the historical cost basis, except for certain financial assets and liabilities that is measured at fair value.

c. New and amended Standards adopted by the Company

The company has applied the following standards and amendments for the first time for their annual reporting period commencing April 1, 2019:

- Ind AS 116, Leases,
- Uncertainty over Income Tax Treatments – Appendix C to Ind AS 12, Income Taxes,
- Plan amendment, curtailment or settlement- Amendment to Ind AS 19, Employee Benefits,
- Amendment to Ind AS 12, Income Taxes,
- Amendment to Ind AS 23, Borrowing costs.

The company had to change its accounting policies following the adoption of Ind AS 116. This is disclosed in note 32. The other amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

2.2. a. Property, plant and equipment

All items of property, plant and equipment are carried at historical cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition or construction, including duties and non-refundable taxes and expenses directly related to bringing the asset to the location and condition necessary for making them operational for their intended use. Subsequent expenditure are added to existing assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to the statement of profit and loss during the reporting period in which they are incurred.

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

b. Capital work-in-progress

Projects under which property, plant and equipment which are not ready for their intended use are carried at cost, comprising direct cost and related incidental expenses.

c. Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to allocate their cost, net of their estimated residual value, over their estimated useful lives.

The useful lives and residual values are as prescribed under schedule II to Companies Act, 2013 except for the following type of assets where useful life is considered as per management estimate, based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, replacements generally required from the point of view of operational effectiveness.

Type of Assets	Useful Life
<u>Plant & Machinery</u>	
RF and Baseband	10-12 years
Networking devices	6 years
VSAT Antenna and parts	15 years
<u>Office Equipment</u>	
Computer Hardware	3 Years

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit and loss within Other Income / Other Expenses.

2.3 Intangible assets

Intangible assets purchased are measured at cost as of the date of acquisition less accumulated amortisation and accumulated impairment, if any. The Company amortises intangible assets using straight line method over the following periods.

License Fees – VSAT	: Over the license period of 20 years
License Fees – ISP	: Over the license period of 15 years
Testing software	: 5 years

2.4 Impairment of non-financial Assets

Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

2.5 Investments and other financial assets

a. Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through the statement of profit and loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the statement of profit and loss or other comprehensive income. For Investment in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

value through other comprehensive income.

b. Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Equity Instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payment is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/(losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

c. Impairment of financial assets

The Company assesses on a forward-looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, except for specifically identified cases, Company follows a simplified approach permitted by the IND AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

d. Derecognition of financial assets

A financial asset is derecognised only when the Company has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

e. Income Recognition

Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on time basis, by reference to the principal outstanding and at the effective interest rate applicable.

f. Dividend

Dividend income from investments is recognised when the right to receive dividend is established.

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

2.6 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdraft. Bank overdraft are shown within borrowings in current liabilities in the balance sheet.

2.7 Trade receivable

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

2.8 Financial Liabilities

a. Classification

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

b. Measurement

Financial liabilities are initially recognised at fair value, reduced by transaction costs (in case of financial liability not at fair value through statement of profit or loss), that are directly attributable to the issue of financial liability. After initial recognition, financial liabilities are measured at amortised cost using effective interest method. The effective interest rate is the rate that exactly discounts estimated future cash outflow (including all fees paid, transaction cost, and other premiums or discounts) through the expected life of the financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition. At the time of initial recognition, there is no financial liability irrevocably designated as measured at fair value through statement of profit and loss.

c. Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

2.9 Trade and other payables

These amounts represent liabilities for goods and services received by the Company prior to the end of reporting period which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using effective interest method.

2.10 Offsetting financial instruments

Financial assets and liabilities are offset, and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

2.11 Revenue recognition

The Company earns revenue from providing domestic satellite communication services to closed user group (CUG) networks via Satellite System on non-exclusive basis (Bandwidth Services).

Revenue is recognised upon transfer of control of promised services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those services.

Revenue from bandwidth services is provided over the period of time, where it is received and consumed simultaneously by the customers and accordingly revenue is recognized over the period of performance and in the accounting period in which the services are rendered.

The disclosures of significant accounting judgements, estimates and assumptions relating to revenue from contracts with customers are provided in Note 3.

2.12 Foreign currency translation

a. Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statement is presented in Indian rupee (INR), which is TNSL's functional and presentation currency.

b. Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in the statement of profit and loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income / other expenses.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss. For example, translation differences on non-monetary assets and liabilities such as equity instruments held at fair value through profit or loss are recognised in profit or loss as part of the fair value gain or loss and translation differences on non-monetary assets such as equity investments classified as FVOCI are recognised in other comprehensive income.

2.13 Income Tax

The Income tax expenses or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Current and deferred tax is recognised in the statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

a. Current Tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

b. Deferred Tax

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax assets and liabilities are not recognised if it arises from initial recognition of an asset or liability in a transaction other than business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss).

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise these temporary differences and losses.

Deferred tax positions are reviewed at each reporting date and are recognised/reduced to the extent that it is probable/no longer probable respectively that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

2.14 Leases

Till March 31, 2019

As a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

With effect from April 1, 2019

As a lessee

From April 1, 2019, leases are recognised as right-of-use assets and a corresponding liability at the date at which the leases asset is available for use by the company. Contracts may contain lease and non-lease component. The company allocates the consideration in the contract to lease and non-lease component based on their relative standalone prices.

Assets and liabilities are initially measured on the present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date.
- amounts expected to be payable by the company under residual value guarantees.
- the exercise price of purchase option if the company is reasonably certain to exercise the option and
- payment of penalties for terminating the lease, if the lease term reflects the company exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If the rate cannot be readily determined, which is generally the case for leases in the company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in similar economic environment with similar terms, security and conditions.

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

To determine the incremental borrowing rate, the Company:

- where possible, uses recent third-party financing received by the individual lessee as a starting points, adjusted to reflect changes in financing conditions since third party financing was received
- uses a build-up approach that starts with Risk-free interest rate adjusted for credit risk for leases held by the Company, which doesn't have recent third party financing, and
- makes adjustments specific to the lease e.g. term, security etc

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Right of use assets are measured at cost comprising the following;

- The amount of the initial measurement of lease liability
- Any lease payments made at or before the commencement date less any lease incentives received
- Any initial direct cost, and
- Restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on straight line basis. If the company is reasonably certain to exercise purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payments associated with short-term leases and all the leases of low value assets are recognised as expense on a straight-line basis in profit and loss. Short term leases are leases with a term of lease term of 12 months or less.

2.15 Borrowing

Borrowing are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are derecognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is breach of a material provision of a long-term loan agreement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

2.16 Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are expensed in the period in which they are incurred.

2.17 Provisions and contingent liabilities

a. Provisions

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

The measurement of provision for restructuring includes only direct expenditure arising from the restructuring, which are both necessary entailed by the restructuring and not associated with the ongoing activities of the Company.

b. Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle, or a reliable estimate of the amount cannot be made.

c. Contingent Assets

A contingent asset is disclosed, where an inflow of economic benefits is probable.

2.18 Segment reporting

The board of directors assesses performance of the Company as Chief Operating Decision Maker.

The Company has identified one reportable segment "Network System" based on information reviewed by CODM. Refer Note No. 39 for segment information presented.

2.19 Contributed equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.20 Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing the profit attributable to owners of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair value of the financial instruments that are (a) recognised and measured fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Financial assets and liabilities measured at fair value- recurring fair value measurement at March 31, 2020	Notes	Level			Total
		Level 1	Level 2	Level 3	
Financial assets					
Financial instrument at FVOCI Investment in equity shares	5	-	-	5	5

Tatanet Services Limited**Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020**

Except for those financial assets/liabilities mentioned in the above table, the Company considers that the carrying amounts of financial assets / liabilities recognised in the financial statements approximate their fair values, due to their short term nature. For financial assets that are measured at fair value, the carrying amounts are equal to the fair values.

Level 1 - Level 1 Hierarchy includes financial instruments measured using quoted price. This includes listed equity instruments, traded bonds, mutual funds that have quoted price.

Level - 2 The fair value of financial instruments that are not traded in an active market is determined using valuation technique which maximize the use of observable market data and rely as little as possible on entity - specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level -3 If one or more of the significant inputs is not based on observable market data, the instrument is include in level 3.

(ii) Valuation technique used to determine fair value

a) Specific valuation technique used to value financial instruments include:

- The use of quoted market price or dealer quotes for similar instruments.
- The fair value of the remaining financial instruments is determined using discounted cash flow analysis.

b) During the current year, there is no significant movement in the items of fair value measurements categorised within Level 3 of the fair value hierarchy.

c) The Fair value for investment in unquoted equity share were calculated based on risk adjusted discounted rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

d) The fair value of borrowings were calculated based on discounted cash flow using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to inclusion of unobservable inputs including own credit risk.

(iii) Valuation processes

The finance department of the Company performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values.

Discussions of valuation processes and results are held between the Management and the finance team at least once every three months, in line with the company's reporting periods.

(iv) Fair value of financial assets and liabilities measured at amortised cost**(Rs. in Lakhs)**

Particulars	As at March 31, 2020		As at March 31, 2019	
	Carrying Amounts	Fair Value	Carrying Amounts	Fair Value
Financial assets				
Other bank balances	17	17	16	16
Total financial assets	17	17	16	16
Financial liabilities				
Borrowings (including current maturities of long term debt)	1,552	1,552	970	970
Total financial liabilities	1,552	1,552	970	970

Significant estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (ii) and (iii) above.

Tatanet Services Limited**Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020****Note 28 : Financial Risk Management**

The company's activities expose it to market risk, liquidity risk and credit risk.

This note explains the sources of risk which the entity is exposed to and how the entity manage the risk

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, Loans, financial assets measured at amortised cost.	Ageing analysis, credit ratings	Diversification of bank deposit, credit limits
Liquidity risk	Borrowings, Trade Payables and other Financial liabilities	Rolling cash flow forecast	Availability of bank credit lines and borrowing facilities
Market risk - foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupees (INR)	Rolling cash flow forecast Sensitivity analysis	Monitoring Foreign currency fluctuation, Availing Forward Contracts.
Market risk -interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Availability of borrowing facilities at fixed rate, Periodic monitoring of variable interest rates

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligation under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables), deposits with bank and financial institution, Loans and deposits with third party, Foreign exchange transactions and other financial instruments / assets.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. It considers reasonable and supportive forward looking information such as: adverse changes in business, changes in the operating results of the counterparty, change to the counterparty's ability to meet its obligations etc. Financial assets are written off when there is no reasonable expectation of recovery.

(i) Credit risk management**Financial assets**

The Company maintains exposure in cash and cash equivalents, term deposits with banks and Security deposits with counterparties. Individual risk limits are set for each counter-party based on financial position, credit rating and past experience. Credit limits and concentration of exposures are actively monitored by the Company.

The Company's maximum exposure to credit risk as at March 31, 2020 and March 31, 2019 is the carrying value of each class of financial assets as disclosed in the financial statements.

Trade receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. On account of adoption of Ind AS 109, the company uses expected credit loss model to assess the impairment loss or gain. The Company uses a provision matrix and forward-looking information and an assessment of the credit risk over the expected life of the financial asset to compute the expected credit loss allowance for trade receivables.

Three customers each as at March 31, 2020 and three customers as at March 31, 2019 individually contributed to more than 5% of the total balance of trade receivables. Receivable (Gross) from these customers was Rs. 1,031 Lakhs and Rs. 1,034 Lakhs as at March 31, 2020 and March 31, 2019 respectively.

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

The amount of Trade receivable outstanding as at March 31, 2020 and March 31, 2019 is as follows:

Particulars	(Rs. in Lakhs)				
	Not Due	0-180 days	181 - 365 days	More than 365 days	Total
As at March 31, 2020	2,528	853	124	121	3,626
As at March 31, 2019	358	1,986	117	-	2,461

(ii) Reconciliation of loss allowances provision - Trade receivable

(Rs. in Lakhs)	
Loss allowances as at April 1, 2018	40
Changes in loss allowances	(16)
Loss allowances as at March 31, 2019	24
Changes in loss allowances	42
Loss allowances as at March 31, 2020	66

During the year the company has written off trade receivable amounting to Rs. 9 Lakhs (March 2019 Rs. 6 Lakhs). The company does not expect to receive future cashflow or recoveries from collection of cashflows previously written off.

(B) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due through rolling cash flow forecast. Also, the Company has unutilized credit limits with banks.

(i) Financing arrangements

The company had access to the following undrawn borrowing facilities at the end of the reporting period

Particulars	(Rs. in Lakhs)	
	As at March 31, 2020	As at March 31, 2019
Floating rate		
Expiring within one year (Bank overdraft, Term Loans and other facilities)	1,589	2,204
Total	1,589	2,204

(ii) Maturities of financial liabilities

The tables below analyse the company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows. Balance due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities	(Rs. in Lakhs)			
	Less than 1 Year	1 - 2 Years	2 Year and Above	Total
March 31, 2020				
Non - Derivative				
Borrowings (including current maturities)	1,411	141	-	1,552

*figures are below rounding off norm adopted by the company.

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

(C) Market Risk

(i) Foreign currency risk

Company is exposed to foreign exchange risk arising from direct transactions in foreign currency and also indirectly through transactions denominated in foreign currency though settled in functional currency (INR), primarily with respect to the US Dollar (USD). Foreign currency risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (INR).

The risk is measured through a forecast of highly probable foreign currency cash flows

(a) Foreign currency risk exposure:

The Company's exposure to foreign currency risk at the end of the reporting period are as follows

Particulars	Foreign Currency	(Rs. in Lakhs)			
		As at March 31, 2020		As at March 31, 2019	
		In foreign currency	Rs in Lakhs	In foreign currency	Rs in Lakhs
Financial liabilities					
Trade payables and capex creditors	USD	4	278	5	373
Buyers credit	USD	2	158	-	-
Derivative liabilities					
Buy foreign currency	USD	(2)	(169)	*	*
Net exposure to foreign currency liabilities	USD	4	267	5	373
Financial assets					
Trade receivables	USD	(11)	(860)	*	9
Net exposure to foreign currency assets	USD	(11)	(860)	-	9

*figures are below rounding off norm adopted by the company.

(b) Sensitivity

The Sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments

Particulars	Impact on profit after tax	
	As at	As at
	March 31, 2020	March 31, 2019
USD sensitivity		
INR/USD - Increase by 5% (March 31, 2019 - 5%)*	(42)	(13)
INR/USD - Decrease by 5% (March 31, 2019 - 5%)*	42	13

* Holding all other variables constant

Tatanet Services Limited**Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020****(ii) Cash Flow and fair value interest rate risk**

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the company to cash flow interest rate risk

(a) Interest rate risk exposure

The exposure of the company's borrowings to interest rate changes at the end of the reporting period are as follows

Particulars	(Rs. in Lakhs)	
	As at March 31, 2020	As at March 31, 2019
Variable rate borrowings	1,552	970
Fixed rate borrowings	-	-
Total borrowings	1,552	970

(b) Sensitivity

Profit or loss is sensitive to higher / lower interest expense from borrowings as a result of changes in interest rates

Particulars	Impact on profit after tax (Rs. in Lakhs)	
	As at March 31, 2020	As at March 31, 2019
Interest Rate - Increase by 100 basis points*	(12)	(7)
Interest Rate - Decrease by 100 basis points*	12	7

* Holding all other variables constant

(iii) Price Risk

The company does not have any financial instrument which is exposed to change in price.

Note 29 : Capital Management**Risk Management**

The Company's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- Maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Loan covenants

Under the terms of the major borrowing facilities, the company is required to comply with the following financial covenants:

Ratio of Total Outside Liabilities (TOL) to Total Net worth (TNW) should be less than 4 as on March 31, 2020 and as on March 31, 2019

The company has complied with these covenants throughout the reporting period, As at March 31, 2020 the ratio of TOL to TNW was 3.63 (March 2019: 2.62)

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

Note 30 : Offsetting Financial Assets And Financial Liabilities

There are no financial assets and liabilities which are eligible for offset under any arrangement

Collateral against borrowings

Current Assets and Fixed Assets of the Company are pledged as security against debt facilities from the lender. For carrying amount of assets pledged as security refer note 31.

Note 31 : Assets Pledge As Security

The carrying amounts of assets pledged as security for current and non-current borrowings are :

(Rs. in Lakhs)

Tatanet Services Limited**Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020****Note 32: Changes in accounting policies**

Ind AS 116 Leases was notified in March 2019 and it replaces Ind AS 17 Leases. Ind AS 116 is effective for annual periods beginning on or after April 1, 2019. The Company has applied Ind AS 116 'Leases' (Ind AS 116) with a date of initial application of April 1, 2019 using modified retrospective approach, under which the cumulative effect of initial application is recognized as at April 1, 2019.

On adoption of Ind AS 116, the Company recognised lease liabilities in relation to leases which had previously been classified as 'operating leases' under the principles of Ind AS 17, Leases. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate as of 1st April 2019. The weighted average lessee's incremental borrowing rate was 9.95%.

For leases previously classified as finance leases, the entity recognised the carrying amount of the lease asset and lease liability immediately before transition as the carrying amount of the Right of use assets and the lease liability.

i. Practical expedient applied

The Company has applied Ind AS 116 only to the contracts that were previously identified as leases. As a practical expedient, contracts previously identified as lease under Ind AS 17 has not been reassessed as to whether a contract is, or contains, a lease under Ind AS 116.

The Company has used the following practical expedients when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17:

- Applied a single discount rate to a portfolio of leases with similar characteristics.
- Applied the exemption not to recognize right-of-use asset and liabilities for leases with remaining lease term of 12 months or less.
- Excluded initial direct costs from measuring the right-of-use asset at the date of application
- Used hindsight when determining the lease term if the contract contains options to extend or terminate the lease.

ii. Measurement of lease liabilities

Particulars	(Rs. in Lakhs)
Operating lease commitments as at March 31, 2019	31
Add: Adjustments as a result of a different treatment of extension option	584
Less : Short-term leases recognised on a straight -line basis as expenses	(31)
Lease liabilities as at April 1, 2019	584
Current	101
Non Current	483

iii. Measurement of right-of-use assets

The associated right-of-use assets for property leases measured on modified retrospective basis.

iv. Adjustment recognised in the balance sheet on April 1, 2019

The change in accounting policy has affected the following items in the balance sheet on April 1, 2019

- Right-of-used assets- increase by Rs. 583 lakhs
- Deferred tax assets- increase by Rs. 147 lakhs
- Deferred tax liability- increase by Rs. 147 lakhs
- Lease liabilities- increase by Rs. Rs 583 lakhs

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

Note 39: Segment Information

Description of segments and principal activities

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM") of the company. The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors. The company has identified one reportable segment "Network System" based on the information reviewed by CODM. Thus, the segment revenue, segment results, total carrying amount of segment assets, total carrying amount of segment liabilities, total cost incurred to acquire segment assets, total amount of charge for depreciation during the year is as reflected in the Financial Statements as of and for the year ended March 31, 2020.

One external customers as at March 31, 2020 and two external customers as at March 31, 2019 contributed to more than 10% of the total revenue. Revenue from these customers Rs 1,348 Lakhs and Rs 2,297 Lakhs for the year ended March 31, 2020 and March 31, 2019 respectively. These revenues are attributed to the network system segment.

Note 40: Disclosure required under Micro, Small and Medium Enterprises Development Act, 2006 (the Act)

There are no Micro and Small Enterprises to whom the company owes dues, which are outstanding as at March 31, 2020. This information as required to be disclosed under the Micro, Small and Medium Enterprises Development Act, 2006 has been determined on the basis of information available with the company.

Note 41 : As a part of transition to Goods Services Tax (GST) in June 2017, the Company carried forward the Cenvat/Service tax/Sales tax input credit balance for future set-off against GST payable aggregating to Rs. 85 Lakhs. However, due to technical glitch on the GSTN portal, the Company could not file the Tran 1 Form within the prescribed period including the extended filing period. The Company filed a writ petition in the Hon'ble High Court of Bombay for allowing the carry forward of the input credit balances. In view of the multiple judgements by various High Courts in India on this matter which supports the Company's claim and based on the advice received from independent legal counsel, the Company expects to recover this input credit balance. The Company will be filing Special Leave Petition in Hon'ble Supreme Court as soon as the lockdown is over and the Supreme Court commences admitting of the petitions. In view of this, no provision has been made in the books of account against the recoverability of these balances.

Note 42 : The outbreak of Coronavirus (COVID-19) pandemic has profoundly impacted the economies across the Globe including India. In order to contain the spread of COVID-19, the Central Government of India as well as the various State Governments ordered complete lock-down including restrictions on domestic and international travels. During this period the Company continued to provide Satellite Communication Services as it is considered as an essential service being part of "Telecommunication, Internet Services, Broadcasting and cable services", with relevant permissions from the relevant authorities.

The Company continues to monitor the impact of the global pandemic in future and it may be different from the estimates made as on the date of financial statements. Based on the information available on the date of approval of these financial statements, the management has evaluated the impact of the aforesaid situation on the business of the Company, financial risks including credit risks and liquidity risks. Considering that the Company's revenue consists of recurring bandwidth services, liquidity position at year end and available approved credit limits, the management is of the opinion that there is no material uncertainty on the Company's ability to do business as a going concern and there are no impairment indicators for any of the asset disclosed in the financial statements.

Tatanet Services Limited

Notes annexed to and forming part of Financial Statements for the year ended March 31, 2020

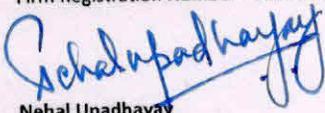

Note 43 : Amalgamation

The Board of Directors of the Company at its meeting held on September 01, 2017 had approved the draft composite Scheme of Arrangement and Amalgamation amongst the Company, Nelco Limited (Holding Company), and Nelco Network Products Limited (Wholly owned subsidiary of Holding Company) and their respective shareholders and creditors ("The Scheme"). Upon approval of the scheme by regulatory authorities, the Company will stand merged and amalgamated on a going concern basis with Nelco Limited ("Transferee Company") w.e.f April 01, 2017 ('the appointed date') in terms of the provisions of Sections 230 to 232 of the Companies Act, 2013 read with other applicable provisions of the Companies Act, 2013 and rules thereunder.

During the year the National Company Law Tribunal ("NCLT") approved the Scheme on November 2, 2018. As per the NCLT Order, the Company intimated the Registrar of the Companies ("RoC") about the approval of the Scheme by NCLT, stating that Department of Telecommunications ("DoT") approval has not received. The RoC records were, however, updated to reflect the Scheme as effective and Company as "amalgamated" with the Nelco Limited. Based on legal advice, the Company has approached NCLT to direct the RoC to amend their records to reinstate Company to its earlier status and cancel the effect of the Scheme with immediate effect. The decision of NCLT is awaited. Pending necessary approvals, the Scheme has not been given effect to in the financial statements for the year ended March 31, 2020.
