Copy of all communications shall be marked to (Cc): Mr. Sunil Bhatt, Email: sunilbatta@tatapower.com Mr. Prabhakar Rao, Email: urprabhakarrao@tatapower.com

The Tata Power Company Limited (“Owner”) invites Expression of Interest (EOI) from interested parties for the Two-Part e-Tendering Process of following Relevant Work Package:

Table 1

Package Name	Plant Details	Tender Fee	Bid Security
Rate Contract for Structural painting Job for 3 years	1 X67.5 MW & 3x120 MW- Jojobera 2X120 MW – Industrial Energy Limited	INR 2000/- (INR Two Thousand Only) To be submitted along with EOI.	INR 200000/- (INR Two lakh only) Bid Security to be submitted as a Bank Guarantee or through RTGS or Demand Draft at the BID stage and not with EOI.

1. INTRODUCTION:

The Tata Power Company Limited (TPC) is among the largest private sector Power Utility companies in India with presence in Generation, Transmission and Distribution of Power through conventional and renewable sources.

Jojobera Power Plant is a division of The Tata Power Company limited & Industrial Energy Limited (JV of Tata Power & Tata Steel) owns and operates 1 X67.5 MW & 3x120 MW and 1X120 MW capacity units respectively, Indian coal based thermal power generation plant based on pulverized coal-fired boiler technology. The generating plant is in Jojobera near the city of Jamshedpur in the state of Jharkhand in India. We need procurement of Side Arm Charger (SAC) Spare Parts for Coal Handling Plant for Jojobera power plant.

The tendering/ procurement activities for this Project are being managed from Tata Power's following Office:

Head Purchase,
The Tata Power Company Limited,
Jojobera Power Plant, Jamshedpur 831 016
Jharkhand, India

2. SCOPE OF WORK:

The brief scope of work shall comprise **Rate Contract for Structural painting Job for 3 years**

Detailed Technical details & BoQ for this Contract shall be provided in the Tender / RFQ document to all potential buyers submitting the valid EOI with due tender fees.

3. TENDER FEE & TIMELINES:

a) Interested parties meeting the "Bidder Pre-Qualification Requirements" specified under point no. 4 in this document can request tender document and participate in the bidding process by submitting the Expression of Interest (EOI) Letter along with the Tender Fee Payment Details to the contact details mentioned below not later than deadline specified below. Request for extension of EOI submission date will not be entertained.

b) Interested bidders should submit the Expression of Interest (EOI) letter and tender fee payment details to below mentioned email addresses:

- Mails shall be addressed to (To): usha.agrawal@tatapower.com
- Must Mark a copy to (Cc): urprabhakarao@tatapower.com & sunilbatta@tatapower.com
- EOI / requests without complete information and communication as above within deadline shall be liable to be rejected and will not be considered further.

c) Tender Fee, as indicated in the Table1 above may be paid through **NEFT** as per details for payment of Tender Fee given in Table2 below:

Table 2

Details for payment of Tender Fee:	
Bank details for submitting Tender fees through bank transfer / NEFT:	Beneficiary Name: THE TATA POWER CO LTD Name of the Bank : STATE BANK OF INDIA Branch : BISTUPUR, JAMSHEDPUR Account No: 11008730607 IFSC: SBIN0000096
Deadline for tender fee payment and submission of EOI:	20th May 2026, CoB

d) Expression of Interest letter to be submitted along with tender fee payment details should include the following details:

- A covering letter duly stamped and signed by an authorized signatory clearly indicating the Tender Reference number and your EOI to participate in the tendering process.
- Tender fee payment details / reference no (ensure that tender fee is received by us within specified deadline)
- Bidder to indicate authorized person name, contact number and e-mail id (mandatory) of the person to whom RFQ / tender and all other communications to be addressed for this tender.

e) Detailed Bid Document (also referred as RFQ) shall be issued through Tata Power e-tender portal (**Ariba System**) only to the parties submitting a valid EOI as per terms mentioned in this document.

4. BIDDER PRE-QUALIFICATION REQUIREMENTS:

Interested parties to note that Bidder shall be required to fulfill the following bidder pre-qualification requirement / criteria in order to qualify for the subject work. Bidder will be required to submit relevant

supporting documents to demonstrate their qualification during the bid submission stage against Tender document / RFQ and bidders not found meeting the pre-qualification requirements given below will be disqualified from the tender.

4.1 TECHNICAL REQUIREMENT:

Bidder must have the criteria mentioned in technical PQR which is shown below:

S. No	Particular
1	<p>1. Experience Requirement The Tenderer should have proven experience of not less than 10 years in independent execution of structural painting works (such as synthetic enamel coating, chlorinated rubber paint, high build epoxy systems, acrylic emulsion, weather coat painting, etc.) in industrial buildings, power plants, and other commercial structures.</p> <p>2. Scope & Performance Requirements The tendered services by the Tenderer should be satisfactory with respect to:</p> <ul style="list-style-type: none"> a. Delivery of quality structural painting work using specified coating systems (synthetic enamel, chlorinated rubber, high build epoxy, acrylic emulsion, weather coat, etc.) b. Proper surface preparation through mechanical cleaning, high-pressure water jetting, etc. c. Effective corrosion protection and durability of applied coating systems d. Use of appropriate application techniques including rope access, scaffolding, and manlifter operations e. Quick troubleshooting and handling of site challenges f. Efficient management of manpower, tools, and resources for the past minimum 5 years <p>3. Manpower Capability The Tenderer should have adequate capability to deploy skilled manpower such as:</p> <ul style="list-style-type: none"> a. Skilled painters for industrial coating applications b. Technicians for epoxy, enamel, and specialized coatings c. Certified operators for manlifter, scaffolding, and rope access works d. Supervisors experienced in structural painting and quality control e. Personnel capable of handling surface preparation equipment (mechanical tools, high-pressure jet machines) <ul style="list-style-type: none"> 1. Documentary evidence (copy of Work Orders / Purchase Orders / Completion Certificates of last minimum 5 years) to establish relevant past experience in structural painting works in industrial or similar facilities. 2. Performance certificates / client feedback from reputed organizations to establish that the Tenderer has successfully executed the work and is technically competent
2	<p>1. Manpower Capability The Tenderer should have adequate capability to manage skilled resources such as trained industrial painters, coating applicators, technicians for epoxy/PU/enamel systems, and supervisors experienced in structural painting works, including corrosion protection and coating inspection.</p>

2. Deployment Capability

The Tenderer should have sufficient capability to deploy experienced personnel for handling structural painting activities and associated works such as:

- Surface preparation (mechanical cleaning, grinding, wire brushing, etc.)
- High-pressure water jet cleaning
- Application of coating systems (synthetic enamel, chlorinated rubber, high build epoxy, acrylic emulsion, weather coat, etc.)
- Work execution at height using rope access, scaffolding, and manlifter
- Touch-up, recoating, and maintenance painting

3. Material & Equipment Management

The Tenderer should have adequate capability to manage required materials and equipment, including:

- a. General tools, electrical & pneumatic tools (grinders, sanders, etc.)
- b. Surface preparation equipment (wire brushes, abrasive tools, high-pressure jet machines, etc.)
- c. Painting equipment (airless spray machines, conventional spray guns, rollers, brushes, etc.)
- d. Access equipment such as scaffolding, rope access systems, and manlifters
- e. Lifting arrangements for material handling (if required)
- f. All required consumables, approved paints/coating materials, thinners, and accessories
- g. PPEs and safety gear as per site requirements

Documentary evidence to establish that the bidder has adequate capability to manage human and material resources, such as:

- Performance Certificates
- Client feedback
- Work completion records

The Tenderer must be capable of deploying required skilled resources within 10 days of intimation and ensure readiness for execution of structural painting activities.

In case of any issue in deployment, the same should be resolved within 1–2 days.

Similar timelines shall be followed for mobilization of materials, tools, and equipment to ensure uninterrupted execution of structural painting works, including surface preparation, coating application, and work at height using scaffolding, rope access, and manlifters.

Documentary evidence to establish that the bidder has adequate capability to manage human and material resources (such as Performance Certificates, client feedback, work completion records, awards/recognitions related to Structural & building painting works).

The Tenderer should have a well-established and prompt service support system to handle situations such as:

- a. Coating failure / paint peeling / blistering
- b. Corrosion issues observed during execution
- c. Damage to painted surfaces due to environmental or operational conditions
- d. Any structural surface deterioration affecting equipment or operations

Documentary evidence for a well-established and prompt service support facility, such as:

- Service records
- Client feedback
- Maintenance/complaint handling reports

1. Adherence to IS 45001 / Occupational Health & Safety Management System or equivalent safety standards.
2. Deployment of trained and certified personnel and implementation of a robust safety management plan specifically for structural painting works, including working at height, rope access, scaffolding, and manlifter operations.
3. Mandatory use of PPEs such as safety harness, helmets, non-slip safety shoes, gloves, goggles, face shields, respirators/masks (for paint fumes), etc.
4. Compliance with site safety practices including:

- a. Work at height permit system
 - b. Lifeline and anchorage system
 - c. Scaffolding safety and inspection
 - d. Barricading and signage
 - e. Fall protection measures
 - f. Safe handling and storage of paints, thinners, and chemicals
5. Adherence to THSMS / site-specific safety guidelines, including fire safety precautions during painting activities and proper ventilation arrangements.
6. Proper training and certification for operators involved in manlifter operation, rope access work, and high-pressure water jetting.
7. Implementation of emergency response procedures for incidents such as fire hazards, chemical exposure, falls from height, and confined space risks (if applicable).
- Safety policy and OHSMS certification (IS 45001 or equivalent)
 - PPE compliance records
 - Safety training and competency certificates
 - Work at height / rope access certifications
 - Scaffolding and equipment inspection records
 - Past safety performance documents (LTI records, incident reports, etc.)

4.2 FINANCIAL REQUIREMENT:

Bidder must have an Average Annual Turn Over of not less than Rs. 1 Cr during the last three financial years. (Indian Rupees One Crore) during the last three financial years i.e., FY 2022 -23, FY 2023 -24, FY 2024 -25/FY 2025-26(whichever is latest). (Attach Profit & Loss Certificate with UDIN from your Chartered Accountant in this regard)

4.3 SUPPORTING DOCUMENTS (to be submitted with Technical Bid):

a) PO Copy and Completion Certificate from the concerned client in support of successful execution of jobs against each of the three reference projects to be submitted.

Sr No	Name & Address of the Client	Client Station Details	Area of Operation	PO no and date	Contract Duration	Contract value Rs. Crores

--	--	--	--	--	--	--

- b) Audited Balance Sheet and Profit & Loss Statement for last the previous three completed financial years reckoned from the date of application. In case the audited documents are not ready / available, then certified copy by a registered practicing Chartered Accountant may be submitted.

5. BID SECURITY / EMD

Interested parties to note that Bidder will be required to furnish a Bid Security along with their Bid, in the format prescribed in Bid Document **in the form of Bank Guarantee or through RTGS or Demand Draft**, for an amount as defined in the covering page of this notice document. Bids not accompanied by an acceptable Bid Security shall be rejected by the Owner as being non-responsive and returned to the bidder without being opened.

Interested parties to note that Bid Security is not required with the EOI, and it is required to be submitted with the Bid only during Bid Submission stage, once RFQ is released to the interested parties that have submitted a valid EOI.

6. BIDDING PROCESS:

Detailed Bid Document (also referred as RFQ) shall be issued through Tata Power e-tender portal (Ariba System) only to the parties that submitted a valid EOI as per terms mentioned in this document.

Bidder to note that commercials for subject tender may be conducted through e-auction. Detailed bidding and auction process shall be detailed in the RFQ / tender document.
