Note:- In the event of last date specified for submission of bids and date of opening of bids is declared as a closed holiday for TPC Mumbai office, the last date of submission of bids and date of opening of bids will be the following working day at appointed times.

1.4 Mandatory documents required along with the Bid

- 1.4.1 EMD of requisite value and validity
- 1.4.2 Tender Fee in case the tender is downloaded from website
- 1.4.3 Requisite Documents for compliance to Qualification Criteria mentioned in Clause 1.7.

RFQ No.: 4100067197

- 1.4.4 Drawing, Type Test details along with a sample of each item as specified at Annexure I (as applicable)
- 1.4.5 Duly signed and stamped 'Schedule of Deviations' as per Annexure III on bidder's letter head.
- 1.4.6 Duly signed and stamped 'Schedule of Commercial Specifications' as per Annexure IV on bidder's letter head.
- 1.4.7 Proper authorization letter/ Power of Attorney to sign the tender on the behalf of bidder.
- 1.4.8 Copy of PAN, GST, PF and ESI Registration (In case any of these documents is not available with the bidder, same to be explicitly mentioned in the 'Schedule of Deviations')

Please note that in absence of any of the above documents, the bid submitted by a bidder shall be liable for rejection.

1.5 Deviation from Tender

Normally, the deviations to tender terms are not admissible and the bids with deviation are liable for rejection. Hence, the bidders are advised to refrain from taking any deviations on this Tender. Still in case of any deviations, all such deviations shall be set out by the Bidders, clause by clause in the 'Annexure III - Schedule of Deviations' and same shall be submitted as a part of the Technical Bid.

1.6 Right of Acceptance/Rejection

Bids are liable for rejection in absence of following documents:-

- 1.6.1 EMD of requisite value and validity
- 1.6.2 Tender fee of requisite value
- 1.6.3 Price Bid as per the Price Schedule mentioned in Annexure-I
- 1.6.4 Necessary documents against compliance to Qualification Requirements mentioned at Clause 1.7 of this Tender Document.
- 1.6.5 Filled in Schedule of Deviations as per Annexure III
- 1.6.6 Filled in Schedule of Commercial Specifications as per Annexure IV
- 1.6.7 Receipt of Bid within the due date and time

TPC reserves the right to accept/reject any or all the bids without assigning any reason thereof.

1.7 Qualification Criteria

- The bidder must have successfully implemented Asset Performance Management (APM) and Asset Investment Planning (AIP) solutions for power utilities, with real time and batch data ingestion, in at least three projects during the last five years (FY22 to FY26). Documentary evidence such as completion certificates of proposed solution issued by client must be submitted. Reference Purchase Orders along with active managed services contract shall be considered.
- The bidder must be currently managing at least two active managed service engagements for the proposed APM and AIP solutions for at least one year in power utilities. Purchase order shall be submitted by the bidder.
- The bidder shall have a registered office in India and must comply with all applicable Indian laws and regulations. Registered office certificate shall be submitted.
- The bidder must have at least 50 full time personnel on its rolls, with the following minimum skill sets:
 - 1. Utility Power System Experience: minimum 10 personnel
 - 2. Machine Learning SME / Data Scientist: minimum 3 personnel
 - 3. Analytics solutions: minimum 3 personnel

RFQ No.: 4100067197

4. Additional staff with expertise in cybersecurity, and utility domain knowledge will be considered an advantage.

Resume of the personnel shall be submitted for mentioned skill set along with employee certificate / undertaking for the no. of employees in the company.

- The bidder's average annual turnover for the last three financial years (FY24 to FY26) must be at least ₹ 5 Crores. Audited financial statements must be provided.
- The bidder shall be certified with ISO 9001 (Quality Management), ISO/IEC 27001 (Information Security). Relevant certificates shall be submitted.

1.8 Marketing Integrity

We have a fair and competitive marketplace. The rules for bidders are outlined in the General Condition of Contracts. Bidders must agree to these rules prior to participating. In addition to other remedies available, TPC reserves the right to exclude a bidder from participating in future markets due to the bidder's violation of any of the rules or obligations contained in the General Condition of Contracts. A bidder who violates the market place rules or engages in behavior that disrupts the fair execution of the marketplace, may result in restriction of a bidder from further participation in the marketplace for a length of time, depending upon the seriousness of the violation. Examples of violations include, but are not limited to:

- Failure to honor prices submitted to the marketplace
- Breach of terms as published in TENDER/ NIT

1.9 Supplier Confidentiality

All information contained in this tender is confidential and shall not be disclosed, published or advertised in any manner without written authorization from TPC. This includes all bidding information submitted to TPC. All tender documents remain the property of TPC and all suppliers are required to return these documents to TPC upon request. Suppliers who do not honor these confidentiality provisions will be excluded from participating in future bidding events.

2.0 Evaluation Criteria

- The bids will be evaluated technically on the compliance to tender terms and conditions.
- The bids will be evaluated commercially on the overall all-inclusive lowest cost for the complete tender BOQ as calculated in Schedule of Items [Annexure I]. TPC however, reserves right to split the order line item wise and/or quantity wise among more than one Bidder. Hence all bidders are advised to quote their most competitive rates against each line item.
- Bidder has to mandatorily quote against each item of Schedule of Items [Annexure I]. Failing to do so, TPC may reject the bids.

NOTE: In case of a new bidder not registered, factory inspection and evaluation shall be carried out to ascertain bidder's manufacturing capability and quality procedures. However TPC reserves the right to carry out factory inspection and evaluation for any bidder prior to technical qualification. In case a bidder is found as Disqualified in the factory evaluation, their bid shall not be evaluated any further and shall be summarily rejected. The decision of TPC shall be final and binding on the bidder in this regard.

2.1 Price Variation Clause:

The prices shall remain firm during the entire contract period.

3.0 Submission of Bid Documents

RFQ No.: 4100067197

3.1 Bid Submission

Bidders are requested to submit their offer in line with this Tender document. TPC shall respond to the clarification raised by various bidders and the replies will be sent to all participating bidders through e-mail.

Bids shall be submitted in 3 (Three) parts:

FIRST PART: "EMD" of Rs. 2,00,000/- (Rupees Two Lakhs only) shall be submitted. The EMD shall be valid for 210 days from the due date of bid submission in the form of BG / Bankers Pay Order favoring "The Tata Power Company Limited". The EMD has to be strictly in the format as mentioned in General Condition of Contract, failing which it shall not be accepted and the bid as submitted shall be liable for rejection. A separate non-refundable tender fee of stipulated amount also needs to be transferred online through NEFT/ RTGS in case the tender document is downloaded from our website.

TPC/ TPC Bank Details for transferring Tender Fee and EMD is as below:

Account Name: The Tata Power Co. Ltd.

Bank Name: HDFC Bank, Fort Branch, Mumbai

Bank Account No. : 00600110000763

IFSC Code: HDFC0000060

SECOND PART: "TECHNICAL BID" shall contain the following documents:

- a) Documentary evidence in support of qualifying criteria
- b) Technical literature/GTP/Type test report etc. *(if applicable)*
- c) Qualified manpower available
- d) Testing facilities *(if applicable)*
- e) No Deviation Certificate as per the Annexure III – Schedule of Deviations
- f) Acceptance to Commercial Terms and Conditions viz Delivery schedule/period, payment terms etc. as per the Annexure IV – Schedule of Commercial Specifications.
- g) Quality Assurance Plan/Inspection Test Plan for supply items *(if applicable)*

The technical bid shall be properly indexed and is to be submitted in Soft Copy through Ariba Portal only. Hard Copy of Technical Bids need not be submitted.

THIRD PART: "PRICE BID" shall contain only the price details and strictly in format as mentioned in Annexure I along with explicit break up of basic prices, Taxes & duties, Freight etc. In case any discrepancy is observed between the item description stated in Schedule of Items mentioned in the tender and the price bid submitted by the bidder, the item description as mentioned in the tender document (to the extent modified through Corrigendum issued if any) shall prevail.

FOR BIDS INVITED THROUGH E-PROCUREMENT PORTAL:

The interested bidders are requested to obtain user name and password for purpose of bid submission through Ariba portal of TPC, Mumbai

Bids have to be mandatorily submitted only through Ariba portal of TPC. Bids submitted through any other form/ route shall not be admissible

The EMD in the form of BG shall be submitted in original hard copy and then placed in sealed envelope which shall be clearly marked as below:

EMD

"Implementation of APM & AIP across Tata Power"

**RFQ No.: 4100067197**

The envelope shall be addressed to:

**Chief (Corporate Contracts)
The Tata Power Company Limited
Smart Center of Procurement Excellence, 3rd Floor, Sahar Receiving Station
Sahar Airport Road, Andheri East, Mumbai-400059**

The envelope shall also bear the Name and Address of the Bidder along with our Tender No. and subject.

SIGNING OF BID DOCUMENTS:

The bid must contain the name, residence and place of business of the person or persons making the bid and must be signed and sealed by the Bidder with his usual signature. The names of all persons signing should also be typed or printed below the signature.

The Bid being submitted must be signed by a person holding a Power of Attorney authorizing him to do so, certified copies of which shall be enclosed.

The Bid submitted on behalf of companies registered with the Indian Companies Act, for the time being in force, shall be signed by persons duly authorized to submit the Bid on behalf of the Company and shall be accompanied by certified true copies of the resolutions, extracts of Articles of Association, special or general Power of Attorney etc. to show clearly the title, authority and designation of persons signing the Bid on behalf of the Company. Satisfactory evidence of authority of the person signing on behalf of the Bidder shall be furnished with the bid.

A bid by a person who affixes to his signature the word 'President', 'Managing Director', 'Secretary', 'Agent' or other designation without disclosing his principal will be rejected.

The Bidder's name stated on the Proposal shall be the exact legal name of the firm.

3.2 Contact Information

All the bidders are requested to send their pre-bid queries (if any) against this tender through e-mail within the stipulated timelines. The consolidated reply to all the queries received shall be shared on respective registered mail ID by the stipulated timelines as detailed in calendar of events.

Communication Details:Lead Contracts

Name: Mr. Atharva Dhumal
Contact No: 8369593396
E-Mail ID: atharva.dhumal@tatapower.com

Group Head Contracts:

Name: Ms. Subhanjali Sanyal
Contact No.: 022-67173927
E-Mail ID: subhanjali.sanyal@tatapower.com

3.3 Bid Prices

RFQ No.: 4100067197

Bidders shall quote for the entire Scope of Supply/ work with a break up of prices for individual items and Taxes & duties. The bidder shall complete the appropriate Price Schedules included herein, stating the Unit Price for each item & total price with taxes, duties & freight up to destination at various sites of TPC. The all-inclusive prices offered shall be inclusive of all costs as well as Duties, Taxes and Levies paid or payable during the execution of the supply work, breakup of price constituents.

The quantity break up shown else-where other than Price Schedule is tentative. The bidder shall ascertain himself regarding material required for completeness of the entire work. Any items not indicated in the price schedule but which are required to complete the job as per the Technical Specifications/ Scope of Work/ SLA mentioned in the tender, shall be deemed to be included in prices quoted.

3.4 Bid Currencies

Prices shall be quoted in Indian Rupees Only.

3.5 Period of Validity of Bids

Bids shall remain valid for 180 days from the due date of submission of the bid.

Notwithstanding clause above, the TPC may solicit the Bidder's consent to an extension of the Period of Bid Validity. The request and responses thereto shall be made in writing.

3.6 Alternative Bids

Bidders shall submit Bids, which comply with the Bidding documents. Alternative bids will not be considered. The attention of Bidders is drawn to the provisions regarding the rejection of Bids in the terms and conditions, which are not substantially responsive to the requirements of the bidding documents.

3.7 Modifications and Withdrawal of Bids

The bidder is not allowed to modify or withdraw its bid after the Bid's submission. The EMD as submitted along with the bid shall be liable for forfeiture in such event.

3.8 Earnest Money Deposit (EMD)

The bidder shall furnish, as part of its bid, an EMD amounting as specified in the tender. The EMD is required to protect the TPC against the risk of bidder's conduct which would warrant forfeiture.

The EMD shall be denominated in any of the following form:

- Banker's Cheque/ Demand Draft/ Pay order drawn in favor of The Tata Power Company Limited, payable at Mumbai.
- Online transfer of requisite amount through NEFT/ RTGS.
- Bank Guarantee valid for 210 days after due date of submission.

The EMD shall be forfeited in case of:

- a) The bidder withdraws its bid during the period of specified bid validity.

Or

- b) The case of a successful bidder, if the Bidder does not
- i) accept the purchase order, or
 - ii) furnish the required performance security BG

3.9 Type Tests (if applicable)

As per attached Annexures

4.0 Bid Opening & Evaluation process

RFQ No.: 4100067197

4.1 Process to be confidential

Information relating to the examination, clarification, evaluation and comparison of Bids and recommendations for the award of a contract shall not be disclosed to Bidders or any other persons not officially concerned with such process. Any effort by a Bidder to influence the TPC's processing of Bids or award decisions may result in the rejection of the Bidder's Bid.

4.2 Technical Bid Opening

Bids will be opened at TPC Office Mumbai as per the schedule mentioned in Calendar of Events. In case of limited tenders, the bids shall be opened internally by TPC. In case of Open Tenders, the bids shall be opened in the presence of accredited representatives of bidders who may choose to be present at the time of tender opening. Technical bid must not contain any cost information whatsoever.

First the envelope marked "EMD" will be opened. Bids without EMD/cost of tender (if applicable) of required amount/ validity in prescribed format, shall be rejected.

Next, the technical bid of the bidders who have furnished the requisite EMD will be opened, one by one. The salient particulars of the techno commercial bid will be read out at the sole discretion of TPC.

4.3 Preliminary Examination of Bids/Responsiveness

TPC will examine the Bids to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the Bids are generally in order. TPC may ask for submission of original documents in order to verify the documents submitted in support of qualification criteria.

Arithmetical errors will be rectified on the following basis: If there is a discrepancy between the unit price and the total price per item that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price per item will be corrected. If there is a discrepancy between the Total Amount and the sum of the total price per item, the sum of the total price per item shall prevail and the Total Amount will be corrected.

Prior to the detailed evaluation, TPC will determine the substantial responsiveness of each Bid to the Bidding Documents including production capability and acceptable quality of the Goods offered. A substantially responsive Bid is one, which conforms to all the terms and conditions of the Bidding Documents without material deviation.

Bid determined as not substantially responsive will be rejected by the TPC and/or the TPC and may not subsequently be made responsive by the Bidder by correction of the non-conformity.

4.4 Techno Commercial Clarifications

Bidders need to ensure that the bids submitted by them are complete in all respects. To assist in the examination, evaluation and comparison of Bids, TPC may, at its discretion, ask the Bidder for a clarification on its Bid for any deviations with respect to the TPC specifications and attempt will be made to bring all bids on a common footing. All responses to requests for clarification shall be in writing and no change in the price or substance of the Bid shall be sought, offered or permitted owing to any clarifications sought by TPC.

4.5 Price Bid Opening

Price bids will be opened at the stipulated date and time. The EMD of the bidder withdrawing or substantially altering his offer at any stage after the technical bid opening will be forfeited at the sole discretion of TPC without any further correspondence in this regard.

RFQ No.: 4100067197

4.7 Reverse Auctions

TPC reserves the right to conduct the reverse auction (instead of public opening of price bids) for the products/ services being asked for in the tender. The terms and conditions for such reverse auction events shall be as per the Acceptance Form attached as Annexure VI of this document. The bidders along with the tender document shall mandatorily submit a duly signed copy of the Acceptance Form attached as Annexure VI as a token of acceptance for the same.

5.0 Award Decision

TPC will award the contract to the successful bidder whose bid has been determined to be the lowest-evaluated responsive bid as per the Evaluation Criterion mentioned at Clause 2.0. The Cost for the said calculation shall be taken as the all-inclusive cost quoted by bidder in Annexure I (Schedule of Items) subject to any corrections required in line with Clause 4.3 above. The decision to place purchase order/LOI solely depends on TPC on the cost competitiveness across multiple lots, quality, delivery and bidder's capacity, in addition to other factors that TPC may deem relevant.

TPC reserves all the rights to award the contract to one or more bidders so as to meet the delivery requirement or nullify the award decision without assigning any reason thereof.

In case any supplier is found unsatisfactory during the delivery process, the award will be cancelled and TPC reserves the right to award other suppliers who are found fit.

6.0 Order of Preference/Contradiction:

In case of contradiction in any part of various documents in tender, following shall prevail in order of preference:

1. Schedule of Items (Annexure I)
2. Post Award Contract Administration (Clause 7.0)
3. Submission of Bid Documents (Clause 3.0)
4. Scope of Work and SLA (Annexure VII)
5. Technical Specifications (Annexure II)
6. Inspection Test Plan (Annexure VIII)
7. Acceptance Form for Participation in Reverse Auction (Annexure VI)
8. General Conditions of Contract (Annexure IX)

7.0 Post Award Contract Administration

7.1 Special Conditions of Contract

- Rate shall remain FIRM till the validity of Rate Contract.
- TPC appreciates and welcomes the engagement/employment of persons from SC/ ST community or any other deprived section of society by their BAs.
- Any change in statutory taxes, duties and levies during the contract period shall be borne by TPC. However in case of delay in work execution owing to reasons not attributable to TPC, any increase in total liability shall be passed on the Bidder, whereas any benefits arising owing to such statutory variation in taxes and duties shall be passed on TPC.
- All the terms and conditions of TPC GTC shall be applicable.

7.2 Drawing Submission & Approval

As per annexure - II

7.3 Delivery Terms

RFQ No.: 4100067197

Outline Agreement shall be valid for the period of 6 Years.

Delivery should be done on milestone basis as follows:

Business Milestones	Deliverables	Delivery Timeline
Milestone 1: Blueprinting and documentation	Blueprinting, documentation of APM and AIP requirements	1 Month from date of PO
Milestone 2: Implementation of APM Use Cases	End to End UAT of APM Use Cases, along with customization identified in the blue printing phase and Relevant Dashboarding and	3 Months from the date of PO
Milestone 3: Implementation of AIP Use Cases	End to End UAT of AIP Use Cases, along with customization identified in the blue printing phase and Relevant Dashboarding and	5 Months from the date of PO
Milestone 4: Hyper Care	Stabilization period after go-live. Issue Resolution Reports, Performance Monitoring Reports, Hypercare Sign-off.	3 Months from the date of Go Live.
Milestone 5: Managed Services & AMC.	Managed Services of the Solutions deployed by the partner	60 Months from the date Completion of Hyper-Care Tenure.

7.4 Warranty Clause

Services should be provided till contract validity tenure.

SLA Applicable as per Tender Scope of Work.

7.5 Payment Terms

For Implementation: Payment shall be released post completion of individual milestones. Individual Tender Milestone as follows:

Business Milestone	Deliverables	Payment Terms
Milestone 1: Blueprinting and documentation	Blueprinting, documentation of APM and AIP requirements	20 % of Line item 1 of the Price Schedule
Milestone 2: Implementation of APM Use Cases	End to End UAT of APM Use Cases, along with customization identified in the blue printing phase and Relevant Dashboarding and	30 % of Line item 1 of the Price Schedule
Milestone 3: Implementation of AIP Use Cases	End to End UAT of APM Use Cases, along with customization identified in the blue printing phase and Relevant Dashboarding and	30 % of Line item 1 of the Price Schedule
Milestone 4: Hyper Care	Stabilization period after go-live. Issue Resolution Reports, Performance Monitoring Reports, Hypercare Sign-off.	20 % of Line item 1 of the Price Schedule

Invoices shall be raised on Quarterly in arrears basis.

All the Payments shall made with a credit period of 30 days from the date of submission of error free invoices along with relevant supporting documents & as certified by Order Manager.

7.6 Liquidated Damages Clause

LD deduction shall be applicable for delay in Project Go-Live at the rate of 1% of Total Contract value (Incl. of Taxes) per week of delay to a maximum of 10% of Total Contract value (Incl. of Taxes).

SLA Applicable as per Tender Scope of Work.

7.7 Contract Performance Bank Guarantee (CPBG) Clause

Bidder shall submit Contract Performance Bank Guarantee (CPBG) cum Performance Bank Guarantee of 10% of the Total order value (Incl. of Taxes) within 15 days of award of contract, valid till Contract period with additional claim period of 6 months.

Tata Power reserves the right to recover the Liquidated damages due to SLA non-compliance as stated under Service Level Agreement (SLA), from the contractor's invoices due and also from the other securities and BG available with owner.

7.8 Safety Retention

Safety Retention as per the Tata Power General Terms and Conditions shall be applicable and shall be released based on safety performance score after work completion.

7.9 Climate Change

Significant quantities of waste are generated during the execution of project and an integrated approach for effective handling, storage, transportation and disposal of the same shall be adopted. This would ensure the minimization of environmental and social impact in order to combat the climate change.

7.10 Ethics

TPC is an ethical organization and as a policy TPC lays emphasis on ethical practices across its entire domain. Bidder should ensure that they should abide by all the ethical norms and in no form either directly or indirectly be involved in unethical practice.

TPC work practices are governed by the Tata Code of Conduct which emphasizes on the following:

- We shall select our suppliers and service providers fairly and transparently.
- We seek to work with suppliers and service providers who can demonstrate that they share similar values. We expect them to adopt ethical standards comparable to our own.
- Our suppliers and service providers shall represent our company only with duly authorized written permission from our company. They are expected to abide by the Code in their interactions with, and on behalf of us, including respecting the confidentiality of information shared with them.
- We shall ensure that any gifts or hospitality received from, or given to, our suppliers or service providers comply with our company's gifts and hospitality policy.
- We respect our obligations on the use of third party intellectual property and data.

Bidder is advised to refer GTC attached at Annexure VIII for more information.

Any ethical concerns with respect to this tender can be reported to the following e-mail ID: mrpatel@tatapower.com.

RFQ No.: 4100067197

8.0 Specification and standards

As per Annexure II.

9.0 General Condition of Contract

Any condition not mentioned above shall be applicable as per GCC for Supply attached along with this tender at Annexure IX.

10.0 Safety

Safety related requirements as mentioned in our safety Manual put in the Company's website which can be accessed by:

<http://www.tatapower.com>

All Associates shall strictly abide by the guidelines provided in the safety manual at all relevant stages during the contract period.

CONFIDENTIAL

RFQ No.: 4100067197

ANNEXURE I
Schedule for Items

Implementation of APM & AIP across Tata Power					
Sr. No.	Description	Qty	UoM	Unit Price	Overall Price
1	Design and Implementation of APM & AIP Solution	1	AU		
2	Managed Services	60	MON		
3	Change Requests (in Man-Hours)	500	AU		
4	Additional License Cost of APM and AIP Solutions (WITH PRICE VALIDITY OF 6 YEARS FROM DATE OF OLA)		EA		
Total Package Cost					
GST @ 18%					
Total Cost (Incl. of GST)					

NOTE:

- The bidders are advised to quote prices strictly in the above format and for all the line items as mentioned above. Failing to do so, bids are liable for rejection.
- The bidder must fill each and every column of the above format. ***Mentioning “extra/inclusive” in any of the column may lead for rejection of the price bid.***
- No cutting / overwriting in the prices is permissible.
- The unit price to be indicated in col. No. 5 should be exclusive of taxes & duties which are to be indicated in separate columns meant for the purpose.
- All other Terms & conditions shall be as per Technical Specifications, Tata Power – GTC – Supply & Tata Power – GTC – Services.

RFQ No.: 4100067197

ANNEXURE II
Technical Specifications

As per Annexure No.: VII

RFQ No.: 4100067197

ANNEXURE III

Schedule of Deviations

*Bidders are advised to refrain from taking any deviations on this TENDER. Still in case of any deviations, all such deviations from this tender document shall be set out by the Bidders, Clause by Clause in this schedule and submit the same as a part of the **Technical Bid**.*

Unless specifically mentioned in this schedule, the tender shall be deemed to confirm the TPC's specifications:

S. No.	Clause No.	Tender Clause Details	Details of deviation with justifications

By signing this document we hereby withdraw all the deviations whatsoever taken anywhere in this bid document and comply to all the terms and conditions, technical specifications, scope of work etc. as mentioned in the standard document except those as mentioned above.

Seal of the Bidder:

Signature:

Name:

ANNEXURE IV

Schedule of Commercial Specifications

(The bidders shall mandatorily fill in this schedule and enclose it with the offer Part I: Technical Bid. In the absence of all these details, the offer may not be acceptable.)

S. No.	Particulars	Remarks
1.	Prices firm or subject to variation (If variable indicate the price variation clause with the ceiling if applicable)	Firm / Variable
1a.	If variable price variation on clause given	Yes / No
1b.	Ceiling	----- %
1c.	Inclusive of Excise Duty	Yes / No (If Yes, indicate % rate)
1d.	Sales tax applicable at concessional rate	Yes / No (If Yes, indicate % rate)
1e.	Octroi payable extra	Yes / No (If Yes, indicate % rate)
1f.	Inclusive of transit insurance	Yes / No
2.	Delivery clause acceptable	Yes / No
3.	Warranty clause acceptable	Yes / No
4.	Terms of payment acceptable	Yes / No
5.	Performance Bank Guarantee acceptable	Yes / No
6.	Liquidated damages & SLA clause acceptable	Yes / No
7.	Validity (180 days) (From the date of opening of technical bid)	Yes / No
8.	Rebate for increased quantity	Yes / No (If Yes, indicate value)
9.	Change in price for reduced quantity	Yes / No (If Yes, indicate value)
10.	Inspection during stage of manufacture	Yes / No
11.	Covered under Small Scale and Ancillary Industrial Undertaking Act 1992	Yes / No (If Yes, indicate, SSI Reg'n No.)

ANNEXURE V

Checklist of all the documents to be submitted with the Bid

Bidder has to mandatorily fill in the checklist mentioned below:-

S. No.	Documents attached	Yes / No / Not Applicable
1	EMD of required value	
2	Tender Fee as mentioned in this RFQ	
3	Company profile/organ gram	
4	Signed copy of this RFQ as an unconditional acceptance	
5	Duly filled schedule of commercial specifications (Annexure IV)	
6	Sheet of commercial/technical deviation if any (Annexure III)	
7	Balance sheet for the last completed three financial years; mandatorily enclosing Profit & loss account statement	
8	Acknowledgement for Testing facilities if available (duly mentioned on bidder letter head)	
9	List of Machine/tools with updated calibration certificates if applicable	
10	Details of order copy (duly mentioned on bidder letter head)	
11	Order copies as a proof of quantity executed	
12	Details of Type Tests if applicable (duly mentioned on bidder letter head)	
13	All the relevant Type test certificates as per relevant IS/IEC (CPRI/ERDA/other certified agency) if applicable	
14	Project/supply Completion certificates	
15	Performance certificates	
16	Client Testimonial/Performance Certificates	
17	Credit rating/solvency certificate	
18	Undertaking regarding non blacklisting (On company letter head)	
19	List of trained/untrained Manpower	

ANNEXURE VI**Acceptance Form for Participation in Reverse Auction Event**

(To be signed and stamped by the bidder)

In a bid to make our entire procurement process more fair and transparent, TPC intends to use the reverse auctions through SAP-SRM tool as an integral part of the entire tendering process. All the bidders who are found as technically qualified based on the tender requirements shall be eligible to participate in the reverse auction event.

The following terms and conditions are deemed as accepted by the bidder on participation in the bid event:

1. TPC shall provide the user id and password to the authorized representative of the bidder. *(Authorization Letter in lieu of the same shall be submitted along with the signed and stamped Acceptance Form).*
2. TPC will make every effort to make the bid process transparent. However, the award decision by TPC would be final and binding on the supplier.
3. The bidder agrees to non-disclosure of trade information regarding the purchase, identity of TPC, bid process, bid technology, bid documentation and bid details.
4. The bidder is advised to understand the auto bid process to safeguard themselves against any possibility of non-participation in the auction event.
5. In case of bidding through Internet medium, bidders are further advised to ensure availability of the entire infrastructure as required at their end to participate in the auction event. Inability to bid due to telephone line glitch, internet response issues, software or hardware hangs, power failure or any other reason shall not be the responsibility of TPC.
6. In case of intranet medium, TPC shall provide the infrastructure to bidders. Further, TPC has sole discretion to extend or restart the auction event in case of any glitches in infrastructure observed which has restricted the bidders to submit the bids to ensure fair & transparent competitive bidding. In case of an auction event is restarted, the best bid as already available in the system shall become the start price for the new auction.
7. In case the bidder fails to participate in the auction event due any reason whatsoever, it shall be presumed that the bidder has no further discounts to offer and the initial bid as submitted by the bidder as a part of the tender shall be considered as the bidder's final no regret offer. Any offline price bids received from a bidder in lieu of non-participation in the auction event shall be out-rightly rejected by TPC.
8. The bidder shall be prepared with competitive price quotes on the day of the bidding event.
9. The prices as quoted by the bidder during the auction event shall be inclusive of all the applicable taxes, duties and levies and shall be FOR at TPC site.
10. The prices submitted by a bidder during the auction event shall be binding on the bidder.
11. No requests for time extension of the auction event shall be considered by TPC.
12. The original price bids of the bidders shall be reduced on pro-rata basis against each line item based on the final all inclusive prices offered during conclusion of the auction event for arriving at Contract amount.

Signature & Seal of the Bidder

ANNEXURE VII

Scope of Work shall be as per attached Annexure

CONFIDENTIAL

1 Objective

Proposals are hereby invited from eligible bidders for the Design, Supply, Implementation, and Annual Maintenance Contract of Asset Performance Management System (APM) and Asset Investment Planning (AIP) software solutions for Tata Power Company Limited.

The APM and AIP systems for transmission and distribution assets shall be delivered as a Commercial-Off-The-Shelf (COTS) products that will help TATA Power DISCOM to analyze, and optimize the performance and reliability of its electrical assets, including transmission / distribution lines, power transformers, circuit breakers, and other critical equipment's. The proposed application must integrate seamlessly with TPCL's indigenous Grid Data Hub (GDH) via standard interfacing mechanisms such as APIs, FTP, or messaging queues, thereby ensuring a unified, data-driven approach to asset management and investment planning.

The proposed Asset Performance Management (APM) and Asset Investment Planning (AIP) platform shall function as a centralized enterprise utility intelligence platform integrating operational, maintenance, financial, planning, regulatory, GIS, SCADA, and customer-impact data into a unified analytical ecosystem.

2 Qualifying Criteria

- The bidder must have successfully implemented Asset Performance Management (APM) and Asset Investment Planning (AIP) solutions for power utilities, with real-time and batch data ingestion, in at least three projects during the last five years (FY22 to FY26). Documentary evidence such as completion certificates of proposed solution issued by client must be submitted. Reference Purchase Orders along with active managed services contract shall be considered.
- The bidder must be currently managing at least two active managed service engagements for the proposed APM and AIP solutions from at least one year in power utilities. Purchase order shall be submitted by the bidder.
- The bidder shall have a registered office in India and must comply with all applicable Indian laws and regulations. Registered office certificate shall be submitted.
- The bidder must have at least 50 full-time personnel on its rolls, with the following minimum skill sets:
 - Utility Power System Experience: minimum 10 personnel
 - Machine Learning SME / Data Scientist: minimum 3 personnel

Notice Inviting Request for Information

- Analytics solutions: minimum 3 personnel
- Additional staff with expertise in cybersecurity, and utility domain knowledge will be considered an advantage.

Resume of the personnel shall be submitted for mentioned skill set along with employee certificate / undertaking for the no. of employees in the company.

- The bidder's average annual turnover for the last three financial years (FY24 to FY26) must be at least ₹ 5 Crores. Audited financial statements must be provided.
- The bidder shall be certified with ISO 9001 (Quality Management), ISO/IEC 27001 (Information Security). Relevant certificates shall be submitted.

3 Scope of work

3.1 Deliverables

- Conduct a comprehensive study of TPCL's Asset Performance Management (APM) and Asset Investment Planning (AIP) requirements and use cases and prepare a detailed Business Requirement Document (BRD).
- Supply Commercial-off-the-Shelf (COTS) software applications that address TPCL's identified APM and AIP use cases.
- Implement the supplied software after successful User Acceptance Testing (UAT), incorporating all functionalities identified during the discovery phase and applying necessary customization as documented in the BRD.
- Develop, customize, and deploy the APM and AIP applications, including dashboards and reports, to meet TPCL's operational and analytical needs.
- Provide comprehensive solution support services (L1, L2, L3) of the deployed solution for a period of five years, aligned with SaaS product standards, ensuring reliability, scalability, and continuous improvement.
- Cloud hosting, integration, testing, deployment, training, and managed services.
- Integration with GDH, SAP, GIS, ADMS, SCADA, CYME, MDM, and enterprise systems.

3.1.1 Digital Utility Transformation

The proposed APM-AIP platform shall support TPCL in transforming existing utility operations into a digitally enabled, predictive, data-driven, and reliability-focused operational ecosystem. The system shall improve operational visibility, reduce dependency on manual analysis, and improve enterprise decision-making capabilities.

3.1.2 Asset Health Index (AHI)

The system shall dynamically compute Asset Health Index (AHI) using configurable and explainable scoring models. The health index shall incorporate asset age, operational

Notice Inviting Request for Information

loading, environmental exposure, maintenance records, diagnostic tests, inspection findings, DGA analysis, vibration, oil quality, thermal stress, partial discharge, and outage history.

3.1.3 Asset Criticality Index (ACI)

The platform shall compute Asset Criticality Index based on asset importance, network dependency, customer impact, redundancy availability, load served, regulatory importance, and business continuity implications.

3.1.4 Asset Risk Index (ARI)

The system shall support dynamic Asset Risk Index (ARI) calculations by combining probability of failure and consequence analysis. Risk calculations shall include outage cost, financial loss, environmental exposure, safety implications, repair costs, consumer impact, and regulatory penalties.

The bidder shall ensure that the proposed implementation approach, configuration methodology, integration architecture, operational workflows, governance mechanisms, reporting structures, and support frameworks are aligned with TPCL operational objectives, cybersecurity policies, regulatory obligations, and long-term digital transformation strategies. Detailed documentation, traceability, auditability, and scalability considerations shall be incorporated across all implementation phases.

3.2 Asset Performance Management

The primary objective of implementing the APM solution is to transition TPCL from routine, time-based maintenance practices to a condition-driven, business-aligned asset management approach that enhances both reliability and financial performance. By leveraging data from TPCL's Grid Data Hub (GDH), the solution will enable a unified, proactive, and coordinated framework for managing critical electrical assets across the transmission and distribution network.

The proposed APM solution shall:

- Access historical and real-time analogue and digital data of all electrical assets from TPCL's GDH hosted on the cloud.
- Support multiple data access mechanisms including REST/RESTful APIs, ODBC, file-based ingestion, and messaging queues.

The APM solution must fulfil the following key capabilities:

3.2.1 Asset Performance Indices

- Dynamically compute asset condition and degradation using diagnostic tests, inspections, and operational stress data to generate a health score for each asset and its sub-components.
- This APM shall execute a unified impact assessment that integrates asset health, risk, criticality, failure, and other associated models to provide a holistic view of asset performance.
- Quantify asset health impact within the defined hierarchy by systematically evaluating the consequences of failures on operational performance and overall system reliability.
- Perform dynamic calculation and visualization of the Asset Risk Index (ARI), based on configurable risk models aligned with ISO 55001 (Asset Management – Management Systems – Requirements). The ARI shall be defined as:

$$\text{ARI} = \text{Probability of Failure (PoF)} \times \text{Consequence of Failure (CoF/ACI)}$$

to prioritize high-risk assets for intervention.

- Implement a robust mechanism for risk and criticality evaluation, considering factors such as likelihood of failure, consequence of failure, and the criticality of assets within the hierarchy, in line with ISO 31000 (Risk Management – Guidelines).
- Pre-built Asset type (make and model) library with default data models and characteristics (should include all major asset types – Transformers, Circuit Breakers, Switch gears, Isolators, Cables, Auxilliary systems..etc)
- The solution shall consist of Out of the box library of analytics condition/importance/risk for all major asset classes (TX, CB, Protection, SG, IEDs, Batteries, Linear assets...)

3.2.2 Predictive Ageing

- Forecast asset performance and remaining useful life (RUL) using advanced AI/ML models that simulate ageing behaviour, deterioration patterns, failure probabilities, and operating stresses.
- Apply machine learning–based formulas that incorporate asset age, expected life, and health degradation parameters to generate accurate predictive insights.
- Utilize internationally recognized standards and models, including:
 - IEEE physical degradation models for simulating deterioration mechanisms.
 - ISO 14224 (Petroleum, petrochemical and natural gas industries – Collection and exchange of reliability and maintenance data for equipment) Weibull parameters for reliability and failure distribution analysis.
 - IEC CIM (Common Information Model) lifecycle attributes for standardized representation of asset lifecycle data.
- Train AI/ML models on historical operational and maintenance data to improve accuracy and reliability of predictions, enabling proactive maintenance and optimized asset replacement strategies.

3.2.3 Reliability

- FMECA (Failure Modes, Effects & Criticality Analysis) and RCM (Reliability-Centred Maintenance)
- Determines optimal maintenance strategies by analysing failure modes, effects, cause–consequence relations, and criticality; Configurable age thresholds; auto generate maintenance tasks & intervals
- Deployment of a Unified Asset Management solution: A centralized system to facilitate monitoring, asset indexing and predictive maintenance across key electrical infrastructure components.
- Application of Analytical Models for Asset Evaluation: Advanced models to assess asset condition, detect early signs of deterioration and evaluate risk levels, enabling timely and targeted interventions.
- Prioritization of Maintenance and Operational Actions: The system will provide data-driven recommendations to help prioritize maintenance activities and operational responses, reducing the likelihood of unplanned outages and improving system reliability.

Notice Inviting Request for Information

- **Development of a Connected Asset Ecosystem:** By linking data, processes and teams, the solution will foster a coordinated and transparent environment for managing asset performance and reliability.
- **Support for Long-Term Planning and Investment:** Insights generated by the solution inform capital planning and maintenance strategies that will help to align operational needs with long-term infrastructure goals.

Standards Alignment:

- **ISO 55001** – Asset Management: Management Systems – Requirements
- **ISO 31000** – Risk Management: Guidelines
- **IEC 60300-3-11** – Application of Reliability-Centred Maintenance (RCM)

3.2.4 Decision Support

- Generate intervention actions (inspection, testing, maintenance, replacement, refurbishment) using advanced AI/ML models trained on asset performance data, KPIs, and risk indices.
- Out of the box interactive dashboards for decision making support for investment planning, and maintenance planning.
- Classify recommended actions by urgency and type, ensuring prioritization of high-risk or time-sensitive interventions.
- Provide an explainability framework (e.g., decision trees) that clearly outlines the rationale behind each recommendation, enabling transparency and trust in automated decision-making.
- Support data-driven decision processes by integrating predictive analytics with operational insights, ensuring that asset interventions are aligned with business objectives and regulatory requirements.
- Facilitate continuous improvement by capturing feedback from executed interventions and refining AI/ML models over time.

Standards Alignment:

- **ISO 55001** – Asset Management: Management Systems – Requirements
- **ISO 31000** – Risk Management: Guidelines
- **IEC 62508** – Guidance on the application of dependability engineering for safety-related systems

3.2.5 Condition Based Monitoring

- Enable real-time and batch condition monitoring of electrical assets by leveraging sensors, IoT devices, and other data sources.
- Provide continuous tracking of asset parameters (e.g., temperature, vibration, load, partial discharge, oil quality) to detect anomalies and early signs of deterioration.
- Integrate monitoring data with TPCL's Grid Data Hub (GDH) to ensure a unified view of asset health and performance.
- Facilitate early detection of abnormal asset behaviour, allowing TPCL to intervene proactively before failures and outages occur.
- Support configurable thresholds and alerts to trigger timely maintenance actions and reduce unplanned downtime.
- Deliver visual dashboards and reports for operators and engineers to analyse trends, compare asset conditions, and prioritize interventions.
- Ensure compliance with relevant standards, including:
 - **ISO 13374** – Condition Monitoring and Diagnostics of Machines – Data Processing, Communication, and Presentation.
 - **ISO 17359** – Condition Monitoring and Diagnostics of Machines – General Guidelines.
 - **IEC 62506** – Methods for Risk Assessment and Condition Monitoring.

Risk-Based Asset Management: The platform shall establish enterprise-level risk-based asset management capabilities by integrating health indices, operational risk, environmental exposure, maintenance history, and business impact into unified asset risk models.

3.3 Detailed Asset Risk Framework

3.3.1 Transformer Risk Framework

The platform shall support transformer risk assessment using insulation degradation analytics, DGA trends, oil quality analysis, thermal stress, overload exposure, historical failure trends, spare availability, and restoration complexity.

3.3.2 Circuit Breakers & GIS

The solution shall monitor breaker operation counts, contact wear, SF6 gas leakage, interruption performance, trip history, maintenance intervals, and switching reliability.

3.3.3 Transmission Line & Tower Analytics

The platform shall evaluate weather-related risks, tower corrosion, sag analysis, conductor ageing, vegetation risks, lightning exposure, and environmental degradation.

3.3.4 Cable Analytics

The solution shall support underground cable health analytics including insulation degradation, joint failure analysis, overload exposure, fault-location trends, excavation challenges, and restoration impacts.

The bidder shall ensure that the proposed implementation approach, configuration methodology, integration architecture, operational workflows, governance mechanisms, reporting structures, and support frameworks are aligned with TPCL operational objectives, cybersecurity policies, regulatory obligations, and long-term digital transformation strategies. Detailed documentation, traceability, auditability, and scalability considerations shall be incorporated across all implementation phases.

3.3.5 APM – Asset Risk Indices for different Assets

The following table represents an indicative outcome of the Asset Risk index for different electrical asset of the utility. Successful bidder shall consider all the input parameters that are required from different IT and OT system of the utility to calculate the risk index of the asset based but not limited to following table.

Sr. No.	Asset Type	Asset Risk Index
1	Transformer	• Probability of Failure – Failure rate, failure modes analysis • Spare Availability – Inventory Visualization • Financial Loss Degree – Cost of downtime, revenue impact • Cost of Failure – Repair costs, replacement costs • Historical Failure Cost – Previous incidents, associated costs
2	Circuit Breakers and Reclosers	• Probability of Failure – Failure rate, history, Age and condition of equipment • Spare Availability – Availability of spare parts, compatibility • Lead times for procurement and replacement • Financial Loss Degree – Downtime costs & losses • Cost of Failure – Repair costs, replacement costs • Potential damage to connected equipment and safety hazards
3	Instrument Transformer (CT and PT)	• Probability of Failure – Failure rate, Failure History, Age and condition of equipment • Frequency and severity of operating conditions such as overloads or short circuits • Spare Availability – Availability of spare parts, compatibility • Lead times for procurement and replacement • Financial Loss Degree – Downtime costs & losses • Cost of Failure – Repair costs, replacement costs • Potential damage to connected equipment and safety hazards

Notice Inviting Request for Information

Sr. No.	Asset Type	Asset Risk Index
4	Lightning/Surge Arrester	• Probability of Failure – Failure rate, Failure History, Age and condition of equipment, Historical lightning activity in the area • Spare Availability – Availability of spare parts • Lead times for procurement and replacement • Financial Loss Degree – Downtime costs & losses • Cost of Failure – Repair costs, replacement costs • Potential damage to connected equipment and safety hazards
5	Isolators/Disconnectors and Earth Switch	• Probability of Failure – Failure rate, Failure History, Age and condition of equipment, Historical lightning activity in the area • Spare Availability – Availability of spare parts • Lead times for procurement and replacement • Financial Loss Degree – Downtime costs & losses • Cost of Failure – Repair costs, replacement costs
6	Gas Insulated Switchgear (GIS) Systems	• Probability of Failure – Failure rate, Failure History, Age and condition of equipment. • Spare Availability – Availability of spare parts • Lead times for procurement and replacement • Financial Loss Degree – Downtime costs & losses • Cost of Failure – Repair costs, replacement costs
7	Transmission Tower and Lines (HV and MV)	• Probability of Failure – Weather-related risks, structural degradation • Spare Availability – Availability of replacement components, emergency repair kits • Financial Loss Degree – Replacement costs, downtime costs • Cost of Failure – Repair costs, environmental remediation costs • Historical Failure Cost – Previous incidents, associated costs
8	Protection Relays	• Residual Life – Remaining useful life estimation, end-of-life prediction • Probability of Failure – Failure rates, failure modes analysis • Cost of Failure – Downtime costs, production losses • Historical Failure Cost – Previous incidents, associated costs • Cybersecurity Risk – Vulnerability assessments, threat analysis
9	Meters	• Residual Life – Remaining useful life estimation • Probability of Failure – Communication dropouts, event recurrence, hardware faults • Cost of Failure – Revenue loss, customer billing disputes • Historical Failure Trends – Repeat replacements, event patterns • Cybersecurity Risk – Firmware vulnerabilities, remote access threats

Notice Inviting Request for Information

Sr. No.	Asset Type	Asset Risk Index
10	Capacitors and Reactors	• Probability of failure – insulation ageing, DGA indicators, bushing reliability, capacitor ageing rate. • Spare availability – capacitor units, reactor bushings, fuses, CTs. • Repair logistics – bushing replacement, capacitor unit replacement, long procurement lead times. • Failure impact: System overvoltage/undervoltage Harmonic escalation Bus voltage instability • Financial loss – downtime cost, penalties, equipment damage due to overvoltage. • Cost of failure – unit replacement cost, oil replacement, outage restoration effort. • Safety hazards – capacitor explosion risk, oil fire risk, high inrush currents.
11	Battery and its Auxillary System	• Probability of Failure - o Age and condition of equipment - o Battery cycle count, temperature cycles, elapsed life - o Reliability of charging equipment and distribution components • Spare Availability - o Availability of spare batteries, chargers, and distribution components - o Lead times for procurement and replacement • Financial Loss Degree - o Cost of downtime due to auxiliary system failure - o Impact on revenue, equipment damage, and safety • Cost of Failure - o Replacement costs for batteries, chargers, and distribution components - o Potential damage to critical loads and control systems - o Safety risks associated with substation operations without backup power
12	Cables (HV, MV)	• Probability of failure: insulation ageing, joint reliability, overload stress. • Spare availability: cable sections, jointing kits, skilled jointers. • Repair logistics: fault location time, excavation difficulty, access issues. • Financial loss: downtime cost, penalties, industrial feeder impact. • Cost of failure: repair/replacement cost, route reinstatement. • Safety impact: fire risk, damage to adjacent utilities.

Sr. No.	Asset Type	Asset Risk Index
13	RMU and Reclosers	• Probability of Failure – Associated risk indexing based on different parameters, Failure rate, history, Age and condition of equipment • Spare Availability – Availability of spare parts, compatibility • Lead times for procurement and replacement • Financial Loss Degree – Downtime costs & losses • Cost of Failure – Repair costs, replacement costs • Potential damage to connected equipment and safety hazards

3.4 Asset Investment Planning (AIP)

The AIP solution shall enable TPCL to make data-driven, risk-aligned, and financially sustainable investment decisions by integrating asset condition, reliability, consumer impact, and regulatory requirements into a unified planning framework.

3.4.1 Value Framework & KPIs

Define a configurable investment valuation model that combines asset condition, risk reduction, reliability improvement, financial returns, tariff impact and consumer benefit into a consistent Investment Value Score.

3.4.2 Investment Optimization

The AIP framework shall support optimized investment planning by balancing CAPEX, OPEX, risk reduction, consumer impact, reliability improvement, tariff implications, and regulatory requirements.

The bidder shall continuously optimize dashboards, analytics accuracy, AI/ML model performance, database performance, integration stability, and cybersecurity posture.

3.4.3 Asset Lifecycle Planning

- Calculate optimal intervention dates (risk, KPIs, economics)
- Create sustainable asset plans and manage the asset's stages of life to maximized asset value while reducing risk;
- Predict current and future asset performance and operational budget requirements over a pre-defined time (10-year horizon)
- Maintain a single portfolio register tracking project status (concept → network & commercial feasibility → approved → execution → completed/cancelled), cost, milestones and responsible units.
- The system shall support long-term lifecycle planning with forecasting horizons ranging from 5–10 years. The platform shall support refurbishment planning, replacement planning, augmentation strategies, and deferment analysis.

3.4.4 Risk & Impact Modelling

- Calculate monetised risk reduction (₹/year) and quantified benefit scores considering failure probability, consequence dimensions (safety, reliability, environment, revenue, penalties) and consumer impact.

3.4.5 Optimal Resource Allocation

- Generate multiple alternatives (replace/refurbish in X years); Identify the most efficient allocation of resources, including capital, equipment, and manpower, for power projects to maximize organizational value.
- Optimise CAPEX/OPEX strategy with set constraints: financial, resource availability, risk appetite and regulatory constraints to maximise total value score and quantified risk reduction.
- To effectively carry out resource allocation, AIP solution shall ingest data output of load flow analysis tools such as CYME DIST.

3.4.6 Scenario Modelling

- Assess how changes in demand growth, cost assumptions, regulatory constraints, failure rates or CAPEX/OPEX limits affect priorities, risk and tariff trajectory before final approvals.

3.4.7 Finance System Integration

- Integrate with GDH to ingest electrical assets and its maintenance financial data to synchronise CAPEX/OPEX limits, budgets, WIP and capitalisation data and enables a single view of approved vs planned vs actual CAPEX/OPEX, improving utilisation, forecasting and compliance with ARR.

3.4.8 Planning Integration

- Ingest network constraints (thermal, voltage, reliability), and demand-driven growth needs (redevelopment zones, industrial clusters). Assesses the feasibility and viability of proposed projects against operational and strategic priorities.

3.4.9 Tariff, Wheeling & ARR

- Quantify how CAPEX/OPEX influences wheeling economics: losses, congestion, efficiency improvements and hosting capacity.
- Redirects investment towards high-return corridors and reduces long-term wheeling burden.
- Model tariff impact by consumer category (HT, EHV, residential) considering elasticity, reliability uplift and churn risk.
- Ensures CAPEX/OPEX protects affordability and supports consumer retention without undermining system reliability.

Notice Inviting Request for Information

- Simulate long-term tariff and ARR effects of CAPEX/OPEX proposals, including segment-wise consumer impact and wheeling implications that ensures that investment planning is financially sustainable, protects consumer tariffs, and supports regulatory approval.
- The platform shall generate ARR support documentation, regulatory justification packs, tariff-impact analysis, wheeling studies, consumer impact assessments, and investment traceability reports.

3.4.10 Regulatory & Compliance

- Generate standardised investment packs showing problem statement, options considered, risk/reliability benefits, consumer impact and financial analysis. Align asset investment plans with these guidelines using the Value Framework, that Shortens ARR/scheme approval cycles and increases defensibility of submissions with complete traceable evidence.

3.4.11 AI/ML & Analytics Capability

The bidder shall demonstrate expertise in AI/ML analytics, predictive maintenance, enterprise data engineering, and utility analytics frameworks.

- The bidder shall establish AI/ML governance frameworks covering model explainability, retraining mechanisms, accuracy benchmarking, and auditability.
- The bidder shall implement highly available cloud-native architecture with auto-scaling, load balancing, failover mechanisms, redundancy management, and infrastructure observability.
- Advanced automated planning tool based on criticality, health costs and resource analysis.

3.5 Reports and Dashboards

- The Bidder shall discover other miscellaneous reports required during the blueprinting phase after the kick off of the project.

3.6 APM & AIP Non-Functional Requirements

3.6.1 Data Ingestion

TATA Power shall prebuild a Grid Data Hub that comprises of data from various utility's IT and OT systems as mentioned below such as

- SAP Material Management
- SAP Plant Maintenance
- SAP Project System
- SAP FICO

Notice Inviting Request for Information

- SAP ISU (Customer Billing System)
 - SAP CRM
 - ADMS
 - GIS
 - Wrench (Project Management)
 - CYMEDIST
 - E-WATCH
 - PQM
 - BOLA
 - MDM
 - NFMS
- The GDH shall be an indigenous, cloud-hosted application that exports required data to the APM and AIP solutions via standard interfacing mechanisms such as SFTP, FTP, Messaging Queues, or APIs.
- APM and AIP should be on a common platform to enable seamless data transfer.
- The APM and AIP applications shall be hosted on the same VNet on which TATA Power's GDH application is hosted.
- All services, including data storage and processing, must be hosted within India, ensuring compliance with national data sovereignty requirements.
- Data Ownership: All data generated through the usage of the system, at any point during the contract, expiry, or termination, shall remain the exclusive property of TPCL. The bidder shall have no rights over the data beyond operational use for service delivery.
- The bidder shall be fully responsible for Operations & Maintenance (O&M) services on the cloud, including but not limited to:
 - Resource management and capacity planning
 - User administration and role-based access control
 - Security administration, monitoring of security incidents, and compliance reporting
 - Performance monitoring and SLA adherence
 - Backup, disaster recovery, and business continuity planning
 - Usage reporting, billing management, and audit support

3.6.2 Software Licensing and Hosting

- Bidder shall provide with a SaaS solution for APM and AIP applications. The application provided by the bidder shall host the solution in the cloud service provided

Notice Inviting Request for Information

by TATA Power. The bidder shall attach the BoM and BoQ of the cloud components that are proposed in the solution.

- The Bidder shall be responsible for supplying and implementing all corrective, preventive, adaptive, and perfective maintenance updates, including security patches and product version upgrades, for a period of 60 months from Go-Live at no additional cost to the TPCL.

3.6.3 Cyber Security Requirements

The selected bidder shall ensure that all components of the solution comply with Tata Power's cybersecurity standards, applicable legal and regulatory requirements (including but not limited to CERT-In and CEA guidelines), and industry best practices (e.g., ISO/IEC 27001).

- a) Security Architecture & Access Control
 - Implement defence-in-depth design, including secure network segmentation and least-privilege access.
 - Enforce strict Role-Based Access Control (RBAC) and Attribute-Based Access Control (ABAC) integrated with Tata Power's central directory and Multi-Factor Authentication (MFA).
- b) Data Protection
 - Encrypt data at rest and in transit using approved cryptographic standards.
 - Ensure all data is retained and/or securely archived thereafter as per compliance requirements.
- c) Monitoring & Compliance
 - Enable comprehensive logging and integrate with Tata Power's SIEM solution.
 - Maintain complete audit trails for user activities and data changes.
 - Support periodic security assessments, vulnerability scanning, and timely patching.
- d) Incident Response & Continuity
 - Establish and document an incident response plan, including reporting and escalation procedures.
 - Implement backup and disaster recovery strategies meeting defined RTO and RPO requirements.
- e) Security Deliverables

Security architecture document and access control matrix.

 - Data protection and encryption plan.
 - Yearly vulnerability and patch compliance reports.
 - Incident response and audit trail documentation.

Notice Inviting Request for Information

f) VAPT Requirements

- Penetration & Vulnerability assessment test from CERT-IN certified auditors during SAT & Operations and Maintenance period.
- VAPT audit certificate shall be produced before Go live and every year during AMC period.

3.6.4 Performance & Scalability

- The solution must support high-volume data ingestion from multiple IT/OT systems without performance degradation.
- Ensure scalability to handle future expansion of assets, sensors, and data sources.
- Provide configurable data refresh rates (real-time, near real-time, batch).
- Guarantee system response times within defined SLAs for dashboards, analytics, and reporting.

3.6.5 Interoperability

- Ensure seamless integration with TPCL's GDH and other enterprise systems (ERP, GIS, ADMS, SCADA).
- Support industry-standard data formats (XML, JSON, CSV) and protocols (REST, SOAP, ODBC).
- Provide APIs for third-party integration and future system extensions.

3.6.6 Security & Compliance

- Implement role-based access control (RBAC) and multi-factor authentication for all applications hosted by the bidder by integrating TATA Power provided Active Directory authentication.
- Ensure compliance with ISO/IEC 27001 (Information Security Management) and MeitY Cloud Guidelines.
- Encrypt data at rest and in transit using industry-standard protocols (AES-256, TLS 1.2/1.3).
- Provide audit trails for all user and system activities.

3.6.7 Availability & Disaster Recovery

- Guarantee 99.9% uptime for hosted applications.
- Provide automated backup and recovery mechanisms with configurable frequency.
- Ensure disaster recovery with RPO (Recovery Point Objective) $\leq$ 15 minutes and RTO (Recovery Time Objective) $\leq$ 1 hour.
- Maintain geographically redundant infrastructure within India.

Notice Inviting Request for Information

3.6.8 Support & Maintenance

- The bidder shall provide 8*6 L1, L2 and L3 support with defined response and resolution timelines for critical, high, medium, and low-priority incidents
- Ensure proactive monitoring of system health, performance, and security.
- Deliver regular patches, upgrades, and enhancements without disrupting operations.
- Provide training and knowledge transfer to TPCL members.

3.7 Data Volumetric and Devices

Business System	Data Source	No. of Tables / Entity / Files	Initial Data Load in GB	Daily Incremental Size in GB
SAP ERP	Flat Files / CSV	20	700	0.5
SAP ISU	Flat Files / CSV	10	1500	0.5
ADMS (Schneider)	MS SQL	20	1000	5
OSI SCADA	Mongo DB & CASSANDRA	15	1000	2
MDM	Flat Files / CSV	10	15000	6
GIS	Flat Files / CSV	2	500	0.2
Other Apps	Flat Files / CSV	10	300	0.7
		Total	20000	15

Filed Devices and their Data Collectors

Description	Quantity
Number of Distribution substations	36
Number of Consumer substations	1120
No of feeders at Primary side (Incomer)	151
No of 11 KV feeders	440
No of 22 KV feeders	151
Number of RMUs	1480
Number of FPIs	1302
Number of Breakers	3527
Number of Isolators	10223
Number of Power transformers at DSS	70
Number of transformers at CSS	1072

Number of RTU	36
Number of FRTU	490

4 Cyber Security Requirements

The selected bidder shall ensure that all components of the solution comply with Tata Power's cybersecurity standards, applicable legal and regulatory requirements (including but not limited to CERT-In and CEA guidelines), and industry best practices (e.g., ISO/IEC 27001).

a) Security Architecture & Access Control

- Implement defence-in-depth design, including secure network segmentation and least-privilege access.
- Enforce strict Role-Based Access Control (RBAC) and Attribute-Based Access Control (ABAC) integrated with Tata Power's central directory and Multi-Factor Authentication (MFA).

b) Data Protection

- Encrypt data at rest and in transit using approved cryptographic standards.
- Implement data masking and row/column-level security for sensitive data.
- Ensure all data is retained for one year and securely archived or deleted thereafter as per compliance requirements.

c) Monitoring & Compliance

- Enable comprehensive logging and integrate with Tata Power's SIEM solution (Microsoft Sentinel).
- Maintain complete audit trails for user activities and data changes.
- Support periodic security assessments, vulnerability scanning, and timely patching.

d) Incident Response & Continuity

- Establish and document an incident response plan, including reporting and escalation procedures.
- Implement backup and disaster recovery strategies meeting defined RTO and RPO requirements.

e) Security Deliverables

Security architecture document and access control matrix.

- Data protection and encryption plan.

Notice Inviting Request for Information

- Yearly vulnerability and patch compliance reports.
- Incident response and audit trail documentation.

5 Onsite and Offshore Resource Requirements

a) Onsite Deployment

- Selected bidder to enable deployment of dedicated resources at Tata Power Project office for face-to-face interactions.
- Onsite resources to participate in finalization of design, workshops, reviews, and critical decision-making activities.
- Bidder shall maintain a comprehensive Decision Register at each stage of the project, documenting all key decisions, approvals, and rationale for traceability and audit purposes.
- Bidder shall maintain a comprehensive Decision Register at each stage of the project, documenting all key decisions, approvals, and rationale for traceability and audit purposes.
- Expenses for Onsite resources shall be borne by the bidder.

b) Offshore Development Centre

- Offshore development centre can be managed by the bidder/partner.
- Bidder responsible for onboarding all onshore / offshore resources with necessary laptops, software, and access provisions.

c) Data Security & Compliance:

- All resources (onsite and offshore) must comply with Tata Power's data leakage guidelines.
- No data from Tata Power's environment is to be copied, transferred, or taken out of the environment under any circumstances.
- Laptops and devices used by bidder resources must meet Tata Power's security, access, and encryption standards.
- All laptops and devices must be installed with information security (InfoSec) provided software.

d) Access & Environment Management:

- Ensure proper environment access, accounts, and permissions for each resource.
- Compliance with platform-specific security policies for AWS, Databricks, and related systems.

6 Documentation Requirements

Successful bidder shall fulfil the following document requirements during various stages of the implementation.

Document Category	Sub Category	Details
Solution Documentation	Solution Architecture Document (SAD)	• High-level architecture • Logical architecture • Component architecture • Data flow diagrams • Deployment architecture • Integration architecture • Technology stack • Network architecture • Security architecture
	Detailed Design Document (DDD)	• Module-wise design • Database design • Business process flows • Configuration details • Workflow designs • Rule engines • Scheduling mechanisms
Functional Documentation	Functional Requirement Specification	• Requirement traceability • Module-wise functionality • Business rules • Use cases
	User Manuals	• End users • Administrators • Super users
Technical Documentation	API Documentation	• API catalog • Endpoint details • Request/response schema • Authentication mechanism • Error codes • Sample payloads • Version history

Notice Inviting Request for Information

	Database Documentation	<u>Data Dictionary</u> • Tables • Fields • Data type • Length • Constraints <u>Data Model</u> • ER diagrams • Relationships • Primary keys • Foreign keys
	Configuration Documentation	• Configuration register • Workflow configurations • Business rules • Thresholds • Notification configurations • Report configurations

7 Service Level Agreement (SLA)

7.1 Service Availability

The Bidder shall ensure availability of the SaaS Platform on a 24x7 basis throughout the contract period.

Availability shall be measured monthly as follows:

$$\text{Availability (\%)} = [(\text{Total Time} - \text{Downtime}) / \text{Total Time}] \times 100$$

Downtime shall include any unplanned outage of the production environment affecting normal operation of the application.

The following shall be excluded from downtime calculations:

- Scheduled maintenance approved by the Utility with at least 7 days advance notice.
- Force majeure events.

Availability Targets is expected to be at 99.5% per Month. (Bidder shall submit relevant proof during the AMC Period).

7.2 Performance SLA

Parameter	SLA Requirement
User Login Response Time	≤ 5 seconds
Dashboard and UI Load Time	≤ 10 seconds
Asset Search Response Time	≤ 5 seconds
Report Generation (Standard Reports)	≤ 60 seconds
API Response Time	≤ 3 seconds

7.3 Incident Management SLA

7.3.1 Severity Classification

Severity Level	Severity Description	Description	Response Time	Resolution Time
1	Critical	Production system unavailable or critical functionality unavailable affecting business operations.	15 Minutes	4 hours
2	High	Major functionality impacted with no acceptable workaround.	30 Minutes	8 Hours
3	Medium	Partial degradation with workaround available.	4 Hours	2 Business Days
4	Low	Minor issues, cosmetic defects, enhancement requests.	1 Business Day	5 Business Days

7.4 Change Management SLA

Category	Description	Delivery Timeline
Minor Configuration Change	Changes in reports, dashboards, workflows, thresholds, user roles, notifications, business rules without software code changes	10 Working Days
Minor Enhancement	Small software modifications with limited impact	30 Working Days
Major Enhancement	Significant functionality addition or module enhancement	Mutually Agreed Project Schedule

Notice Inviting Request for Information

Regulatory Change Request	Changes required due to directions from Regulatory Commission, Government, or Statutory Authority	Priority basis, timeline mutually agreed
----------------------------------	---	--

Delay Beyond Approved Timeline	Penalty
Up to 7 Days	0.5% of Monthly Managed Services Charges
8–15 Days	1% of Monthly Managed Services Charges
15 – 30 Days	2% of Monthly Managed Services Charges
>30 Days	5% of Monthly Managed Services Charges

The maximum penalty under this category shall not exceed 5% of the Monthly AMC Charges in any calendar month.

7.5 Data Processing SLA

The Bidder shall ensure timely processing of all asset-related data received from Utility source systems.

Parameter	SLA
Daily Asset Meta Data and Transaction Refresh from GDH	Within 4 Hours
Health Index Recalculation	Within 6 Hours
Risk Assessment Processing	Within 6 Hours
Investment Prioritization Engine Execution	Within 12 Hours
Regulatory Reporting Data Refresh (On Demand)	Daily

7.6 SLA – Penalty Clause

7.6.1 System Availability Penalty

Monthly Availability	Penalty
≥99.5%	Nil
98.0% – 99.5%	2% of Monthly AMC Charges
98.00% – 97%	5% of Monthly AMC Charges
Below 97%	7% of Monthly AMC Charges

8 Milestone and Payment Terms

Business Milestone	Deliverables	Completion Timeline	Payment Terms
Milestone 1: Blueprinting and documentation	Blueprinting, documentation of APM and AIP requirements	1 Month from date of PO	20 % of Line item 1 of the Price Schedule
Milestone 2: Implementation of APM Use Cases	End to End UAT of APM Use Cases, along with customization identified in the blue printing phase and Relevant Dashboarding.	3 Months from the date of PO	30 % of Line item 1 of the Price Schedule
Milestone 3: Implementation of AIP Use Cases	End to End UAT of AIP Use Cases, along with customization identified in the blue printing phase and Relevant Dashboarding	5 Months from the date of PO	30 % of Line item 1 of the Price Schedule
Milestone 4: Hyper Care	Stabilization period after go-live. Issue Resolution Reports, Performance Monitoring Reports, Hypercare Sign-off.	3 Months from the date of Go Live.	20 % of Line item 1 of the Price Schedule
Milestone 5: Managed Services & AMC.	Managed Services of the Solutions deployed by the partner	60 Months from the date Completion of Hyper Care Tenure.	Line item 2 of Price Schedule Payable in quarterly installments over 60 months

9 Price Schedule

S. No	Line-Item Description	UoM	Qty	Price in Lakhs (Before Taxes)	App. Taxes	Price in Lakhs (Inclusive of Taxes)
1	Lumpsum cost of Implementation and license of APM and AIP solutions	1	1			
2	Annual Maintenance Charges of the application and associated IT Infrastructure (For 5 Years from date of Go Live)	1	5			
Miscellaneous Price						
3	Change Request Cost 500 Man hours	Hours	500

Manufacturers Authorization Form

Date:

Tender Enquiry No.:

To,
Chief (Procurement & Stores)
Tata Power Company Limited, Mumbai

Dear Associate,

Whereas M/s. [name of OEM], who are official manufacturers of..... having factories at [Address of OEM] do hereby authorize M/s [name of bidder] to submit a Bid in relation to the Invitation for Bids indicated above, the purpose of which is to provide the following Goods, manufactured by us and to subsequently negotiate and sign the Contract.

We hereby extend our full guarantee and warranty in accordance with the Special Conditions of Contract or as mentioned elsewhere in the Tender Document, with respect to the Goods offered by the above firm in reply to this Invitation for Bids.

We hereby confirm that in case, the channel partner fails to provide the necessary services as per the Tender Document referred above, M/s [name of OEM] shall provide standard warranty on the materials supplied against the contract. The warranty period and inclusion / exclusion of parts in the warranty shall remain same as defined in the contract issued to their channel partner against this tender enquiry

Yours Sincerely,

For

Authorized Signatory

The Tata Power Company Limited is hereunder referred to as the "Owner" or "Company". The person, firm or company offering the services, the subject of this order is referred to as "Contractor". The subject of this order is hereinafter referred to as the "Work".

"Sub-Contractor" means any person named in the Contract as a Sub-contractor, sub-vendor, manufacturer or supplier for a part of the Works or any person to whom a part of the Works has been subcontracted and the legal successors in title to such Person, but not any assignee of such Person.

The Contract shall mean the contract as derived from the following:

1. Work Order (with 'Commercial Notes' and Annexures to the Work Order referred thereon)
2. Scope of Work.
3. General Terms & Conditions - Service

The documents including all reference document (s) and Annexures forming the Contract are to be read together as a whole and are to be taken as mutually explanatory, provided however, in the event of any inconsistency or discrepancy between the aforementioned documents, the order of precedence in interpretation of the documents shall be as set out above. For the avoidance of doubt, it is clarified that the terms set forth in the Work Order (with 'Commercial Notes' and Annexures to the Work Order referred thereon) shall take precedence over the terms set out in the Scope of Work, which shall in turn take precedence of the terms set out in the General Terms & Conditions – Service.

1. Contractor's obligation:

- 1.1 Contractor warrants that it is a competent, qualified and experienced contractor, equipped, organised and financed to perform and complete the services in the operating area in an efficient and professional manner and capable of meeting all the requirements of the Contract.
- 1.2 The Contractor has the overall responsibility of executing the contract, conducting Planning, Job Scheduling, Maintenance Planning, Maintenance Job Scheduling, executing the Work and maintenance jobs as per the Scope of work & schedule.
- 1.3 Except to the extent that it may be legally or physically impossible or create a hazard to safety, the Contractor shall comply with the Owner's representative(s) instructions and directions on all matters relating to the Work.
- 1.4 Contractor shall at all times have full responsibility for control of the Equipment and for the direction and supervision of operations being carried out under the Contract.
- 1.5 In the performance of the Work, Contractor shall be and act as an independent Contractor fully responsible and accountable for the proper execution of its responsibilities, obligations and

liabilities under this Contract and for its own acts and the acts of its Sub-Contractors and the Personnel. Owner's supervision, examination or inspection of the (performance of the) Work or omission to carry out the same shall not be construed in any manner whatsoever as relieving Contractor from its responsibilities, obligations or liabilities under this Contract.

- 1.6 Contractor shall submit list of tools & tackles with details of make, year of manufacturing, valid certification to the Project Manager/ User for their approval.

Project Manager may during the execution of project inspect & verify that the tools & tackles are as per the qualification requirements approved by him and will have right to seek replacements in case of any discrepancies. The Contractor shall always comply with such directives.

- 1.7 Contractor shall engage Tata Power Skill Development Institute (TPSDI) certified labour force at the site for execution of the job. Requirement & fees for TPSDI certification shall be as per Company Policy.
- 1.8 Contractor shall take full responsibility for the protection and security of Owner's materials and equipment while such materials and equipment are temporarily stored in Contractor's facility or otherwise in Contractor's custody.
- 1.9 All notices, instructions, information, and other communications given by the Contractor to Owner under the Contract shall be given to the Order Manager/ Owner's representative, except as otherwise provided for in this Contract.
- 1.10 The Contractor shall make its own arrangements for movement of personnel and equipment, within and outside the sites / units / offices at the various locations covered by the Contract.
- 1.11 The Contractor shall acquire in its name all permits, approvals, and/or licenses from all local, state, or national government and other statutory authorities and/or public service undertakings that are necessary for the performance of the Contract.
- 1.12 Neither the Contractor nor its personnel shall during the term of this Contract, engage in any business or professional activities in India/abroad which would conflict with the activities assigned to them under this Contract.

2. Service Warranties:

Contractor warrants that all services performed for or on behalf of Owner will be performed in a competent,

workmanlike manner and shall be free from faults and defects. Said warranties shall be in addition to any warranties of additional scope given by Contractor to Owner. None of said warranties and no other implied or express warranties shall be deemed is claimed or excluded unless evidenced by a change notice or revision issued and signed by Owner's authorized representative.

3. Compliance of Local Laws:

Contractor shall be responsible and shall comply with the provision of all the Statutory Acts Applicable. Special attention of the Contractor is drawn towards the compliance of provision of the following statutes: (along with the latest amendments/additions, as applicable):

- a) The Child Labour (Prohibition and Regulation) ACT, 1986.
- b) The Contract Labour (Regulation and Abolition) ACT, 1970.
- c) The Employee's Pension Scheme, 1995.
- d) The Employee's Provident Funds and miscellaneous provisions Act, 1952.
- e) The Employees State Insurance Act, 1948.
- f) The Equal Remuneration Act, 1976.
- g) The Industrial Disputes Act, 1947.
- h) The Maternity Benefit Act, 1961.
- i) The Minimum Wages Act, 1948.
- j) The Payment of Bonus Act, 1965
- k) The Payment of Gratuity Act, 1972.
- l) The Payment of Wages Act, 1936.
- m) The Shops & Establishment Act, 1954.
- n) The Workmen's Compensation Act, 1923.
- o) The Employer's Liability Act, 1938.
- p) and any other applicable statutory act

Site Specific requirements shall be as Annexure at I. The compliance to these Site Specific requirements shall not absolve the Contractor of its obligation to comply with the Owner's Contractor Safety Management Policy.

4. Owner's Obligation:

- 4.1 The order manager (As specified in the 'Commercial Notes') shall have the authority to represent Owner on all day-to-day matters relating to the Contract or arising from the Contract. All notices, instructions, orders, certificates, approvals, and all other communications under the Contract shall be given by the order manager, except as otherwise provided for in this Contract. The order manager may appoint the Engineer-In-Charges for different areas for monitoring the work progress, inspections and signing of bills.

- 4.2 Owner shall ensure the availability of site access, all information and/or data to be arranged/ supplied by Owner to the Contractor for execution of the Work. The terms on which the Contractor shall be allowed access to the site shall be specified by the Owner prior to commencement of the execution of the Work and thereafter shall be governed in accordance with such policies as the Owner may provide in writing to the Contractor from time to time.

5. Contractor's/ Sub-contractor's employees:

- 5.1 The Contractor shall engage appropriately qualified persons to provide the services with the prior approval of Owner. Owner may withhold such approval for any reason whatsoever.
- 5.2 The Contractor hereby represents and warrants that:
 - i) the personnel are duly qualified, and are, and will remain, sufficiently qualified, careful, skilful, diligent and efficient to provide the services to Owner; and
 - ii) the Services will be rendered carefully, skilfully, diligently and efficiently, and to the professional standard reasonably expected by Owner of a contractor qualified and experienced in providing services substantially the same as the Services.
- 5.3 The Contractor must ensure that the Contractor's personnel conduct themselves in a proper manner and comply with the procedures and all policies, regulations and directives of Owner including any occupational, health and safety policies and the relevant prevailing laws and regulations in the Country of operations and specifically in the area where Work is being executed.
- 5.4 Owner may inform the Contractor to immediately remove Contractor's personnel from the relevant premises in the event of misconduct or incompetence on the part of the Personnel. The Contractor shall at all times remain liable for all acts and/or omissions of its Personnel.
- 5.5 It is made clear that no relationship of Owner and employee is created between Owner and the Contractor's resident engineers, employees and no claim for employment of any such personnel shall be tenable or entertained.

6. Title of Property:

- 6.1 Unless otherwise provided in this order or agreed to in writing, property of every description including but not limited to all tooling, tools, equipment and material furnished or made available to Contractor, title to which is

in Owner, and any replacement thereof shall be and remain the property of Owner. Such property other than material shall not be modified without the written consent of Owner. Such property shall be plainly marked or otherwise adequately identified by Contractor as being owned by Owner and shall be safely stored separately and apart from Contractor's property.

- 6.2 Contractor shall not use such property except for performance of work hereunder or as authorized in writing by Owner. Such property while in Contractor's possession or control shall be listed in writing and kept in good condition, shall be held at Contractor's risk, and shall be kept insured by Contractor, at its expense, in an amount equal to the replacement cost with loss payable to Owner. To the extent such property is not material consumed in the performance of this order, it shall be subject to inspection and removal by Owner and Owner shall have the right of entry for such purposes without any additional liability whatsoever to Contractor. As and when directed by Owner, Contractor shall disclose the location of such property, prepare it for shipment and ship it to Owner in as good condition as originally received by Contractor, reasonable wear and tear excepted.

7. Work Completion schedule:

Contractor shall plan and execute the Work in accordance with a detailed schedule mutually agreed upon by the Parties (Owner and Contractor).

8. Contract Price and Payment:

- 8.1 The Contract Price shall be a firm & fixed Contract Value for the Work inclusive of all the taxes, levies & duties and shall remain firm till the validity of this contract.
- 8.2 Unless Specifically stated elsewhere in the contract, the Contractor is solely liable for payment of , and warrants that it will pay, or ensure the payment of all taxes imposed, assessment made in relation to the Work.
- 8.3 An amount as stated in the table below shall be retained towards Contractor's safety performance against every RA bill:

Contract Value	Retention Amount (%)
Upto Rs. 10 lakhs	2.5
Above Rs. 10 lakhs and below Rs. 50 lakhs	2
Above 50 lakhs and upto Rs. 10 Crores	1.5
Above Rs. 10 Crores	1

The above mentioned safety retention shall be over and above any other retentions/ deferred payments as may have been specifically agreed in the Contract.

- 8.4 For Contract Price Rs. 1 crores or above and Contract Completion Schedule 12 months or more, the above safety retention will be released half yearly against the Safety Performance Score (methodology for evaluation enumerated in the Safety Terms & Conditions attached as Appendix to this General Terms & Condition) which will be evaluated by the Order Manager every month. For all other contracts, the above said safety retention shall be released along with the final settlement only at the end of the contract period.
- 8.5 The Owner shall have the right to stop any work which in its opinion is not meeting the safety standards/ guidelines of the Owner and good engineering practice. The Contractor shall not be eligible for and shall not be granted any extension in Completion Schedule due to such stoppage of work by the Owner.
- 8.6 The above retention towards safety shall not absolve the Contractor of its liabilities including statutory liabilities towards safety violations, injury or death (whether by accident or otherwise). An amount between Rs. 5 to 50 lakhs as deemed appropriate by Owner's appointed Committee for incident investigation and/ or as determined by statutory authorities (whichever higher), will be payable by the Contractor in case of such severe incidents of injury leading to loss of property or partial/ permanent disablement (e.g. loss of limb/s, vision etc.) or death.
- 8.7 Notwithstanding anything else stated in the Contract, the Contractor shall be liable for termination without any notice and without recourse to Owner in case of three (3) or more severe safety violations. There shall be no termination fees/ compensation payable to Contractor for such termination.
- 8.8 In case the Contractor achieves 100% on the Safety Performance Score, the Contractor shall be awarded a discretionary bonus of 1% of invoiced value subject to a maximum of Rs. 50 lakhs towards Safety Performance.
- 8.9 Payment shall be released within 60 days of submission of error free invoice with supporting documents duly certified by the Order Manager/ Engineer-in-Charge after deducting taxes at source as prescribed under the applicable law, income – tax or other deductions under the state value added tax laws . If such payment release

day falls on a holiday of Owner, payment will be released on the next working day. Against deduction of statutory taxes, tax deduction certificates where ever applicable shall be issued as per the applicable provisions of the statute. The Order Manager may recover any amount wrongly paid in excess in any previous bills certified by him.

- 8.10 *Mode of Payment:* All payments shall be made direct to the Contractor or his authorized representative in the shape of RTGS or Electronics Transfer method, on certification of the Order Manager/Engineer-in-Charge and on compliance of contractual terms & conditions.

9. **Taxes and Duties:**

- 9.1 The Contract Price shall be inclusive of all taxes, duties, including but not limited to Customs duty, GST or any local taxes, levies imposed by State/Central/Local governments.

- 9.2 Taxes as mentioned in the Contract Price or Price Schedule shall be paid to the contractor subject to the Contractor complying with all the statutory requirements and furnishing the relevant documents including error free invoices containing detailed break up of the taxes.

- 9.3 The tax invoices should contain the details to comply with the GST Law. The supplier shall:

- i) Furnish (electronically) and communicate to the Owner, the details of Goods or Services supplied by the 10th of the month succeeding the said tax period,
- ii) Upon discovery of any discrepancy, rectify it and shall pay the tax and interest thereof,
- iii) Furnish the returns (electronically), for the inward and outward supplies of Goods and/or Services, before the specified dates as per the GST Law,
- iv) Communicate the tax paid, credits etc. as and when credited.
- v) The Invoice should clearly state the description of the goods, quantity, sale price, tax %, and tax amount;
- vi) The Invoice should be signed by an Authorized Signatory.

Bills/Invoices in the name of The Tata Power Company Ltd. with packing lists in triplicate shall be forwarded along with the equipment.

Contractor to furnish GST Registration no. in all invoices as well as Purchaser's (Tata Power's) GST no.

- 9.4 However the payment of tax shall be restricted to the total amount as indicated in the price schedule.

- 9.5 Any statutory variation in duties, levies or taxes if applicable and specified in this Contract till the scheduled date for completion of Work and limited to direct invoices of the Contractor shall be to the account of Owner. The Contractor shall have the obligation to provide the necessary documentary evidence / supporting by way of gazetted notifications etc. to prove the change in such levies or taxes between the due date of submission of the Bid and the scheduled date of completion of work to claim the difference.

- 9.6 The Contractor shall pass on to the Owner all the benefits of either reduction in tax rates, exemptions, concessions, rebate, set off, credits etc. or introduction of new tax rates exemptions, concessions, rebate, set off, credits etc. pertaining to all taxes, duties, imposts, fees and levies in respect of the supplies of Goods or performance of obligations under the contract. This would specifically include reduction of tax rates as a result of statutory changes or judicial rulings.

- 9.7 Any other taxes, levies and duties not mentioned in Contract Price or Price Schedule but applicable as per any statute (s) or introduction (omission) of new taxes, levies and duties shall be deemed to be included in the Contract Price and shall be to the account of the Contractor.

- 9.8 For facilitating availment of a credit, set-off, rebate, drawback or like benefit available to the Owner, the Contractor will facilitate the Owner by providing the necessary documentary and/or procedural support. In any process of assessment or re-assessment, of taxes payable by the Owner,

- 9.9 The Contractor shall bear and pay all the costs, liabilities, levies, interest, penalties in respect of non-compliances of any legal requirements as per various statutory provisions. The contractor shall keep the owner indemnified at all times from any tax liability, interest, penalties or assessments that may be imposed by the statutory authorities for non-compliances or non-observation of any statutory requirements by the Contractor.

- 9.10 All formalities required under statutes, for availing any concessions under relevant tax laws shall be adhered to by the Contractor.

- 9.11 Deduction at source: Recovery at source towards income tax calculated at the rate prescribed from time to time under the Income Tax Act 1961 and other relevant sections of Income Tax Act shall be made from the bills of the Contractor and the amount so recovered shall be

deposited with the Income Tax Department. Necessary TDS certificate to this effect will be issued to the Contractor in the prescribed proforma.

- 9.12 If any other taxes / duties / cess etc are to be recovered at source as per government regulations / Legislation from time to time, the same shall be recovered from the bills payable to the Contractor. Necessary receipt to this effect will be issued to the Contractor in this regard as per the applicable legislation.

10. Contract Performance Guarantees (If applicable)

The Contractor shall within 15 days of issuance of this Order/Contract furnish an unconditional irrevocable bank guarantee duly stamped, strictly as per the prescribed format of Owner from any nationalized bank or any scheduled bank having a branch in Mumbai and approved by the Owner for a sum equivalent to 10% of the Total Contract Price valid for the Contract Period and with a claim period of not less than 6 months from the completion of Contract Period. The issuing bank should be advised to send a direct confirmation of issue of bank guarantee to Owner.

In case the Contractor fails to furnish the requisite Bank Guarantee as stipulated above, then the Owner shall have the option to cancel the Contract besides other contractual remedies.

11. Price Reduction:

- 11.1 In case the Contractor fails to deliver the service/ Complete the work as per the agreed Completion Schedule including intermediate milestones (if applicable), the Owner shall recover from Contractor, as ascertained and agreed Liquidated Damages, and not by way of penalty, a sum equivalent to 1% of the Contract Value per week of delay. The Liquidated Damages referred above may be recovered by the Owner as set off against any amounts payable by the Owner to the Contractor or in any other manner in accordance with applicable laws.

- 11.2 The overall cap on liquidated damages shall be limited to 10% of the Contract Price.

12. Insurance

- 12.1 The Contractor agrees to indemnify and protect Owner against all liability, claims or demands for injuries or damages to any person or property growing out of the performance of this order/ Contract.
- 12.2 The Contractor further agrees to furnish evidence of insurance showing that Contractor has and will maintain adequate insurance coverage during the life of this Contract/ order in the opinion of Owner, including but not

limited to comprehensive general liability insurance. Such evidence of insurance must set forth the name of the insurer, policy number, expiration date, and limits of liability. Compliance by Contractor with insurance requirements does not in any way affect Contractor's indemnification of Owner under Indemnification clause

13. Indemnification:

The Contractor shall indemnify, save harmless and defend the Owner and keep the Owner indemnified from and against any and all claims, costs, liabilities (financial), litigations, compensations, judgments, expenses or damages (including attorney's fees and other related expenses) arising out of any breach or alleged breach of any of the conditions of this Contract including compliance to statutory laws of provisioned under clause 3, performance of the obligations hereunder, or any representation or misrepresentation made by the Contractor or by any third party in respect of death or bodily injury or in respect to loss or damage to any property with regard to the subject of this Contract.

14. Indemnity against IPR:

The equipment, system, drawings, and other materials that shall be supplied against the Contract will become the Owner's property. Without limitation of any liability of whatsoever nature, the Owner shall be indemnified and kept indemnified against any claim for infringement or breach of any of the statutes, rules & regulations by the use of or sale of any article or material supplied by the Contractor. The indemnity shall include any infringement of patent, trade mark, design, copyright or other property rights whether in Country of Origin, or elsewhere resulting from the Contractor's design, manufacture, use, supply or re-supply & would also cover use or sale of any article or material supplied by the Contractor to the Owner under the Contract. The Indemnity shall cover any claim/action taken by a third party either directly against the Owner or any claim/action made against the Contractor & where under the Purchaser is made liable. The Indemnity shall be for losses, damages, and costs including litigation costs, attorney fees etc incurred by the Owner in relation to the Contract.

15. Free Issue Material:

Wherever contracts envisage supply of Free Issue Material (FIM) by the Owner to the contractor for fabrication/ use in service performance, such Free Issue Material shall be safeguarded by an insurance policy to be provided by the Contractor at his own cost for the full value of such materials and the insurance policy shall cover the following risks specifically and shall be valid for six months beyond the Contract Validity date :

RISKS TO BE COVERED: Any loss or damage to the Owner's materials due to fire, theft, riot, burglary,

strike, civil commotion, terrorist act, natural calamities etc. and any loss or damage arising out of any other causes such as other materials falling on Owner's materials.

The amount for which insurance policy is to be furnished shall be indicated in the respective Contract.

Free Issue material (FIM) will be issued to the Contractor only after receipt of the Insurance Policy from the Contractor. The contractor shall arrange collection of the FIM from the Owner's premises and safe transportation of the same to his premises at his risk and cost. Notwithstanding the insurance cover taken out by the Contractor as above, the Contractor shall indemnify the Owner and keep the Owner indemnified to the extent of the value of free issue materials to be issued till such time the entire contract is executed and proper account for the free issue materials is rendered and the left over/surplus and scrap items are returned to the Owner. The contractor shall not utilize the Owner's free issue materials for any job other than the one contracted out in this case and also not indulge in any act, commission or negligence which will cause/result in any loss/damage to the Owner and in which case, the Contractor shall be liable to the Owner to pay compensation to the full extent of damage/loss. The Contractor, shall be responsible for the safety of the free issue materials after these are received by them and all through the period during which the materials remain in their possession/control/custody. The Free issue materials on receipt at the Contractor's works shall be inspected by them for ensuring safe and correct receipt of the material. The contractor shall report the discrepancies, if any, to the Owner within 5 days from the date of receipt of the material. The contractor shall take all necessary precautions against any loss, deterioration, damage or destruction of the FIMs from whatever cause arising while the said materials remain in their possession/custody or control. The free issue materials shall be inspected periodically at regular intervals by the Contractor for ensuring safe preservation and storage, the Contractor, shall also not mix up the materials in question with any other goods and shall render true and proper account of the materials actually used and return balance remaining unused material on hand and scrap along with the final product and if it is not possible within a period of one month from the date of delivery of the final product/ completion of Service covered by this Contract. The Contractor shall also indemnify the Owner to compensate the difference in cost between the actual cost of the free issue material lost/damaged and the claim settled to the Owner by the insurance company.

16. Relation between parties:

The Contract shall be entered into on a principal-to-principal basis only. The Contract shall not be construed as a partnership or an association of persons. There is no agent and principal relationship between the parties. Each party shall be responsible for its own conduct. The Contractor shall ensure at all times that all the work carried out under this contract

either by its own person or through any of its sub-Vendors shall be always done under its own direct supervision.

17. Safety:

Contractor shall comply with all legal and statutory provisions including all rules and regulations pertaining to Safety, Health and the Environment and will be responsible for all legal liabilities arising due to any of their acts or of their personnel.

The Contractor shall comply with the Owner's Contractor Safety Policy and Safety Terms and Conditions. Any misconduct and/ or violation with respect to the Owner's Contractor Safety Policy and Safety Terms and Conditions or any other legal and statutory provisions pertaining to Safety, Health and Environment shall be dealt with as per the Safety Terms and Conditions.

Prior to commencement of any work at site Contractor shall submit an undertaking in writing to adhere to and comply with all the provisions of Owner's Contractor Safety Code of Conduct.

The Contractor shall have a valid ISO 14001/ OHSAS certification. In absence of the same, the Contractor shall obtain the same within 6 months from the date of the Effective Date of Contract.

18. Suspension of Work

Owner may instruct Contractor at any time to suspend performance of the Work or any part thereof with a notice of 7 days for whatever reason. Provided Contractor is not in default under this Contract subject to Articles 1 and 5 inclusive, the Contractor shall be paid a mutually agreed fee, if any, necessarily incurred by Contractor as a direct consequence thereof of suspension and the Project Completion Schedule may be revised accordingly.

Without prejudice to any other rights Owner may have under this Contract or at law if Contractor is in default under this Contract, Owner may instruct Contractor to suspend performance of the Work or any part thereof by giving 7 days notice till such default has been corrected to the satisfaction of Owner. Also Liquidated Damages in accordance with Clause 11 shall continue to be applicable during such period until the default is cured. The costs incurred by the Contractor for such correction shall be to the Contractor's account, and furthermore no payment shall become due to the Contractor. Any cost incurred due to non - performance of the Contractor by the Owner shall be charged to the Contractor.

19. Change Management:

Owner shall have the right at any time to order any change in the Work in accordance with the following procedure. Contractor shall furnish to Owner upon request as soon as reasonably possible but no later

than five (5) days following the request, a written statement specifying:

- (a) the increase or decrease, as the case may be, in the costs of the Work which will result from a change in the Work as requested by Owner,
- (b) any effect such change in the Work may have on any other provision of this Contract originating from either parties, and
- (c) such other details as Owner may require.

Any change in costs shall be reasonably related to the proportional change in the Work and any other costs incurred by Contractor. If Owner agrees to Contractor's statement Owner shall notify Contractor thereof in writing in the form of a change order, whereupon the change in the Work shall be incorporated in the Work and immediately implemented. In the event that the change relates to a reduction in Work, the work in question shall not be undertaken pending the issue of an appropriate Change Order.

20. Governing Laws

This Contract shall be construed in accordance with and governed by the Laws of India without giving effect to any principle of conflict of law.

21. Jurisdiction

This Contract and the transaction contemplated herein shall be subject to the exclusive jurisdiction of the competent Courts in Mumbai only.

22. Dispute settlement:

Dispute or differences arising out or relating to this Order shall be resolved amicably by the parties. Failing such amicable resolution of dispute / differences either party may refer the matter to arbitration of a Sole Arbitrator to be appointed jointly by both the parties. The award of the Arbitrator shall be final, binding and conclusive on the parties. The venue for arbitration shall be Mumbai. The Arbitration proceedings will be governed and regulated by the provisions of Indian Arbitration and Conciliation Act, 1996 as amended from time to time and the rules framed there under.

23. Force majeure:

- 23.1 In the event of either party being rendered unable by force majeure to perform any obligation required to be performed by it under this Contract the relative obligation of the party affected by such force majeure shall, after notice under this articles be suspended for the period during which such cause lasts. The term 'Force Majeure' as employed herein shall mean acts of God, wars (declared or undeclared), riots or civil commotion, fire, floods, and acts and regulations of the Government of India or State Government or any of the statutory agencies. Both the party

shall pay to the other party, the amount payable upon the date of the occurrence of such force majeure.

- 23.2 Upon the occurrence of such cause and upon its termination, the party alleging that it has been rendered unable as aforesaid, thereby shall notify the other party in writing immediately but not later than twenty four (24) hours of the alleged beginning and ending thereof giving full particulars and satisfactory evidence in support of the claims.

- 23.3 During the period, the obligations of the parties are suspended by force majeure; the contractor shall not be entitled to payment of any rate.

- 23.4 In the event of the force majeure conditions continuing or reasonably expected to continue for a period more than thirty (30) days, Owner shall have the option of terminating the contract by giving seven (7) days notice thereof to the contractor.

24. Sub letting and Assignment

The contractor shall not, without prior consent in writing of the Owner, sublet, transfer or assign the contract or any part thereof or interest therein or benefit or advantage thereof in any manner whatsoever, provided nevertheless that any such consent shall not relieve the contractor from any obligation, duty or responsibility under the contract.

25. Limitation of Liability:

Notwithstanding anything contained in the Contract, the Contractor's aggregate liability under this Contract shall be limited 100% of the Total Contract value. This shall exclude liability arising pursuant to clause 3- Compliance to Local Laws, clause 9.10, clause 14- Indemnity against IPR, clause 13- Indemnity, clause 26 – Confidentiality, liability arising due to loss of or damage to the Free Issue Material (FIM) issued by Owner to Contractor for completion of the Work and liability arising due to wilful misconduct, gross negligence, third party claims and corrupt acts attributable to the Contractor.

26. Confidentiality:

The Contractor shall use the Confidential Information of the Owner only in furtherance of this Contract and shall not transfer or otherwise disclose the Confidential Information to any third party. The Contractor shall (i) give access to such Confidential Information solely to those employees with a need to have access thereto; and (ii) take the same security precautions to protect against disclosure or unauthorized use of such Confidential Information that the party takes with its own confidential information but, in no event, shall a party apply less than a reasonable standard of care to prevent such disclosure or unauthorized use.

27. Termination:

27.1 The Contract shall be deemed to be terminated on completion of the Contract period.

27.2 Termination of default by Contractor:
Owner may terminate the contract at any time if the Contractor fails to carry out any of his obligations under this Contract. Prior to termination, the Contractor shall be advised in writing of the causes of unsatisfactory performance to be improved upon 15 days of the receipt of notice. In case, if the Contractor fails to bring about the improvement to the satisfaction of the Owner, then the Contract shall be terminated.

27.3 Without prejudice to the rights and remedies available to Owner, Owner may terminate the Contract or part thereof with immediate effect with written notice to the Contractor if:

27.3.1 The Contractor becomes bankrupt or goes into liquidation.

27.3.2 The Contractor makes a general assignment for the benefit of creditors.

27.3.3 A receiver is appointed for any substantial property owned by the Contractor.

27.3.4 The Contractor is in breach of any representation or warranty made to the Owner by the Contractor.

The Contractor shall not be entitled to any further payment under the Contract if the Contract is terminated. If the order is terminated under clause 27.2 and 27.3, the Contractor shall not be entitled to any further payment, except that, if Owner completes the Work and the costs of completion are less than the Contract Price, the Owner shall pay Contractor an amount properly allocable to services fully performed by Contractor prior to termination for which payment was not made to Contractor. In case, the cost of completion of Work exceeds the Contract Price, the additional cost incurred by Owner for such completion shall be paid by the Contractor.

27.4 Owner shall be entitled to terminate the Contract at its convenience, at any time by giving thirty (30) Days prior notice to the Contractor. Such notice of termination shall specify that termination is for Companies convenience and the date upon which such termination becomes effective. Upon receipt of such notice, the Contractor shall proceed as follows:

27.4.1 cease all further work, except for such work as may be necessary and instructed by the Owner/ Owner's representative for the purpose of preserving and protecting Work already in progress and protect

materials, facilities and equipment on the Work Site or in transit;

27.4.2 stop all further sub-contracting or purchasing activity, and terminate Sub-contracts;

27.4.3 handover all Documents, equipment, materials and spares relating to the portion of Work already executed by the Contractor or procured from other sources up to the date of termination for which the Contractor has received payment equivalent to the value thereof; and

27.4.4 handover those parts of the supplies manufactured/ work executed by the Contractor up to the date of termination.

Upon termination pursuant to clause 27.4, the Contractor shall be entitled to be paid (a) all sums properly due to the Contractor under the Contract up to the date of termination; and (b) any direct and substantiated charges already incurred or committed for cancellation of the procurement of third party goods or services which were to have been supplied by the Contractor in connection with this Contract provided that the Contractor shall use its best endeavours to minimise such charges

25.5 The Contractor shall not be released from any of his obligations or liabilities accrued under the Contract on termination. For the avoidance of doubt, the termination of the Contract in accordance with this clause shall neither relieve the Contractor of his accrued obligations for Warranty or his accrued liability to pay (liquidated) damages for Delay nor shall entitle him to reduce the value of Performance Security.

28. Consequential Damages:

Unless otherwise specified, neither Party shall be responsible for and nor shall be liable to the other Party for indirect/consequential losses and damages suffered by such Party including for loss of use, loss of profit whether such liability or claims are based upon any negligence on the part of the other Party or its employees in connection with the performance of the Contract.

29. Environment / ISO 14001 Certification:

The Contractor to confirm whether their organization is ISO 14001 certified. If not, the Contractor must certify that the handling, use and disposal of their product / by-products conform to practices consistent with sound environmental management and local statutes. The Contractor shall ensure that all the wastes are disposed in environmental friendly way with strict compliance to applicable laws including adherence to MoEF guidelines with respect to disposal of batteries, lead waste, copper cables, ash, waste oil, e-waste etc which shall be disposed through MoEF approved

parties only. The Contractor shall also be responsible to collect and recycle all the e-waste generated at the end of the product life cycle at its own costs and risks as per the MoEF guidelines/orders.

30. Non-Exclusive Agreement

This Contract is non-exclusive and Owner reserves the right to engage other contractors to perform similar or identical work. Contractor shall accord such other contractors adequate opportunity to carry out their contracts and shall accomplish the Work in co-operation with those contractors and with Owner, in accordance with such instructions as may be issued by the Owner from time to time.

31. Severability

In the event that any of the provisions, or portions or applications thereof, of this Contract are held to be unenforceable or invalid by any court or arbitration panel of competent jurisdiction, Contractor and Owner shall negotiate an equitable adjustment to the provisions of the Contract with a view towards effecting the purpose of the Contract and the validity and enforceability of the remaining provisions, or portions or applications thereof, shall not be affected thereby.

32. Housekeeping & Removal of scrap:

The Contractor shall be responsible for keeping the areas of his work at site, neat and tidy throughout the period of his work. All excess material/ spares/ consumables taken by Contractor, as well as the scrapped items and wooden logs/ crates/ planks shall be returned, from time to time, to the Stores, and transported/ unloaded by Contractor's personnel at the place shown by Order Manager/Engineer-in charge.

The Contractor shall so arrange that all the scrap generated during the progress of his work, is separated into two categories, viz.

- i) Saleable scrap like steel, copper or other metals, etc., and,
- ii) Others, which have nil or negligible resale value, like insulation material, jute, debris, etc. (or as directed by the Order Manager/Engineer-in charge).

The saleable scrap shall be shifted to and unloaded at a central place as per directions of the Stores-in charge, while the other scraps shall be shifted to other locations as per directions from Order Manager/Engineer-in Charge, or as per terms of the order.

The Contractor shall arrange to remove the scrap on regular basis, or even on daily basis, depending upon the requirement, to keep the area around his workplace neat and tidy. In case, it is observed that the

Contractor is not carrying out regular cleaning of his areas of work, or, is not returning the excess materials/ scrap, etc., to the Stores, Owner reserves the right to arrange the same through other sources, and back-charge the Contractor the cost of doing so, along-with overheads, by deducting the amount from Contractor's bills.

Contractor's final bill will be cleared by Owner only after confirming that proper clearing of his areas of work has been completed by the Contractor, and same is certified by the Order Manager/ Engineer in-charge

33. Tata Code of Conduct

The Owner abides by the Tata Code of Conduct in all its dealing with stake holders and the same shall be binding on the Owner and the Contractor for dealings under this Order/ Contract. A copy of the Tata Code of Conduct is available at our website: <http://www.tatapower.com/aboutus/code-of-conduct.aspx>. The Contractor is requested to bring any concerns regarding this to the notice of our Chief Ethics Officer on the e-mail ID: cecounsellor@tatapower.com.

34. Responsible Supply Chain Management:

The Owner is committed for a cleaner environment and respect of Human rights through its Responsible Supply Chain Management policy. The Contractor is required to comply with all the environment & Human rights related laws, including emission norms, Labour and environmental regulations. The Owner encourages its Vendors/ Contractors/ Business partners to pay more attention to green design, green supply, green production, green logistics and green packaging in performing their business obligations.

The Contractor is required to abide by the Tata Power Corporate Environment policy, Energy Conservation and Corporate Sustainability Policy.

A copy of the Responsible Supply Chain Policy along with Environment policy, Energy Conservation policy, Sustainability policy, Health & Safety policy and Human Rights policy is available at website: <http://www.tatapower.com/sustainability/policies.aspx>.

Contractor/Bidder is required to completely fill the attached "Supplier Sustainability Questionnaire" in support of their Green Supply Chain Management initiatives and submit the same with their offer.

The Owner recognizes that diversity in the workplace positively impacts business. The Owner is committed to help people from SC/ST background either by helping them to become entrepreneurs or by engaging workforce from SC/ST community under the contracts agreed herein. To encourage engaging SC/ST community, the owner may consider on the merit to incentivize the Contractor by paying additional 1% of

the service contract portion if the number of SC/ST workforce engaged in the contract exceeds 30% of the total deployed strength and 2%, if the strength goes beyond 50%. While the Contractor will assist the workforce so engaged to become self-reliant in meeting the work expectation, the Owner may also volunteer its training resources to the extent possible to improve their employability. The Contractor shall maintain the proper documentation of such category of the workforce engaged and the owner may consider to pay the incentive after its verification.

The Owner may also consider extending price preference of 5% in the bid evaluation for an order value up to Rs.50 Lacs, provided the company is owned by a person from SC/ST community having minimum 50% holding in the company.

such Material(s) regardless of when the Material(s) are shipped, received or accepted not shall any purported oral modification or revisions of the Contract by Owner or its representative(s) act as waiver of the terms hereof.

35. Vendor rating:

You are requested to ensure compliance to the terms of the individual orders with regards to timely delivery, provision of all applicable documents / challans / test certificate, quality of the material etc. Your performance with respect to the said factors will be taken into consideration for future business.

36. Vendor Feedback:

34.1 In this dealing Vendors feedback is important for the purchaser to improve its processes. If Contractor have to report any grievance, problem or require any clarification, information, Contractor is requested to contact purchaser at email ID:

CC_CUSTOMERFEEDBACK@tatapower.com

34.2 Contractor is requested to ensure compliance to the terms of the individual orders with regards to timely delivery, provision of all applicable documents / challans / test certificate, quality of the material etc. Contractor performance with respect to the said factors will be taken into consideration for future business.

37. Non-Waiver:

Failure of Owner or its representatives to insist upon adherence to any of the terms or conditions incorporated in the Contract or failure or delay to exercise any right or remedies herein or by law accruing, or failure to promptly notify the Contractor in the event of breach or the acceptance of or the payment of any Material(s) hereunder or approval of any design or Material(s) shall not release the Contractor and shall not be deemed a waiver of any right of Owner to insist upon the strict performance thereof or of any of its rights or remedies as to any

ESG FRAMEWORK FOR BUSINESS ASSOCIATES

Tata Power's Sustainability philosophy sits at the core of its Business Strategy. Tata Power Sustainability Model has an overarching objective of 'Leadership with care' with key elements of 'Care for the Environment'; 'Care for the Community'; 'Care for our Customers / Partners' and 'Care for our People'. These sustainability objectives encompass the Environmental, Social and Governance objectives driven as integrated elements.

Tata Power, together with its stakeholders is determined to achieve sustainable growth while creating shared value for all.

As a part of future ready roadmap, Tata Power has targeted following as our Environment, Social and Governance priorities:

- Being Carbon Net Zero before 2045
- Growing Clean capacity (80% by 2030)
- Customer centricity
- Becoming water neutral before 2030
- Achieving zero waste to landfill before 2030
- No net loss of biodiversity before 2030
- Positively impacting 80 million lives by 2027

In order to create a sustainable business ecosystem, Tata Power expects that all its Business Associates (BA) which includes its suppliers, vendors, consultants and service providers to align to its ESG and sustainability commitments.

Tata Power encourages improved efficiencies and scaling up of green initiatives through technology and innovation taking us farther on the journey of reducing carbon emissions and preparing the entire eco-system towards products and services that would have net positive impact on the environment and communities that we operate in.

The Vendors/ bidders wishing to associate with Tata Power are expected to share their own sustainability and ESG journey. We at Tata Power promote all Business Associates to have a sustainable procurement policy for their supplier and service providers to contribute to our integrated approach in achieving a sustainable supply chain. The BA is encouraged to carry out the assessment of their sub-contractors and sub-vendors on sustainability readiness so that they are aware of the expectation/ business requirement.

The Vendor/ Bidder shall fill-in the 'Environment, Social and Governance Compliance Screening Questionnaire for Business Associates' attached at Annexure-I and submit the same along with the Bid in Ariba online platform.

Responsible Supply Chain Management:

Tata Power is committed for a cleaner environment and respect of Human rights through its Responsible Supply Chain Management policy.

Tata Power Business Associate (BA) shall comply with all the environment & Human rights related laws, including emission norms, Labour and environmental regulations.

Tata Power encourages its BA to focus on green design, green supply, green production, green logistics and green packaging in performing their business obligations. The BA is expected to abide by the Tata Power Corporate Environment policy, Energy Conservation and Corporate Sustainability Policy (enclosed with this document as Annexure-II).

The BA is expected to:

- Strive towards Conservation of Energy, Water, Resources and optimize transportation of Men & Materials to minimize environmental impact and reduce carbon footprint.
- Carry out the assessment of materials used for construction, operation & maintenance, consumables and accordingly phase out those materials which are environmentally hazardous.
- Be cognizant that diversity in the workplace positively impacts business.
- Promote affirmative action by supporting people from SC/ ST background by engaging workforce from SC/ ST community under the contracts agreed herein.
- Share the commitment of 'No child labour', 'No forced labour', Non-discrimination on the basis of caste, colour, religion, gender, disability, maternity or pregnancy or any other factor unrelated to the requirements of the job
- Pay the wages or remuneration to the workforce, personnel deployed in compliance to all applicable laws and regulations.
- Provide its employees/ deployed labor with an employment environment that is free of physical or psychological harassment.
- Carry out the assessment of their Sub-contractors on their Sustainability Readiness so that they are aware of the above expectation/ standards
- To ensure usage of suitable package material which is more environmentally sustainable. Further the packing material shall be recycled to the extent possible. The material used for packing is expected to suit the mode of transport and to ensure its safe receipt at point of delivery.

Waste Disposal:

The BA is expected to follow best practices for disposal of waste, few of which are listed below:

- Have a detailed project plan that includes the waste management, segregation of all designated waste material (Recyclable/ Non-Recyclable), collecting, storing, disposing and transferring the same to pre-arranged facility/ destination in timely and safe manner as per environmental legislations. The project plan shall also include the innovative construction practice to eliminate or minimize waste, protect surface/ground water, control dust and other emissions to air and control noise.
- Have purchase policy to encourage the procurement of material with recycled and minimum packaging of goods during delivery and appropriate means for site-to-site transportation of materials to avoid damage and litter generation.
- Ensure that the residents living near the site are kept informed about proposed working schedule and timings/ duration of any abnormal noise full activity that is likely to happen.
- Ensure the regular maintenance and monitoring of vehicles and equipment for efficient fuel use so that emissions and noise are within acceptable limits to avoid air pollution.

Water Management:

The BA is expected to follow best practices for water management, few of which include a management and monitoring system for water withdrawals and consumption, procedures to reduce water usage or reuse/recycle water, and pretreatment of wastewater before disposal.

Compliance to Law:

The BA shall adhere to responsible business practices and comply with the provision of all the Statutory Acts Applicable. Special attention of the BA is drawn towards the compliance of provision of the following statutes: (along with the latest amendments/additions, as applicable):

- The Child Labour (Prohibition and Regulation) ACT, 1986.
- The Contract Labour (Regulation and Abolition) ACT, 1970.
- The Employee's Pension Scheme, 1995.
- The Employee's Provident Funds and miscellaneous provisions Act, 1952.
- The Employees State Insurance Act, 1948.
- The Equal Remuneration Act, 1976.
- The Industrial Disputes Act, 1947.
- The Maternity Benefit Act, 1961.
- The Minimum Wages Act, 1948.
- The Payment of Bonus Act, 1965
- The Payment of Gratuity Act, 1972.
- The Payment of Wages Act, 1936.
- The Shops & Establishment Act, 1954.
- The Workmen's Compensation Act, 1923.
- The Employer's Liability Act, 1938.
- and any other applicable statutory act

Social Accountability (SA 8000):

Tata Power expects its BAs to follow guidelines of SA 8000:2014 on the following aspects

- Child Labour
- Forced or Compulsory Labour
- Health & Safety
- Freedom of Association & Right to Collective Bargaining
- Discrimination
- Disciplinary Practices
- Working Hours
- Remuneration
- Management System

Health and Safety

The BA is expected to ensure the health and safety of his and his Sub-contractor's staff and labour. The BA shall, in collaboration with and according to the requirements of the local health authorities, ensure that medical staff, first aid facilities, sick bay and ambulance service are available at the accommodation and on the Site at all times, and that suitable arrangements are made for all necessary welfare and hygiene requirements and for the prevention of epidemics. The BA shall maintain records and make reports concerning health, safety and welfare of persons deployed, and damage to property, as the Owner's Representative may reasonably require. The BA shall be responsible for the medical treatment / hospitalization of his and his Sub-contractor's staff/ labour.

The BA shall appoint a qualified Safety officer at the Site to be responsible for maintaining the safety, and protection against accidents, of all personnel on the Site. Such Safety officer shall have the authority to issue instructions and take protective measures to prevent accidents.

The BA shall comply in toto with the Tata Power's Contractor Safety Terms & Conditions, Health Safety & Environment Manual while working on Tata Power Site/ Services/ Contracts.

Grievance Mechanism

The BA is expected to have grievance procedures that allow stakeholders to anonymously bring environmental and/or work-related violations and/or concerns to the attention of management. In addition, the BA is expected to have procedures for examining reports of environmental and/or work-related violations or concerns and/or privacy complaints.

Data Protection

The BA is expected to have a formal process to address data security or privacy issues.

ANNEXURE-I

Sr. No.	Question Description	Response (Y/N)	Remarks
Organization			
1	Does your Company have Sustainability Policy at Organization Level? If Yes, Please attach		
2	Do you have sustainable procurement policy in place for your own suppliers? If Yes, Please attach

CORPORATE SUSTAINABILITY POLICY

At Tata Power, our Sustainability Policy integrates economic progress, social responsibility and environmental concerns with the objective of improving quality of life. We believe in integrating our business values and operations to meet the expectations of our customers, employees, partners, investors, communities and public at large

- We will uphold the values of honesty, partnership and fairness in our relationship with stakeholders
- We shall provide and maintain a clean, healthy and safe working environment for employees, customers, partners and the community
- We will strive to consistently enhance our value proposition to the customers and adhere to our promised standards of service delivery
- We will respect the universal declaration of human rights, International Labour Organization's fundamental conventions on core labour standards and operate as an equal opportunities employer
- We shall encourage and support our partners to adopt responsible business policies, Business Ethics and our Code of Conduct Standards
- We will continue to serve our communities:
 - By implementing sustainable Community Development Programmes including through public/private partnerships in and around our area of operations
 - By constantly protecting ecology, maintaining and renewing bio-diversity and wherever necessary conserving and protecting wild life, particularly endangered species
 - By encouraging our employees to serve communities by volunteering and by sharing their skills and expertise
 - By striving to deploy sustainable technologies and processes in all our operations and use scarce natural resources efficiently in our facilities
 - We will also help communities that are affected by natural calamities or untoward incidence, or that are physically challenged in line with the Tata Group's efforts

The management will commit all the necessary resources required to meet the goals of Corporate Sustainability.

(Praveer Sinha)
CEO & Managing Director

Date: 15th June, 2018

Supplier Code of Conduct

Tata Power follows the Tata Code of Conduct (TCoC) and the Whistle blower Policy and expect all its Suppliers to adhere to the same principles. “**Supplier**” here means any business, company, corporation, person or other entity that provides, sells or seeks to sell, any kind of goods or services to Tata Power, including the Supplier’s employees, agents and other representatives.

Tata Code of Conduct- (TCoC): <https://www.tatapower.com/pdf/aboutus/Tata-Code-of-Conduct.pdf>

Whistle Blower Policy: <https://www.tatapower.com/pdf/aboutus/whistle-blower-policy-and-vigil-mechanism.pdf>

Anti-Bribery & Anti-Corruption Policy: <https://www.tatapower.com/pdf/aboutus/abac-policy.pdf>

The suppliers are expected to adhere to the following Do’s and Don’ts:

Do’s

1. The Suppliers shall be committed to supplying products and services of high quality that meet all applicable standards and laws, including product packaging, labelling and after-sales service obligations.
2. Comply with all applicable laws and regulations, both in letter and in spirit, in all the territories in which it operates.
3. Strive to provide a safe, healthy and clean working environment for its employees.
4. Strive for environmental sustainability, particularly with regard to the emission of greenhouse gases, consumption of water and energy and the management of waste and hazardous materials.
5. The Supplier shall represent our company (including Tata brand) only with duly authorised written permission from our company.
6. Safeguard the confidentiality on the use of intellectual property, information and data of the Company.
7. Gifts and hospitality given or received should be modest in value and appropriate as per Company Policy.
8. The assets of Tata Power shall be employed primarily and judiciously for the purpose of conducting the business for which they are duly authorised.
9. All actual or potential conflicts due to financial or any other relationship with a Tata Power employee shall be disclosed.

Don’ts

1. The Supplier shall not make unfair or misleading statements about the products and services of competitors.
2. Children shall not be employed at workplaces.
3. Forced labour shall not be used in any form.
4. The Suppliers shall neither receive nor offer or make, directly or indirectly, any illegal payments, remunerations, gifts, donations or comparable benefits that are intended, or perceived, to obtain uncompetitive favours for the conduct of its business with Tata Power.

Reporting Violations

The Supplier shall notify the Company regarding any known or suspected improper behaviour of other suppliers or employees relating to its dealings with Tata Power, by email to: cecounsellor@tatapower.com. The same can also be raised through our 3rd party ethics helpline facility:
