

The Tata Power Company Ltd		REVISED BID NOTIFICATION
Tender Reference: 4100034788/CC25ADO009		Document Date: 31 st July 2024

Addendum for Tender No. 4100034788/CC25ADO009

Outline Agreement (OLA) for 1 year for Supply of MCCB Panels PAN India.

Tata Power EV Charging Solutions Ltd. (TPEVCSL) wishes to issue this addendum to original tender document of the above-mentioned tender with an intention to give following additional information about the tender. Bidders are requested to review this information and then submit their bids.

- 1) This tender has been issued for the requirement of MCCB at various upcoming EV bus depots/EV hubs across India.
- 2) The requirement is scattered across various cities in India. Order against the OLA will be placed as per the requirement at site finalized.
- 3) To facilitate this arrangement, transport rates per KM are being sought. Hence bidders are requested to submit prices for the material ex works and submit prices for transport and related costs separately as per the line item given in the Price Bid Format.
- 4) Location from where supply is to be done is also sought in the price bid format. Bidders are requested to mandatorily submit this information. Bidders may give different supply location for different line items if the case is so. Payment for transportation will be done on actual basis for KM of transport from this defined supply location till the site.
